

BLIND TIGER CAUGHT

Skipped Bond But Was Caught Again

Went to Baltimore to Escape Trial but Bondsmen Brought Him Back—Big Cotton Market.

(Special to The Times.)
 Scotland Neck, N. C., Nov. 15—William Taylor, colored, was charged some months ago with operating a blind tiger and was arrested and placed under a bond for his appearance at court. As the time for court to convene drew nigh, William decided that perhaps it would be the wise thing for him to skidde. Consequently, when court convened William was absent. Nothing was heard of him until a few days ago, when it was learned that he was in Baltimore. The bondsmen of the said William learning of his whereabouts, proceeded to have him arrested and Mr. J. D. Stewart went to Baltimore after him, returning Saturday night. William was placed in the town lock-up, where he has remained since in the hope that his bondsmen would not send him to jail, but thus far they have not become his bondsmen the second time, and it is probable that they will not.

This correspondent heard one of the biggest merchants in Scotland Neck say that there would be more cotton shipped from this point this year than in any year during the last decade. This lead him to say that from his own knowledge the farmers in this community were in better shape now than they had been in ten years. With a big cotton crop and a fair yield of peanuts, together with the high price of farm produce, he stated that there was nothing to prevent every line of business from being exceedingly prosperous.

Now that the election is over and our people are happy over the results and the prevailing good times, more interest being aroused in good roads, we have heard it suggested that the people come together and contribute the necessary funds to build a good road from Scotland Neck to the river—either a sand clay road, or better still, macadam. This would be an ideal project, as some of the biggest farms in the country are along the route of the proposed road, and besides, there being some of the largest land-owners on this route, it would not be a hard matter to raise the necessary money to construct the road. The distance is only about six or seven miles, and, as it has been suggested, the cost would be only about fifty or seventy-five dollars per mile, it would, therefore, not be necessary to raise more than a thousand dollars to make this most excellent piece of road, besides being of untold value to those who own the property along the route. This would also be an impetus to widening the work and would lead to making all roads leading to Scotland Neck good roads. Let's build the macadam road to Roanoke river.

DEMOCRATS IN NASH.

About 1,000 Majority For That County—One Township Vies With Providence.

(Special to The Times.)
 Nashville, Nov. 15—The election and all the excitement that attended that important event are over with, and Nash county people are busy about other things. It is not too late to say that Nash county is stronger democratic than it has been in years. The lowest man on the ticket was elected by a majority of 928. It has been a glorious, good year for the party in Nash—the party that has given good economical government to the county.

This correspondent is a former Mecklenburg man, and he thinks Mecklenburg a mighty fine place, and Providence in that county second only to Stump town in Huntersville township, Mecklenburg, but he is unwilling for Providence to carry all the glory, when some is due Nash. The Charlotte Observer states that out of 62 registered voters in Providence precinct 251 were democratic, and the other fellow was a democrat, but too sick to come to

DOCTOR'S PRESCRIPTION FAILED—THE GREAT KIDNEY REMEDY PROVES ITS MERIT.

It gives me great pleasure to say a good word for Dr. Kilmer's Swamp-Root because it has cured me of a severe case of Kidney Trouble. I had suffered for some five years with this trouble, and more especially for the first three months of 1909.

Physicians prescribed for me, but without much success, and any relief obtained was only temporary. I had severe pains in my back and at no time was I free of pain. When I stooped down it was with some difficulty that I could straighten my body again. I could not lift any weight of consequence without great pain. I would be compelled to arise and give the bladder relief. A friend of mine advised me to take Swamp-Root, whereupon I wrote to Dr. Kilmer for a sample bottle which so benefited me that I was led to believe it would be a great help to me. Accordingly I purchased two bottles of Swamp-Root from Mr. A. P. Perry, my druggist, and the effect has been truly marvelous.

I feel like a new man and have every reason to believe that I am cured, and that no other medicine could have accomplished so much. Now I can raise a heavy load, can bend my back over my desk all day, and feel none the worse for it. In view of the foregoing facts, I sincerely trust that this testimonial may reach some of those who are suffering after the manner before described and that it may convince them that the merit of this great medicine should be given a fair trial in their case.

Very truly yours,

the election. Well, in South Whitaker's township, which includes one-half of the city of Battleboro, where live Dr. H. B. Marriott and Mr. W. P. Davis, sterling democrats, there are 103 registered voters, and 94 were cast for the democratic candidates. The republican candidates for commissioner—a republican candidate for congress and a Nash county man, too, didn't get a single vote. Two candidates on the county ticket of the opposition got two votes each, and the republican state ticket didn't get a vote. It is true that two fellows voted a little irregular for two men, but it must be remembered that Providence is altogether the wide open country and South Whitakers, in Nash, included both rural and urban voters. County Chairman L. T. Vaughn, who waged a good fight, thinks that South Whitakers ought to be considered when the banner is awarded, and this correspondent agrees with him. There were only 62 fellows at Providence, and in the county, where all the folks are expected to be good. It is like the little boy who stood at the head of the class, and it was learned that he was the only fellow in the class. Those Providence folks have been democrats all along, and then Red Buck has moved to Montana to help run a republican paper.

