USUAL LONG ROUTINE

Bill For State Highway Department and Bill Making University Appropriations Introduced in the Senate by Boyden of Rowan-University Bill Appropriates \$100,000 Annually For Two Years, and \$75,000 For Permanent Improvements. Montgomery Gets in Line With Randolph on the 'Possum Question.

In the senate today Senator Boyden of Rowan introduced a bill ereating the state highway department, consisting of a state highway commission and a state highway engineer to co-operate with counties and townships in permanent public road improvement, the work to be done under the direction of the engineer. The bill provides that the state is to pay one-fourth of the cost of such road improvement, money for the purpose being raised by the levy of a special tax of one-fourth of one mill on every dollar's worth of taxable property and to be known as the state highway fund. The county in which the improvement is made is to pay three-fourths of the cost. The bill was referred to the committee on public roads and a special meeting will be held Monday afternoon at 2:30 o'clock to consider it.

Another bill introduced by Senator Boyden asks for an annual appros priation of \$100,000 for the maintenance of the State University and \$75. 000 annually for two years for repairs and permanent improvements at the University.

The senate received a large num ber of bills from the house for concurrence and quite a large number passed third reading and were ordered enrolled for ratification.

The session of the senate lasted a over an hour, adjournment

After droning through two hours of routine with the end still hardly in sight, Gen. Julian S. Carr, of Durhaw, today arose to recall the members to their duty of reverence to the memory of the great Confederate chieftian, Gen. Robert E. Lee, and moved to adjourn in honor of the day. Even then there were members wao had further matters they desired to press, but he would brook no interruption of his motion, and after
