### NEW CABINET TO BE CLOSE TO THE PEOPLE

Following Formation of New Cabinet President Diaz Is Expected to Resign

### NEW MEN PROPOSED

With New Cabinet Formed Diaz Could Then Retire With Dignity and Important Reforms Could be Carried Out by the New Cabinet—General Reyes Expected to be a Member of the New Cabinet—Members of Insurrecto Junta Jubilant.

(By Leased Wire to The Times.)

Mexico City, March 25.—President Porfirio Diaz will form his new cabinet of men close to the people. Senor Jose Yves Limantour will be directing force in the formation of the new ministry. Following the institution of the new portfolio President Diaz is expected to relinquish office to one of its members as president pro-tem and sail for Europe, perhaps never to return to Mexico.

Miguel Ahumada, governor of Chihuahua, and one of the most popular of the Diaz followers in Mexico, is slated to be the new minister of the interior, succeeding Ramon Corral. Senor Limantour, it is believed, will be tendered the important post of minister of foreign relations to succeed Enrique Creel, who is unpopular with the masses. The people have confidence in Limantour. With Senor Corral out of the way Limantour would be the strong man of the cabinet and his way would be clear to inaugurate the reforms that Mexico wants. That General Bernardo Reyes will be a member of the cabinet is practically a foregone conclusion. His popularity has increased since his absence in Europe, where he has been practically a political exile.

By following the program thus far laid out President Diaz could retire with dignity from a situation which threatens his country. With the return of peace to his country, he could return at some future date to spend his declining years in his native land and die the idol that he was a few years ago. It is noticed that the name of Francisco I. Madero today played no part in the calculations of the unofficial cabinet makers. However, the Maderist faction would be represented and the ends sought by Madero would be attained in reforms which the new ministry would bring about.

General Reyes has been a thorn in the side of the Diaz cabinet for a long time. His popularity at the capital became so great that he was sent into Nuevo Leon as governor. The people there acclaimed him as their leader and sought him to run for vice president.

Senor Ahumada is likewise very popular in Chihuahua, where he has

### ANARCHY IN THE KENTUCKY MOUNTAINS

(By Leased Wire to The Times.)

Lexington, Ky., March 25.—The strike on the Queen & Crescent Railroad has resulted in a condition of anarchy in the mountains. Two engineers were shot last night, one at Robbins, Tenn., and the other at King's Mountain, Ky. Both were taken to the hospital at Somerset. At Robbins a pitched battle took place between strike sympathizers and the detectives on Engine 36, driven by William O'Donnell, who was shot through the knee. When the train pulled in it was surrounded by armed men who were ordered away by the detectives. A battle began at once and fifty or more shots were fired. One detective received a flesh wound in the shoulder. Then the fireman and detective cult.

At the same time Engineer Frank O'Connor on a local freight train to Somerset was having trouble at Kings Mountain. When men on both sides of the train opened fire he was shot in the hip.

Division 10, F. M. Harper, leader, 7 subscriptions, \$325.

Total subscriptions, 78.

Total amount, \$4,629.

The meeting today was most enthusiastic. Campaign Director Williams expressed his satisfaction with the work being done. All the reports were received with enthusiasm, the small amounts as well as the large. A number of \$500 subscriptions were announced. The announcement of the \$1,000 subscription by Herbert W. Jackson, who some time ago moved from Raleigh to Richmond, was the signal for much applause.

The banners went to V. J. Lee and Jo. H. Weathers.

**Story of the Clock.**

The big campaign clock which went up in front of the Metropolitan Hall yesterday morning has attracted a great deal of attention. It is one of the necessities of the Y. M. C. A. short-term financial campaign. The clock idea originated at Omaha, where one of the first campaigns was conducted. It was so successful that no campaign is now conducted without it.

### SIMMONS GETTING BUSY

Will Flood State With His Reciprocity Speech

Washington Talk About North Carolina Politics—Rumor That Justice Will Move to Raleigh and Begin Fight for Supremacy—Secretary Wilson Coming to the State in the Interest of Conservation.

Times Bureau  
Congress Hall Hotel.  
H. K. C. Bryant.