At a recent meeting of the board of county commissioners special tax elections for schools were ordered in three districts, Edwards, Mannings, High Cross Roads, Bailey, and Oak Level, Stoney Creek township. The elections will be held Saturday, Dec. 17. The advocates for good schools feel that the tax will be voted in all the districts. In the three districts there are more than 400 white children. There are now 22 local tax districts in the county, and the elections Dec. 17 are only the first in the campaign this year for better schools. Nash county is willing to be second to no county in the state for better schools. Democrats, republicans, independents, and stay at home, are all in favor of education and Nash will be heard from during this year.

Fackler, a widow of a millionaire machinery manufacturer of New York who proposes to start a movement among the women of the country to stop exhibitions of wild animals and birds and to eliminate zoological parks. Last winter Mrs. Fackler conducted a campaign along the Jersey coast for better treatment of horses, offering prizes to drivers who were the most kind. She says that zoological parks stamp us as a people who need a little more civilizing, and that they are a blot on our splendid civilization.

FARMERS' UNION.

California Division in Session in Los Angeles.

(By Leased Wire to The Times.)
 San Jose, Cal., Nov. 15—The second annual convention of the California division of the Farmers' Educational and Cooperative Union of American convened in this city this morning and will remain in session for three days.

Two of the important features of the convention will be the address by National President Charles S. Barrett and Senator T. G. Brooks, of Tennessee. These men will speak on the development of the organization throughout the country and plans for the furthering of the interests of the American farmer.

It is the purpose of the Farmers' Association to protect their interests and see that prices are not manipulated by those having no interest in the raising of fruits.

Both Speedy and Effective.

This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation."—King-Crowell Drug Company.

MOTHER INJURED.

Both Legs Broken—Gave Birth to Child Shortly After.

(By Leased Wire to The Times.)
 New York, Nov. 15—Ten minutes after reaching St. Catherine's Hospital in Brooklyn, suffering with two broken legs she had received jumping from the third story of her home, while it was on fire today, Mrs. Itay Schuttermann, of 204 Moore street, gave birth to a baby boy. The child is a healthy youngster but the mother will probably die.

Four fires, all of supposed incendiary origin, kept the police of Brooklyn busy early today. Six persons were injured and at one of the fires Policeman Waldeck, of the Stagg street station, became so excited he lost the power of speech. He is in St. Catherine's Hospital.

SEE HOW QUICKLY POSLAM ACTS.

Bare Power to Heal Affected Skin Explains Success of New Skin Remedy.

"No one is asked to purchase poslam without first obtaining a sample package, which will be sent by mail, free of charge, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City."

Even this free sample, when used to quickly clear the complexion or spread on the face, hands or limbs to cure pimples, rashes, eruptions, or to cover a small eczema surface, will prove poslam's real and unusual merit. Its users have found that poslam not only fulfills but exceeds the claims made for it. Take any case of eczema, acne, itch, salt rheum, piles, scalp scale, etc., however stubborn, and poslam will stop any itching as soon as applied, healing the skin rapidly and readily. ("All other treatments for skin troubles on man or animals made into nothingness compared with poslam," says Mr. M. T. Grattan, Preston, Minn.)

Write direct to the Laboratories for the sample, but the trial packages of poslam at 50 cents and the jars at \$2 may be purchased at all druggists, particularly King-Crowell Drug Co.

DISAPPEARED FROM VESSEL.
 Boston Man Enroute Home From Savannah Lost.

(By Leased Wire to The Times)
 New York, Nov. 15—J. W. Mason, formerly a manager of hotels in Boston, was reported missing from the steamer City of Columbus when it arrived here today from Savannah. Mason had been on a pleasure trip to Savannah to attend the automobile races. He boarded the vessel last Saturday night and was seen at breakfast and lunch on Sunday. Sunday evening he asked to have his dinner sent to his stateroom. When the steward got there Mason had disappeared and has not been seen since.

Spent Four Cents on Campaign.
 (By Leased Wire to The Times)
 North Attleboro, Mass., Nov. 15—Selectman John Devlin, a democrat, who was beaten by 73 votes for representative, expended just four cents to make his wonderful run in a republican district. The money was expended in sending out two political letters. He filed his account today.
