REPORT ON COTTON Butlerism Repudiated by the State

Number of Bales Ginned to November 1

Report Shows 7,339,983 Bales Ginned From 1910, Compared With 7,017,849 for 1909.

(By Leased Wire to The Times.) Washington, Nov. 9.—The bureau of the census issued the following cotton ginning report at 10 o'clock this morning: The report shows 7,339,983 bales...

The number of bales ginned from the growth of 1910, to November 1, and comparative statistics to the corresponding date in 1909 by states:

Table with columns for State, 1910, and 1909. Lists states like Alabama, Arkansas, Florida, Georgia, etc.

CROP ESTIMATES.

Corn on the Farms—Weight of Wheat Per Bushel.

(By Leased Wire to The Times.) Washington, Nov. 9.—The crop reporting board of the bureau of statistics...

The present of 1909 corn crop on farms November 1, 1910 is estimated at 4.3 percent as against 3.9 percent...

The average weight per measured bushel of wheat of this year's crop is 58.5 pounds...

The average weight per measured bushel of this year's oats crop is 32.7, against 32.7 pounds in 1909...

The average weight per measured bushel of barley of this year's crop is 46.9 pounds.

ENTOMBED IN MINE.

Eighty Men Entombed, Four Killed and Four Injured.

(By Leased Wire to The Times.) Delagua, Col., Nov. 9.—Clear and cold, dawn broke today over the stricken camp of Delagua...

Under the direction of Dr. J. R. Espey is at work. Supplies are being rushed from all points and rapid progress is being made in the work of clearing the mine of bad air.

EARTHQUAKE RECORDED.

Many Simultaneous Vibrations From Opposite Directions.

(By Leased Wire to The Times.) Washington, Nov. 9.—The United States weather bureau issued the following bulletin this morning: "The seismographs at the weather bureau today recorded an earthquake of moderate intensity, but of very long duration, beginning at 1:28:46 o'clock this morning, 57th meridian time. The record is unusual from the fact that the ordinary characteristics were in no case well defined. Small tremors were perceptible on the records before the beginning of the disturbance, as noted above, and the intensity of the motion was of only moderate intensity but prolonged for nearly three hours.

"We might infer from the records that the original of this disturbance was at a very great distance from Washington. The records were very much confused and ill-defined on account of the nearly simultaneous arrival of earthquake vibrations from many opposite directions."

Plot to Assassinate Emperor.

Tokio, Nov. 9.—Twenty-six persons have been found guilty of plotting to assassinate the Emperor of Japan and the special court which tried them recommends that all be put to death. The ringleader in the plot is found to be a Japanese named Koto-kuro, whose wife also was one of the conspirators. She is the only woman involved. The court announced its finding today.

Butlerism Repudiated by the State

(Continued From Page One.)

ity and Congressman Page will receive a majority of 300.

The democratic senatorial ticket carried the county by a small majority. Last election Davidson went republican by majorities ranging from 150 to 300.

The majority of Miller republican register of deeds will not exceed two hundred and Sheriff Dunlap's majority will not be more than fifty.

Gudger Elected.

Asheville, Nov. 9.—Indications in tenth that Gudger democrat has carried over Grant republican incumbent by 600 to 800.

Gudger claims 1,200. Returns show democrats have made gains in every county in district.

With 55 precincts missing in Buncombe, Gudger's majority is about 700. Grant carried county over Crawford two years ago.

Probable that Gudger carries Haywood 700, Buncombe 425, Rutherford 400, Clay 50 and McDowell 50, Polk 75. Grant carries Henderson about 550, Cherokee 350 other counties will about offset. No doubt that Gudger is safely elected.

Yesterday afternoon report stated that republicans sweeping everything with result that democrats worked harder. Some scratching on both sides about equal. Roland manager for Grant concedes Gudger's election.

Vote in the Fifth.

Greensboro, Nov. 9.—The official figures of the fifth district, electing Steadman, democrat, to succeed Morehead, republican to congress, are Alamance, 340; Caswell, 525, Durham 700; Guilford, 1,175; Granville, 1,000; Orange 150; Person, 125; Rockingham, 65; Total 4,650, while Blain's majorities are Stokes, 525; Surry, 460; Forsyth, 290. Total 1,185.

Doughton Safe.

Salisbury, Nov. 9.—Chairman Clements estimates Doughton's majority at twelve hundred though this may be reduced. Doughton carries Rowan by 850, Cabarrus 58, Stanley 79, Iredell 1,622, Alleghany 232, Cowles carries Alexander by 170, Wilkes by 1,172.

Watauga and Ashe not heard from officially but it is estimated will give Doughton 250 to 300 majority.

Doughton's election is sure. Republican leaders here admit he is elected. Rowan elect full democratic ticket by about 800 majority.

Col. Boyden who was fought by the Independent is elected to the senate.

Faison Elected.

New Bern, Nov. 9.—A light vote was polled in the third district yesterday. Complete returns are not available to-day but everything points to the election of Dr. Faison over George Butler by more than a thousand majority which is a falling off of the majority of two years ago.

Page by 4500.

Wadesboro, Nov. 9.—Incomplete returns show that Congressman Page has defeated Parker by 4,500 majority. A light vote was polled, the republicans being the principal losers.

Godwin in the Sixth.

Dunn, Nov. 9.—Congressman Godwin has defeated Iredell Moore in the sixth district by about 4,000 majority. There was a falling off in the vote as compared with two years ago.

Pou's Big Majority.

Congressman E. W. Pou, democrat, of the fourth district has defeated R. A. P. Cooley, independent, by a majority that will exceed 5,000. The incomplete returns show that his majority of two years ago which was about 4,000, has been considerably increased this year and will probably reach 6,000.