Washington, March 25.—The arrival of Senator Simmons' force of larks and the busy days in his office indicate something interesting for the near future. The campaign for seat now occupied by Mr. Simmons in the senate is underway. Gov. Little and others have their eyes and hopes on the toga of the gamecock of the North Carolina congressional delegation. The vote that Mr. Simmons cast for Senator Lorimer and the reciprocity speech he made just before the last session adjourned added fuel to the flames and precipitated the fight that might not have come for some months. Senator Simmons, who was never known to run, is standing pat on his record. He will defend his course before the people. Thirty odd thousand of the reciprocity speeches are being hurried to the state.

Three camps are in the field in the state. They harbor the "regulars"—the Simmons forces; the Kitchen men, and the "progressives"—these are led by National Committeeman Daniels and Ed. Justice, a brilliant, and daring man of Greensboro. Rumor has it that Mr. Justice will move to Raleigh in the near future and throw down the glove to the Simmons and Kitchen supporters. If he does, there will be a spirited fight in the old state. In the meantime, however, it is declared, Senator Simmons and Governor Kitchen are warring their blades to start the ball. Claude Kitchen and Charles Brantly Aycock are classed as "suitable" men in the case of a hopeless deadlock.

This is the talk that one hears in Washington. This comes first and the extra session of congress and the national issues next. As patronage distributor and "committee of committees" man for the North Carolina representative Kitchen is playing an interesting role. Will he gain or lose by his course is the question?

**Secretary Wilson Coming.**

Secretary Wilson, of the department of agriculture, is going to visit certain sections of North Carolina and other southern states next summer to look over the country with a view to purchasing lands for the purpose of "conserving the navigability of navigable streams." The last congress, it will be recalled, passed the "Appalachian White Mountain forest reserve bill, which enables "any state to co-operate with any other state or states, or with the United States, for the protection of the watersheds of navigable streams" and provides for a commission composed of the secretaries of war, interior and agriculture, two senators and two representatives to acquire the desired lands.

Chief Forester Graves, talking with me the other day, said that no

### C. M. BROUGHTON DIES SUDDENLY

Mr. C. M. Broughton, of 321 West Jones street, died suddenly this afternoon at 3:45 o'clock from apoplexy. He was on the street and fell at the corner of Hargett and Fayetteville streets in front of the Round Step Bank. Dr. Horton and Dr. Rogers soon reached his side but he died before they could do anything for him.

**Baker Burned to Death.**

(By Leased Wire to The Times.)

Lynn, Mass., March 25.—Howard Gardner, fifty-five, a baker, with a shop at 27 Ireland street, was burned to death in a fire which endangered the lives of about fifty men in the four-story building at 37 Ireland street early today.

The lodgers were saved by Patrick Sullivan, a boy, who saw the flames from his room in the rear of the Ireland street house and roused the sleepers.

### WILL CROWDER CAUGHT Captured Yesterday by the Officers in Wilmington

Crowder is Wanted Here for Cutting His Wife Last Fall With a Knife—Seems to be a Desperate Negro and is Wanted Elsewhere for Various Crimes.

The following story comes from Wilmington of the arrest there of Will Crowder, wanted in Raleigh:

There is a possibility that Will Crowder, a negro arrested here two days ago by Constable Savage, may be wanted in other sections of the state under charges of serious nature, rumors to that effect having been circulated since the man was taken into custody. Crowder was apprehended after a charge of assault, trespassing, and damage to personal property. These cases were to have been heard this morning by Magistrate Harris. Upon information received as to the other alleged charges which may have been preferred against Crowder elsewhere, it was decided best to postpone the trial of the matters until this afternoon.

Report was made to Constable Savage this morning that it is believed Crowder is wanted in Wake County for the murder of a white man. It is also rumored that he committed a vicious assault on a woman there some time ago. According to the report given the officer it was stated that Crowder assaulted the woman with a piece of iron and it is rumored that she was seriously injured. As soon as the above reports were received by Constable Savage he telegraphed the chief police at Raleigh to inquire if Will Crowder, alias "Chain-Lightning," is wanted in that section under the charges removed here. His message was sent a few minutes before the local cases against Crowder were set for trial today. Therefore the continuance was made until this afternoon.

Under the damage to personal property charge which will be investigated today, it is alleged that Crowder took a lot of clothes belonging to Jessie Jewett and burned them. It is also alleged that he secured a watch belonging to the woman.

