(By Leased Wire to The Times.)

The petition charges an unlawful combination and conspiracy in dominating and fixing the selling price of raw sugars effect by 49 defendants, corporations and individuals in New York, New Jersey, Maine, Connecticut, Pennsylvania, Louisiana, Missouri and California.

The petition describes the manner in which the trust acquired smaller concerns and how by selling sugars for less than cost the company was able to force factories to close down, driving competitors into selling their interests to the trust.

Among the defendants named in the proceedings are: the Franklin Sugar Refining Company; the Spretels Sugar Refining Company; Western Sugar Refining Company; California Sugar Refining Company; George H. PLEADS NOT GUILTY

Trial of Joseph Wendling Begins

Frenchman Charged With Murder of Alma Kellner Pleads Not Guilty—Much Interest in the Trial.

(By Leased Wire to The Times.)
Louisville, Ky., Nov. 28.—Joseph Wendling, charged with the murder of little 8-year-old Alma Kellner, whose sensational death last winter led to a wild search across the continent for her slayer pleaded not guilty in criminal court today when his trial started. There have been for murder trials in Louisville that excited the intense interest, which was felt in this case today. Extra precautions were taken to guard Wendling for feeling is still high against him.

The prisoner, who is a Frenchman, did not betray fear today when led into the court room. On the contrary he appeared to relish the continued notoriety and stared about him at the crowds which banked the spectators seats.

The mysterious disappearance of Alma Kellner and the subsequent finding of the body in a pool of water in the cellar of a school house attracted attention far and near.

On the morning of December 8, last, Alma left the home of her parents, Mr. and Mrs. Fred Kellner, in East Broadway, to attend mass in St. John's church. When she did not return search was started for her. The hunt was continued for weeks while Wendling, the little girl offered a reward and private detectives were hired.

On May 3, the body was discovered in the cellar of a school house. Suspicion pointed to Wendling, the janitor of the building, who disappeared about the same time as Alma. Police all over the world were notified to watch for Wendling and his picture was sent everywhere.

Wendling was finally traced to Texas where he fell in love with a woman in Hume, Mo., who was visiting in San Antonio. He was almost captured there but escaped into Louisiana and was finally trailed to San Francisco where he was arrested late in July.

His identity was discovered through letters to the Missouri woman.

Wendling protested his innocence all along. He is 27 years old and claims to have been a soldier in the French army.

A. & M. WILL CELEBRATE

Monster Celebration Tonight Over Victory At Norfolk

Serpentine Dance by College Students Led by Torchlight Procession and Band—Visits Will be Made to Meredith and Peace and Other Places—Speeches by Prominent Men.

A monster celebration is on for tonight, when the A. & M. cadets will celebrate their victory in the annual game with V. P. I. in Norfolk Thanksgiving Day. It is quite an honor to win over such a team as V. P. I., as it is recognized as one of the strongest eleven in the south. Its a contender for southern championship honors and the well-earned victory of A. & M. over them by the score of 5 to 3 is a glorious one. College enthusiasm is running high and tonight Mayor Wynne and Chief Stell are going to turn the city over to them. To say they will take the city by storm is a very mild way of putting it.

Raleigh is happy over the great victory and their appreciation will be shown the cadets tonight for bringing the honors home.

This afternoon at 6:30 a big meeting will be held out at the college in Pullen Hall. This will be a college affair, but several addresses will be delivered at this meeting. Then the march to the city will begin. The parade will be formed, headed by the college band, followed by the varsity and second teams in floats, which will be decorated in red and white. Following pigtail behind the floats will be the entire student body, formed by classes. Automobiles will bear the members of the faculty. This means a "big night tonight." Raleigh will have all the noise wanted at one time, but the citizens do not mind seeing the boys celebrate such a victory.

The program will be as follows: 7:40 P. M.: At News and Observer office. 8:00 P. M.: At City Hall. At this time the cadets will give a serpentine dance on Fayetteville street. 8:40 P. WON MANY PREMIUMS

North Carolina Successfully Competed With Whole Union

Over One Thousand Dollars in Prizes Won by the State at the National Horticultural Congress at Council Bluffs, Ia.—Won Two Sweepstakes—Handsome Cups Now on Exhibition.

In competition with the entire United States at the National Horticultural Congress which has just closed at Council Bluffs, Ia., North Carolina captured more prizes than any two states, and brought home trophies valued at more than \$1,000. The exhibit was a revelation and will result in inestimable good to the entire state.

Prof. W. N. Hutt, state horticulturist, and Mr. S. B. Shaw, assistant, were busy this morning unloading the trophies, which are now on display in the agricultural building.

