Beef Trusts Sells its Products Cheap- only increase the probability of a er in London Than it Does at Home -More Graft-Taft Strong With Special Privilege Servers-Old Age Pension.

(By CLYDE H. TAVENNER.)

tion imperative:

United States is controlled largely by a trust.

2. The firms in the trust, as well as such alleged independent concerns as Schwartzchild & Sulzberger, have been making profits of from 20 to 45 per cent on their preferred stock for the last several years, while advancing prices every so often by agreement.

4. The trust is paying the trans- money.

portation charges on American beef to London, and there selling it for two cents less a pound than in the United States.

5. The beef trust does not reguprices, frequently raising the price of beef to the consumer while paying less to the farmer.

The department of justice has long taken the position that the beef trust granted that President Taft will be is in existence in violation of the re-nominated for the presidency in law, yet it has either not desired to 1912. President Taft is running dissolve the trust or has been incom- strong with special privilege servers petent to do it. Tais failure to get like Aldrich, Stephenson, Guggenrelief for the consumers would indi- heim, Cannon and Dalzell.