Early this afternoon Constable Savage received the following telegram from Chief of Police J. P. Stell, of Raleigh: "Hold Will Crowder. Will send for him. Charge assault with a deadly weapon."

From the above telegram it will be seen that Crowder is wanted in the capital city. It is stated this afternoon that there may be warrants for him in other sections of the state. He is regarded as a thoroughly bad negro. Constable Savage is to be commended for his successful effort to have the negro carried back to Raleigh to stand trial there for the charge as preferred against him.

Chief of Police Stell was seen today in regard to the foregoing story and it was learned that Crowder assaulted his wife some time last September by cutting her very badly in the breast and hands. He escaped without being captured. Chief Stell has been on the lookout for him and when informed that he had been caught in Wilmington, Patrolman J. H. Wyatt was sent after him. He is expected back here tonight with his prisoner.

**DIX AND MURPHY CONFER.**

Efforts Being Made to End the Senatorial Deadlock—April 4th the Date for Election.

(By Leased Wire to The Times.)

New York, March 25.—Governor Dix and Charles F. Murphy, at a conference at the Waldorf this afternoon which lasted three quarters of an hour, joined forces in an attempt to end the senatorial deadlock.

Although both were silent after the meeting it was learned on good

### MANY LIVES LOST IN WRECK ON COAST LINE

Coast Line Train Goes Into the River and Passengers Are Drowned

### TEN BODIES RECOVERED

Wreck Occurred Where Railroad Crosses River—Five of the Coaches Went Into the River and Passengers Are Believed to Have Drowned—Ten Bodies Recovered But From Trains That Were Derailed and Smashed.

(By Leased Wire to The Times.)

Atlanta, Ga., March 25.—The Dixie Flyer on the Atlantic Coast Line was wrecked near Ocella, Ga., at 5 o'clock this morning with heavy loss of life. Five hours after the disaster had occurred, ten bodies had been removed from the wreckage. At that time it was believed that at least thirty others had lost their lives.

The wreck occurred where the railroad crosses the Allapaha river, several miles south of Ocella and some of the cars plunged through the bridge and were covered by the waters. It is feared that many have been drowned in these cars.

The bodies which have thus far been taken out were from the cars which were derailed and smashed.

Among the known dead are Conductor Parnell and the fireman of the train.

Nine coaches left the rails, five of them being badly smashed, the other four plunging into the stream.

Immediately following receipt of news of the disaster relief trains were rushed to the scene. From Tipton and Savannah doctors and nurses and medical supplies were rushed to the scene of the disaster.

The Dixie Flyer was enroute from Chicago to Jacksonville, Fla.

The scene of the wreck is fifteen miles east of Tifton, and there the first news of the accident was received.

Engineer Eugene Green and eight others, taken from the wreck, are believed to be fatally injured. Ten men are seriously injured. Flagman LeGrade is safe. The body of the conductor has not been found.

The coaches in the river are under ten feet of water, according to reports reaching Tifton.

The Dixie Flyer is one of the crack trains of the Atlantic Coast Line and is used by tourists between Chicago and southern points. At this season of the year it usually carries a large number of passengers.

The Dixie Flyer left Atlanta last night at 8:50 o'clock. The train runs from Atlanta to Macon over the Central of Georgia, then takes the Georgia Southern and Florida to Tifton, where it goes on to the tracks of the Atlantic Coast Line to Jacksonville.

### MANIAC WITH GUN KILLS TWO PERSONS

(By Leased Wire to The Times.)

Des Moines, Ia., March 25.—Deputy Sheriff Clarence Wohman, of Council Bluffs, was murdered by H. C. Kelly, a maniac, whom he was taking to the Knoxville asylum, in the Kirkwood Hotel today. After shooting down the deputy sheriff Kelly escaped from the hotel and entered a saloon a few blocks away demanding a drink. When the bartender refused to serve him, Kelly pulled a revolver and shot the bartender dead. He escaped by a mob which was bent on lynching him but was rescued by the authorities, and lodged in jail.

**Execution of Americans Not Confirmed.**

(By Leased Wire to The Times.)

Washington, March 25.—Consul Dix at Nogales, telegraphed the state department, saying that the reported execution of the four Americans, Adams, Young, Howard and Shanley, by Mexican troops, cannot be confirmed. He added that the Mexican authorities deny that the executions have occurred.