Small Unopposed.

Washington, Nov. 9.—Congressman John H. Small has been re-elected by the first district by a vote of over seven thousand. He had no opposition.

Kitchin Re-elected.

Scotland Neck, Nov. 9.—Congressman Claude Kitchin was re-elected yesterday without opposition, his vote being over 8,000.

New State Senators.

Smithfield, Nov. 9.—This senatorial district comprising Johnson, Sampson and Harnett counties, elected two state senators yesterday by majority of from 100 to 150.

Sunset Overwhelmed.

Charlotte, Nov. 9.—Congressman E. Y. Webb defeated S. S. McNinch for congress in the ninth district by a majority of about 5,500, a gain of more than 2,000 over two years ago. Webb carried every county in the district—except one.

Chatham Democratic.

Pittsboro, Nov. 9.—The entire democratic ticket in Chatham county is elected by average majority of 900. L. T. Lane defeats J. J. Jenkins for sheriff by 408. J. G. Griffiths majority for clerk of court is about 500. There is great rejoicing in Chatham today.

Page's Majority.

Wadesboro, N. C., Nov. 9.—Complete returns from Anson county show the election of state and county democratic tickets with majority 1,336.

Page, democratic nominee for congress seventh district, has larger majority than that of two years ago.

Parker, republican candidate for congress, ran ahead of his ticket but failed to reach the vote of Walker in 1908.

Returns from the seventh district indicate Page elected by 3,590 majority.

Alamance All Right.

Burlington, N. C., Nov. 9.—The complete returns from Alamance show Steadman's majority to be 312, while in 1908 Morehead's majority was 38. Long, for the house, 291 majority, while Pickett, republican, received a majority two years ago of 60. All county officers and commissioners are democratic by majorities averaging 300.

New York Stocks.

(By Charles W. Storm.)

New York, Nov. 9.—Contrary to expectations the sweeping victory of the democratic party in the state election had little effect on the Wall street market. The trading during the early stages was irregular and the small fractional gains scored in a few of the leading stocks were wiped out during the first hour.

Southern Pacific was the weakest feature on the market and Southern Railway the strongest. Weakness of the former stock was due to the victory of the republican party in California, that stock during the early trading was quoting 119 1/2 but in twenty minutes fell back to 119.

In expectation of an increased dividend Southern Railway opened strong with a gain of one point.

Steel common opened higher and within 20 minutes moved up 3/4 more. Later, however, this stock suffered a slump and the gains were wiped out. Reading opened 1/2 higher but later lost this gain.

Renewed strength and activity appeared on the curb market during the early trading with a slight gain in prices.

American were strong on the London exchange as a result of the election.

Steel common was the target for a bear attack in the afternoon. It was forced from 81 1/2 down to 79 5/8. A number of other issues including St. Paul and Union Pacific also were hammered down, while most of the active list sold off 2 points under Monday's closing figure.

New York Cotton Letter.

(By W. R. Hibbs & Co.)

New York, Nov. 9.—The publication of the census bureau's ginning report showing 7,339,983 commercial bales of the crop ginned to November 1 was announced just before the market's opening. While this about met the trades expectations and confirmed the private report of the National Ginner's Association of last week, it was nevertheless over 100,000 bales more than had been expected by some of the bulls.

On this showing and also because of the ginning of the crop, in some of the states is near to the total amount of the crop allowed for them in recent crop estimates of near 11,000,000 bales as announced by some of the bull leaders, a sharp selling movement developed before the market could get under way in response to the rise of 18 English points on spots and 11 on futures at Liverpool over our holiday yesterday when Neill Brothers of London, reporting on the crop largely in the interests of the European trade, put out their estimates for only 11,600,000 bales.

An advance here of 5 to 7 points in the initial trading, carried December up to 14.73, January 14.68, March 14.86, and May to 14.95 but the selling movement was so heavy that bull support was with Liverpool breaking in sympathy, prices slumped to a level of 15 to 22 under Monday's closing before there was sufficient fresh buying and enforced bull support to check decline.

In later trading the market showed much better class of buying and the undertone was steadier at a rally of about 10 points from the lowest.

Speculation continues so active and fluctuations so irregular and over so wide a range as to make it a continued attractive field for scalping operations. We think these conditions will prevail during the balance of the month as the size of the crop will continue a much mooted question until ginning reports to the end of November are in.

New York Cotton.

New York, Nov. 9.—Skepticism toward the ginning figures caused the cotton market to open this morning with prices from 2 points lower to 3 points higher, despite strong cables. Brokers were disposed to consider the ginning report too radical. After the call trading became fitful and the list declined.

Opening: November, 14.63 to 14.65; December, 14.65 bid; January, 14.74 to 14.55; March, 14.78 to 14.85; May, 14.90 to 14.91; July, 14.86 to 14.87.

Chicago Grain.

(By Leased Wire to The Times.) Chicago, Nov. 9.—Opening trades in wheat showed some losses on all futures. Lower cables had a disquieting effect on all the trade and there was a general rush to unload wheat purchased on the recent break. Shorts were the principal buyers to secure profits. Liverpool came 1/2 to 3/4 lower.

\*Corn was depressed at the outset by weakness in wheat and there was more or less selling by discouraged holders. Demand was scattered. Oats were off 1/2 in sympathy with corn.

Provisions opened irregular. Pork and ribs showed good gains but lard acted heavy in sympathy with hogs.

Opening—Wheat—Dec. 88 1/2; May 85. Corn—Dec. 46 1/2; May 48 1/2. Oats—Dec. 31 1/2; May 34 1/2. Pork—Jan. 17.50. Lard—Jan. 10.37; Nov. 11.42. Chicago grain quotations ranged as follows:
