

TODAY'S MARKETS BY WIRE.

Stocks, Cotton, Grain and Provisions.

New York Stock Market.

(By Charles W. Storm.) New York, Jan. 28.—Although the stock market ruled active and strong today prices of most stocks were irregular, gains, which were confined to fractions, being about equally divided. The railroad stocks were practically unchanged from last night's close with the exception of Union Pacific which dropped 1/8 in the first half hour. Reading, Lehigh and New York Central were inactive and unchanged. Canadian Pacific moved up to 210, a gain of 3/8 overnight. Steel was weak, falling 1/8 in the early trading. Part of this loss was recovered later, however. Bethlehem Steel continued strong, the common moving up fractionally. The copper stocks were extremely dull, Amalgamated declining about 1/2 from its closing yesterday. Utah and Smelting also declined fractionally. Americans closed heavy in London, losses of from 1/8 to 1/2 being scored throughout the list. Extreme dullness prevailed in the copper stocks. Trading on the New York curb was moderately active with prices irregular. Dullness which prevailed throughout the entire market, under the influence of the copper stocks gave way to a sport of activity during the last few minutes, with the result that at the close of trading, prices of most stocks moved up slightly.

New York Cotton Letter.

(By W. B. Hibbs & Company.) New York, Jan. 28.—Today's market was quiet and devoid of any new features of importance. Fluctuations were confined within 2 to 4 points from yesterday. This was the maximum improvement on an attempt to bull the market at the opening. There was however no outside business and later this small advance was lost in moderate re-selling. Conditions remain about the same as outlined in our previous letters. There is nothing in the present situation and outlook to cause active trading either way at the moment. The spot situation in the south continues too strong but the demand for actual cotton from trade interests still too good even at present prices for the inauguration of a bear campaign. On the other hand there is little encouragement for aggressive bullishness under existing conditions. It is therefore a waiting market. Pending developments, calculated to induce activity for a wider range of fluctuations, nothing better than irregular comparatively narrow traders market can be reasonably expected. Purchasers of May and July on further declines from the present level should only be advised in the meantime on further recessions and then only with the view of selling out promptly on any rally.

(Reported by C. E. Johnson & Son.) Good middling, 14 15-16. Strict middling, 14 13-16. Middling, 14 5-8. Tinges, 13 3-4 to 14 1-2. Receipts today, 120 bales.

Chicago Grain.

(By Leased Wire to The Times.) Chicago, Jan. 28.—The comparatively steady tone in Liverpool and the lack of moisture in Kansas caused a little higher market in wheat at the opening today with prices 1/4 to 1/2 higher. The market however, reacted a little on scattered selling. There was not much pressure. Liverpool closed 1/4 to 1/2 lower against the decline here yesterday. Broomhall's cable fails to explain the comparative tone in the Liverpool market, except on the ground of short profit-taking. Argentine, Russian and Australian offers continue free. Corn opened a shade easier on the better weather, but local traders unloaded, filling up the resting orders for May at 50. Orders at 1/2 lower however, are much more numerous and are yet unfilled. The oats market was slow but first, casting a shade in the first few minutes. The trade was very small, with commission houses on both sides of the market. Trade in provisions was light with the market firmer under lighter offerings and the higher bids at the yards. There was some bidding by Cudahy. Chicago grain quotations ranged as follows:

NEW BOWLING LEADERS.

Wisconsin Robbed Ohio by Putting Oscar Lang in First Place. (By Leased Wire to The Times.) St. Louis, Mo., Jan. 28.—New leaders in both the singles and doubles are holding down the laurels in the American Bowling Congress Tournament today. Wisconsin has robbed Ohio in the individual lead by installing Oscar Lang, of Watertown, in first place, with a score of 656, five pins ahead of Charles Schneider, of Dayton. Jimmy Smith and Eddie Gebhard, of Buffalo, in the doubles, took the lead over Riehl and Gardell, of Cincinnati, rolling a score of 1,224. Smith made 673 as his individual contributions. Smith has made high marks in the five and the singles. R. H. Bryson, of Indianapolis, has been elected president of the congress, and A. L. Langtry, of Milwaukee, secretary. The other officers elected were: F. W. Gosewisch, St. Paul, first vice president; M. A. Phillips, St. Louis, second vice president; Louis Wehner, Dayton, O., third vice president; F. L. Padeloup, Chicago, treasurer.

THE NELSON BILL.

For Leasing Coal Lands in Alaska Favorably Reported. (By Leased Wire to The Times.) Washington, Jan. 28.—The senate committee on public lands today authorized a favorable report on the Nelson bill providing for leasing of coal lands in Alaska. The measure stipulates that any citizen of the United States may obtain from the secretary of the interior a license to prospect upon 256 acres of coal land, for a period not exceeding two years, at a fee of 25 cents an acre for the first year and 50 cents the second year. Within that time he may obtain a lease to mine coal on a royalty of five cents a ton. If the lease is executed within 10 years of the passage of the act, after that the royalty is graduated from 6 to 10 cents a ton. The lessor must also pay a rental to the government of 50 cents an acre for the first year, \$1 for the second, \$2 for the third, and \$4 for subsequent years. The interstate commerce commission is empowered to fix the price of coal mined on the leases and the rate of transportation.

SEARCH FOR WHEELING.

Battleship Delaware Will be Dispatched to Look for Missing Vessel. (By Leased Wire to The Times.) Norfolk, Va., Jan. 28.—That the battleship Delaware will be dispatched to search for the missing United States gunboat Wheeling, now due at Guantanamo, Cuba, was a report which became current in navy circles today. Although the Wheeling's course never should have been out of range of wireless communication since her departure from New York last Sunday, efforts of wireless operators along the coast from Newport to Key West and also those in Cuba to get in communication with the vessel have been futile. Although the navy yard here has not been officially apprised of an accident to the Wheeling the belief is growing that something has happened to the ship. She carried a complement of 144 men.

Memphis Man a Suicide.

(By Leased Wire to The Times.) New York, Jan. 28.—Jefferson D. Levy, of Memphis, Tenn., died at the New York Hospital today from what the police say is a self-inflicted bullet wound. His reported attempt at suicide took place in his room at the Hotel Navarre yesterday afternoon. He had come here to buy goods for the firm of B. Lowenstein Brothers, of Memphis, of which he was a member.

Went To Prison Without Guard.

(By Leased Wire to The Times.) Atlanta, Ga., Jan. 28.—Without a guard and by himself, W. S. Harlan, nephew of Associate Justice Harlan, of the supreme court of the United States, presented himself at the federal prison here today to enter into his sentence after being convicted of peonage at Pensacola, Fla.

Wireless On Airship.

(By Cable to The Times.) Aldershot, Eng., Jan. 28.—The military airship Beta while in flight today maintained wireless communication with headquarters at a distance of twenty miles. This is the first time this feat has been accomplished.

Lost His "Sobriquet."

San Francisco, Cal., Jan. 28.—"One Round" Hogan lacks his sobriquet tonight as a result of his defeat last night at the hands of Frankie Burns. Hogan lost on a foul in the twelfth round.
