Entered at the postoffice at Raleigh, N. C., as second class matter.

Senator Brown, of Columbus, talked out in meeting yesterday. The senator's remarks may not be pleasing but they needed to be made.

Captain Baldwin, arctic explorer, says Cook discovered the North Pole. The Charlotte News and the Greensboro News said the same thing a long time ago, and blamed it we don't hope their faith will be rewarded at last.

Fame takes a tumble again. The Charlotte News spoke of "Lewis T. Moore, weather chief," etc. The News is at least due the Wilmington newspaper man an apology for the way it spells Louis.

We can see the esteemed Manufacturers' Record getting red-headed over the preparations for the great meeting of the Southern Commercial Congress at Atlanta, March 8-10. That it is going to be a big meeting and an important meeting is evident.

Foley Kidney Pills are a reliable remedy for backache, rheumatism and urinary irregularities. They are tonic in action, quick in results and afford a prompt relief from all kidney disorders.

One of the most interesting hearings before a committee during this legislative session was that before one of the judiciary committees yesterday afternoon on the bill to change the name of the Croatan Indians to Cherokee.

can blame them for thus resenting this appropriation of their name by another people. Whoever the Croatans are it is certain they are not Cherokees. The Cherokees have the pride of a pure blooded race.

THE ADMINISTRATION BUILDING.

We are not opposed per se to the provision of adequate, fire-proof administration buildings for the state at Raleigh, but we do insist that the present condition of the treasury, the present unsatisfactory methods of taxation in North Carolina and the general tendency toward rank extravagance in such matters as public buildings should admonish the general assembly to have a care in voting million dollar bond issues.

That anyone should talk about undue haste and hurry in this matter is astounding. The very reverse is the case. Procrastination, that bane of many good things, has been invoked to the limit.

No matter in North Carolina has been more discussed in the papers than this necessity for adequate buildings in which to transact the business of the state. The people all over the state know of the need for such a building as that proposed.

That Uncle Sam always pays his debts, although sometimes he is slow, was proved to James M. Palmer, a veteran of the Civil War.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable.

WHAT DOES IT MEAN?

Mr. Briggs Asks Some Pertinent Questions About Proposed Changes in Charter.

To The Editor of The Times: Do our citizens know what they will get in the proposed new city charter, a synopsis of which was printed in the morning paper? My understanding is that the board of audit and finance, which cost the city \$1,800 per annum, and the board of police commissioners, which cost the city \$700 per annum, will be abolished.

The police commissioners, when they took charge, found the police department in very bad conditions. How far we have succeeded, the facts and figures in my possession will show.

Now, as to the board of audit and finance: I state emphatically that this board is one of the very best institutions the city has ever established. Before it was appointed the city almost every year came out in debt; one year it was in debt \$25,000 and I think the boards have issued bonds for this amount, and the board, which is now composed of S. J. Hinsdale, J. P. Wyatt, and Edgar E. Broughton, have carefully guarded the city's interests and so managed its finances that the city lives within its income, and some years has a balance in the treasury.

Now, as to the mayor: The proposed new charter gives him power to appoint the chief of police, captain, desk sergeants, and all the patrolmen, a total of 19 men. The department has been taken out of politics, but if the new charter is granted it places it in politics, spelt with a big P.

Does the chamber of commerce want this charter? Does the merchants' association want this charter? Do we want our city thrown back 25 years?

I make no reflection on anyone, but am prompted to write this for what I see to be for the best interests of our city. Yours truly, JAMES A. BRIGGS. Raleigh, Feb. 4.

NEWS FROM NASHVILLE.

Mrs. George Gay Dead—School House Buried—Other News. (Special to The Times.)

Nashville, N. C., Feb. 4.—Mrs. George Gay, mother of County Treasurer S. S. Gay, died last night at the home of Mr. T. A. Boone, some four miles from Nashville and will be buried at the old family burial grounds this afternoon.

The Avent school house in Griffins township was burned this week. The fire caught in the fuel about midday. An absence of water made it impossible to save the building.

Spring Hope was visited by a fire this week, two dwelling houses were consumed. Damage to both houses about \$2,000, partially covered by insurance.

The committee to arrange a road law for Nash will meet at Nashville Monday. It thought a suitable road law will be submitted to the county's representatives in the legislature for passage.

Nashville has seen much activity in tonsorial circles this week. Plummer Richardson, who has run a shop here for years, and just this past summer built a handsome building, has added up-to-date fixtures.

of Bass & Weatherly, E. T. Bass having purchased an interest in the business formerly conducted by C. G. Weatherly. The firm will do a general mercantile business. Contract will be let at Nashville the coming Monday for sewerage for the county jail and county court house.

ARRESTED WRONG MAN.

Sheriff of Anson Gets the Wrong Gypsy—Other Man Gets Away. (Special to The Times.)

Wadesboro, N. C., Feb. 4.—Yesterday brought another chapter in the Gypsy troubles and it seems that Anson county is to be afflicted with the tribal battle for still another season. When the sheriff failed to locate either "King" Emil Mitchell or his assistant, Elfro Mitchell, in order to arrest them in the proceedings brought by the two Joans, another suit was brought.

