

POLICE COURT.

The matinee this morning was a perfect "colored minstrel," every single defendant being a member of the "emancipation" race. Drunk, disorderly and larceny read the several charges on the police blotter and in their own peculiar style, the negroes told their tales of woe before the recorder's desk but it failed of purpose, and all were found guilty except one, that the state's witness placed the whole blame on the "uncaught" damsel, causing that particular case to be dismissed.

Years of Suffering

Catarah and Blood Disease - Doctors Failed to Cure.

Miss Mabel F. Dawkins, 1214 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with catarah and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. I took two bottles of this medicine and was as well and strong as ever. I feel like a different person and recommend Hood's to any one suffering from catarah."

One near-beer joint alone has received and sold 379 barrels of whiskey within a very short period of time, and other "joints" were doing a like business. The trouble in Wilmington is a very loose enforcement of law. Mayor McTear is alive to conditions, but makes no effort whatever to stop it, and even wants the bill passed. The condition of affairs down there are extremely bad and the better class of Wilmington's citizens are simply tired out and greatly desire to be freed of the whiskey traffic.
