## START A FACTORY

### City Must Increase the Weekly Payroll

Mr. J. S. Wynne Suggests a Plan to Promote the City's Interests—Would Raise Fund to be Invested in Furniture, or Trousers Factory, or Some Other Industry.

To the Editor of the Times:

Concerning a suggestion which I made briefly at the mass-meeting at the auditorium yesterday, I wish to say I did not go fully into the matter, because of the time occupied by the gentlemen who spoke, in setting before the great audience some of the many things which Raleigh has done, is doing, and is going to do. I decided to merely mention the matter and then let it be handled at the next regular meeting of the Chamber of Commerce if possible. My suggestion is this:

Start a popular subscription to raise \$50,000 to \$100,000, to be invested in some sort of factories, to make such articles as furniture, trousers, overalls, shirts, woodenware, or whatever may be found to offer the largest opportunity. Let the shares of stock be put at a figure so low as to enable any person to take one. We have in Raleigh at least seven furniture dealers who buy by the carload, and no doubt all these will be glad to take stock in a furniture factory and handle its products. It will be well to have as many members of the Chamber of Commerce as possible to become stockholders, and to have as many others as we can get. I may mention the fact that the Raleigh Cotton Mills, so successful from the start, began with 25 stockholders; all home people. When you ask a man to subscribe for stock in such an enterprise he generally wants to know who is going to manage the business. I suggest that it would be understood that the new officers and directors of the Chamber of Commerce shall be the managers for the first year. Let it be strictly a movement conducted by the Chamber of Commerce, with a view to increasing the Saturday pay-rolls of our growing city. We must have more industries. Nothing will go further to strengthen Raleigh. For one I am ready to take stock in a factory and leave the management entirely to the Chamber of Commerce. Let us adopt the suggestion of Governor Woodrow Wilson and take up this matter with the steadfast purpose to help the city and with no selfish feeling whatever. By adopting the plan I have suggested there would be no salaried officers except those who look after the mechanical part of the business.

J. S. WYNNE.

### Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chances of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at King Crowell Drug Co.

### METHODIST LAYMEN PAY VISIT TO RALEIGH.

Messrs. John R. Pepper, of Memphis, Geo. R. Stuart, of Cleveland, Tenn., and Rev. Jas. Cannon, of Richmond, Va., were in the city last evening for the purpose of conferring with the local Methodists in the interest of the chautaugua or assembly that the Southern Methodist Episcopal church proposes to establish at Waynesville. Raleigh Methodists displayed an interest in the movement, which is an assured fact, and a number of subscriptions were made. This is the 29th city visited by the committee.

### GET FIFTY CONVICTS FOR RAILROAD PROJECT.

Mr. I. L. Council, of Waynesville, was in the city today to see Superintendent Laughinghouse, of the penitentiary with reference to the fifty convicts promised promoters of the Transcontinental Railroad Company by the council of state several days ago. Mr. Council said that everything is in readiness for the convicts and they will probably be forwarded next week. The Transcontinental people propose to build a line from Knoxville, Tenn., to Southport, N. C., making the most important line in the state. Work has already begun.

### WILL DETERMINE SITE FOR Y. M. C. A. BUILDING.

The executive committee of the Y. M. C. A. will hold a meeting in the office of Mr. Carey J. Hunter, chairman, on Tuesday afternoon for the purpose of determining on a site for the association building. It is believed that a location will be chosen at that time. First payments on subscriptions to the building fund are now due and are being received by the treasurer.

The woman of today who has good health, good temper, good sense, bright eyes and a lovely complexion, the result of correct living and good digestion, wins the admiration of the world. If your digestion is faulty Chamberlain's Stomach and Liver Tablets will correct it. For sale by all dealers.
