Would Define Position.

Washington, April 20-Senator Culberson, of Texas, offered in the senate today a resolution to the eflect that intervention on the part of the United States in the trouble in until the note is made known in full Mexico would be without justification, and contrary to the federal polity of this government of non-interference in the internal affairs of other countries. Also that the excelto which the United States should to in the present emergency in Mex ico is to enforce the neutrality law with vigor and fully protect the live and property of Americans. Furthe that the rights of Americans residing in Mexico are those of neutrals. The resolution is intended to define our solicy formally, in regard to the Maxican trouble. Under the rules is went over without action.

It is said that the Diaz reply instead of promising to take measures to protect American lives and prop erty on the border announced a mere repeittion of previous routine orders to the army and, on the other hand blames Americans for the border troubl.

omplaints against the conduct American soldiers and officials a Douglas, Ariz., who are alleged to have given aid to the revolutionists

The whole tenor of Diag's reply i said to be that while the Mexican government deplores the occurrence on the border, it does not hold itself responsible and blames the United States for the conditions which Tall specifically asked Diaz to remedy.

It is said to state in plain lan guage that in the opinion of the Diaz governments the United States is either misinformed, or is wrongly in terpreting the stuation.
