## Whack at Railroads.

Judge Ewart also offered a bill which is intended to make railroads live up to their implied agreement with the state in regard to passenger rates. His bill would require all roads that refuse to accept mileage on its trains to reduce its fares to 2 cents per mile.

In accordance with a joint resolution offered by Mr. Doughton and adopted, both houses met in joint session in the house at noon for the purpose of going through the formality of canvassing the vote cast for state officers at the last election. Speaker Doughton presided over the joint assembly and when Senate

NICOLL ARGUES FOR THE TOBACCO TRUST

(By Leased Wire to The Times.) Washington, Jan. 10-Claiming that the American Tobacco Company is not combination in restraint of trade that it has not absorbed competing companies, and that the price of tobacco to the producer has steadly advanced since the organization of the company. Delancey Nicoll, of New York, one of the dozen attorneys for the tobacco trust, combined his argument before the United States supreme court today.

The array of attorneys and the close attention paid to the arguments by the court and spectators indicated the importance of the legal battle now on before the court of last resort, whose decision may mean the dissolution of the American Tobacco Company, and more than a score of subsidiary corporations.