This time Stephen Joan and Gregory Joan, charged William Mitchell with having injured them and brought arrest and bail proceedings and ask for \$5,000 damages. Sheriff Lowery went to the Gypsy camp, near Lileville, with the papers and arrested a man whom he supposed to be William Mitchell.

They all look alike to the sheriff. He brought his man to jail and then the fun began. The prisoner sent for his attorneys and they immediately recognized the man as McMiller and not William Mitchell. Arrangements were made to get papers in a habeas corpus proceedings but the sheriff stopped that by releasing the prisoner.

William Mitchell made a get away. What the next move will be is problematical. With five of the best of Anson county's attorneys, and for that matter, as good as can be found in the state, representing the two factions, almost any move may be expected.

In the meantime the people of the town and county are becoming weary of the strangers and wish that some neighboring county might enjoy their society for a season.

Accused of Stealing.

E. C. Chamberlain, of Clifton, Me., boldly accuses Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from boils, or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist. Only 25c at King-Crowell Drug Co."

The Sheriff Sued.

(Special to The Times.) Wadesboro, N. C., Feb. 4.—As a sequel to the Gypsy troubles, attorneys for McMiller Mitchell today brought suit against Sheriff R. J. Lowery and his bondsmen for false arrest and imprisonment. The complaint in the case has not been filed but the rumor is that Mitchell will ask \$10,000 damages. Attorneys James A. Lockhart, Fred J. Cox and Frank Dunlap represent Mitchell.

Speedy Relief From Kidney Trouble.

"I had an acute attack of Bright's disease with inflammation of the kidneys and bladder, and dizziness," says Mrs. Cora Thorp, Jackson, Mich. "A bottle of Foley's Kidney Remedy overcame the attack, reduced the inflammation, took away the pain and made the bladder action normal. I wish everyone could know of this wonderful remedy."—King-Crowell Drug Company.

Basketball Team on Trip.

(Special to The Times.) Wake Forest, N. C., Feb. 4.—The basketball team left this morning for Chapel Hill, where they will play the University of North Carolina. A game was scheduled with Trinity in Durham for tomorrow but the faculty decided that it was inexpedient to let the team go there on account of the epidemic of smallpox that prevails in that place. If the smallpox improves in that place before basketball season is over it is probable they will be played. The men that went on the trip are: Beam and Turner.

Pneumonia Follows A Cold

But never follows the use of Foley's Honey and Tar, which checks the cough and expels the cold. M. Stockwell, Hannibal, Mo., says: "It beats all the remedies I ever used. I contracted a bad cough and was threatened with pneumonia. One bottle of Foley's Honey and Tar completely cured me." No opiates, just a reliable household medicine.—King-Crowell Drug Company.

Garment Strikers Return to Work

(By Cable to The Times.) Chicago, Feb. 4.—Monday will see the beginning of the return of the garment strikers in Chicago to their work. The strike is ended by unanimous consent of the leaders and of the workers, who, fearful lest their places in the shops be filled and the union destroyed, have agreed to return to work.

The strike lasted 133 days and cost the workers something like \$3,000,000 in wages and cost the employers \$4,000,000. The strike cost four lives and 876 members of the garment workers union have been arrested for rioting.

THE FOOTBALL RULES.

Standpat Policy Decided Upon and Rules Will be the Same as Last Year. (By Leased Wire to The Times)

New York, Feb. 4.—The football revisionists who gathered here to map out the brand of gridiron sport for 1911 have decided upon a standpat policy. The game this year will be the same as last. The members of the National Football rules committee which have gathered at the Hotel Cumberland, declared today that the game as played in 1910 seemed to give satisfaction so that they have decided to continue it for another year.

However, every indication pointed to revision at the next annual meeting of the committee when the demand of the westerners are to be discouraged. The westerners are asking for rules that will equalize the chances of teams. Unexpectedly the bulk of the work was completed yesterday although the meeting as originally planned was not to end until this afternoon.

Archbishop Ryan Shows Improvement.

(By Leased Wire to The Times.) Philadelphia, Pa., Feb. 4.—The remarkable vitality shown by Archbishop Ryan is a continual surprise to his physicians. Though on the verge of death for several days, he showed considerable improvement this morning. This fact, however, caused no hope of his ultimate recovery.

The physicians said he was likely to die at any moment. Oxygen is still being administered.

Remember the Name.

REST MADE EASY.

There Will Be Less Sleeplessness When Raleigh People Learn This. Can't rest at night with a bad back.

A lame, a weak or an aching one. Doan's Kidney Pills are for bad backs. They are for every form of kidney ills.

They are endorsed by Raleigh people. Mrs. W. C. Jones, 121 N. Bloodworth St., Raleigh, N. C., says:

"My back ached constantly and often I had pains across my loins. Sometimes I was in such bad shape that I could hardly get up after sitting for awhile. I did not get my proper rest at night and I suffered intensely from headaches. The doctor's medicine brought me no relief and when I heard of the good work Doan's Kidney Pills were doing in cases like mine I got a box from the Bobbitt-Wynne Drug Company. This remedy drove away my aches and pains and restored me to better health than I had enjoyed for years." (Statement given January 30, 1908.)

Re-endorsement.

On December 2, 1910, Mrs. Jones added to the above: "I have not been troubled to any extent by my back or kidneys since I used Doan's Kidney Pills some years ago. I still take pleasure in recommending this preparation."