The Grand sweepstake cup, carrying with it the purple championship ribbon, and for which every state worked so hard to win, was captured by North Carolina. This cup is of silver lined with gold and of massive design. It stands on a silver base and its height is twenty-six inches. Engraved on it are the words "National Horticultural Congress, Council Bluffs, Iowa, 1910. Awarded to North Carolina Department of Agriculture. W. N. Hutt, state horticulturist. S. B. Shaw, assistant horticulturist." The cup is valued at \$200 and was the grand sweepstake prize.

Another beautiful cup was the gulf state special for the best display of apples, which was won by this state. It is of silver, gold lined and stands on a mahogany base. The cup with base measures more than two feet in height.

Another valuable trophy was the sweepstake cup and purple championship ribbon for the best collection of nuts.

For the second time the silver cup for best peanut exhibit was won by North Carolina.

Another silver cup was won as the first prize for the English walnut exhibit. This is something new for the state and it will surprise many to know that North Carolina excels the union in this line.

The gulf and eastern states special for vegetables trophy was also captured by North Carolina in competition with the great vegetable-growing states of those sections.

The state won two purple championship ribbons, 48 first prizes, 11 seconds, 6 thirds and 21 gold medals. The trophies were valued at \$650, merchandise premiums at \$300 and the cash prizes made the total at more than \$1,000.

The intrinsic worth of these prizes is a small part of the results of this exhibition. It has shown the world that we stand second to no state in growing apples, vegetables, peanuts, English walnuts, etc., and will doubtless cause hundreds of farmers to come to the state that stands at the head of the column.

Every North Carolinian should see these handsome trophies, for they will inspire you with a new love for the state that can go out and compete successfully with every state in the union and win more prizes than any two states.

Prof. Hutt and Mr. Shaw are to be congratulated upon the success, for while the state produced the prize-winners, it was largely through the efforts of these gentlemen that our people were brought to realize the great possibilities along these lines. It was due to their knowledge that the excellent selections for the exhibit were gathered and effectively arranged.

PARLIAMENT IS DISSOLVED BY THE KING

Deadlock Over Veto Causes An Appeal to the People By English Parliament

FOR NEW ELECTIONS

Campaign Already Started for the General Elections—King George in Dissolving the Parliament Expressed Regret at the Failure to Agree—Thanked Parliament for Work It Had Done in the Brief Session—Date for New Parliament Probably January 17.

(By Cable to The Times.)
London, Nov. 28.—Parliament was dissolved by King George today after a speech before the assembled members of the house of commons and house of peers. The session which was brought to a close was convened after a fortnight ago but it was known before hand that all legislation upon the veto and other important questions affecting the upper house was deadlocked.

The campaign has already started for the general elections. Premier Asquith's cabinet was in executive session when parliament was dissolved, discussing the date of the elections, which, as yet, has not been officially announced.

There was only a small attendance in the house of commons when it convened and Home Secretary Winston Churchill was the only minister present. Warned by his narrow escapes from injury last week at the hands of the suffragettes, the home secretary was guarded by the police all the way from his home to parliament building.

Immediately after commons was called to order the members marched in a body to the upper house to hear King George's speech.

The king, attired in royal regalia and occupying the royal chair, arose after the entrance of the commons and entered upon his topic in a spirited manner.

He referred first to the death of his father, King Edward, saying that England had lost a good friend and a wise ruler. Before getting down to the main question—the English political situation, he spoke generally.

"It has given me great pleasure," said he, "to see that the Atlantic fisheries questions between Great Britain and the United States has finally been settled by The Hague tribunal in a manner satisfactory to all. I hope this is permanently settled, as I believe it is."

Passing to the topic of principal interest, he said:

"I regretted exceedingly the failure of the conferences which had been arranged to solve the differences existing between the house of peers and commons. I had hoped that the wise counsels of the conferees would evolve a satisfactory settlement."

The king then thanked parliament for the work it had done in the brief period of its present session and concluded.

At the end of the king's speech the members of the lower house crowded forward, shaking hands with Speaker Lowther. Then they left the room.

Before the deliberations broke up King George signed the proclamation of dissolution for the present parliament. After the meeting it was reported that January 17 had been practically decided upon for the convening of the new parliament.

Privy Council Meets.
London, Nov. 28.—The privy council of the empire was convened in Buckingham Palace today with King George present during the deliberations. This meeting was called prior to the dissolution of parliament to discuss weighty political matters and it is believed, to definitely decide upon the date of the general elections.

New Parliament January 31.
London, Nov. 28.—A royal proclamation was issued this afternoon summoning the new parliament to convene on January 31, 1911.
