THE TAX PROSECUTIONS

Durham May Enter Suit Against Tax Payers

Failure to List Taxes by Big Tax Payers May Cause Prosecutions—County Commissioners in Quarry Over Site—Parish Property and Chapel Hill Street Property in Fight.

Times Bureau, Herald Building, W. T. BOST.

Durham, N. C., June 10—Prosecutions of big tax payers, charged with failure to give in their property in the past, have been intimated by the city and county authorities and the remaining days of listing will be watched.

Though the talk of tax-dodging has been charged with a deal of rather loose talk on many occasions, not until this summer has there been any official body to take the matter up, for serious discussion. While it does not appear to have been made a special order, it comes with perfect reliability that there will be instituted proceedings against some of the large property holders on the ground that they have persistently failed to give in their goods.

This thing came near taking this shape three years ago, when city officers began to inquire of other officers if men paid taxes. It is understood that the county commissioners have ordered that such cases as these be examined. If the property is not listed, the logical procedure will take place.

The tax listers are daily at the court house and receiving the payers every hour in the day. A good number to this date has shown interest in the duty. Perhaps no former year has developed more early patriots than this.

According to the popular understanding of it, there will be procedure against the alleged dodgers at the next meeting of the board of commissioners in the event they fail to give in property. There are not a few citizens who own property partly here and elsewhere. It has been accused that some decline to pay here on the ground that they pay in other cities, whereas an examination of the books there will show dodging in both places. At this writing the officials do not give names, but they wink and smile knowingly.

It has always been said of Durham people that they give in property with the greatest liberality and that despite the fact that they have it they do not often take short cuts on the great government. There has been little cause in the past for action against many.

There are ten more days of listing, the end being on the twentieth of June as the law is made this year. It is a change that will have to be observed.

Though the county commissioners indicated yesterday that they have settled the court house proposition, there is lusty kicking today and many express the hope that since they have not irrevocably committed themselves to the Parrish Warehouse site, they will make a change.

The two sites, Parrish Warehouse and Chapel Hill street, have furnished delay several weeks. It is said now that the building will begin in a few weeks and that the quarter million will make the handsomest house in this city of fine buildings.

EVER WATCHFUL

A Little Care Will Save Many Raleigh Readers Future Trouble.

Watch the kidney secretions. See that they have the amber hue of health: The discharges not excessive or infrequent; Contain no 'brick-dust like' sediment.

Doan's Kidney Pills are for disordered kidneys.

They strengthen weak kidneys and cure them when they're sick.

Mrs. D. T. Moore, 311 S. Person St., Raleigh, N. C., says:

"My back ached intensely and I had pains through my loins. I was restless at night and I had a great deal of trouble from the kidney secretions. When a friend recommended Doan's Kidney Pills to me I got a supply from the Bobbitt-Wyne Drug Company and used them according to directions. They gave me relief at once and continued use improved my condition in every way." (Statement given January 30, 1908.)

Confirmed Proof. Mrs. Moore was interviewed on December 2, 1910, and she said:

"I value Doan's Kidney Pills as highly—as ever and can still recommend them. I have had no need of a kidney medicine during the past three years."

SHE BELIEVES SHE SAVED LIFE

Lady in Tecumseh, Okla., Has Strong Faith in the Benefit She Obtained From Cardui, the Woman's Tonic.

Tecumseh, Okla.—"I do believe," says Mrs. Eliza Epperson, of this place, "that if it hadn't been for Cardui I wouldn't have been living today."

"I am so glad that I began using Cardui, when I did. Before I began to use it I was in bad health and suffered considerable pain in head, shoulders, back, side, limbs, and lower part of my body."

"Cardui helped me more than anything I ever did take, and I am in better health, since taking it, than I have been in for four (4) years."

You are not giving yourself "a square deal" unless you take Cardui when you feel that you need a tonic. You won't need a doctor to tell you when you do need a tonic.

Only common-sense. When you feel tired, dull, lack energy and vitality, and are nervous, cross and irritable, it's not because of the weather, it's because you need a tonic.

If a woman, no two thoughts are necessary.

The first thought is enough: Take Cardui, the woman's tonic.

Nobody can deny that the best tonic for a woman to take is a tonic for women—CARDUI.

DEATH OF MRS. G. F. BROWN.

Former Durham Lady Dies in Concord—Negro Injured by Train Carried to Hospital.

(Special to The Times.)

Durham, N. C., June 10—Mrs. W. L. Morgan left this morning on the 3:45 train for Concord in response to a telegram announcing the death of her sister, Mrs. G. Frank Brown, nee Miss Connie Irwin, who died at that place yesterday afternoon about 4 o'clock.

Mrs. Brown was a daughter of Mr. and Mrs. J. D. Irwin, of this city, and leaves a husband and two sisters, three brothers and other relatives. The brothers are Messrs. C. B. and C. N. Irwin, of Durham, and W. B. Irwin, of San Francisco; the two sisters being Mrs. Morgan and Mrs. Sam F. Harris, of Spencer.

The funeral will take place this afternoon and Mrs. Morgan will return tomorrow or next day.

Alex Marrow, a young negro of Orange, was brought here yesterday morning on the 11:37 train and taken to Lincoln Hospital, where he is being treated for an injury under the train yesterday.

Marrow was trying to board the eastbound and fell under the wheels, having his left leg cut off a few inches below the knee. An operation was performed after he reached the hospital. Whether he meant to ride without pay could not be gotten from those who brought him here.

Mrs. Albert Robbins Wynn and Miss Daisy Robbins leave today for New York City to study under Mr. Rafael Joseffy, the great pianist of New York.

They will be gone all the summer and upon coming here they hope to add to their vocal and instrumental course, a violin department. The Durham school of music will re-open in September. The teachers, who spend their vacations always in study, find their summers pleasant and come back yearly improved.

Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chances of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at King Crowell Drug Co.

INVITES PRESIDENT'S SON.

Industrial Bureau Asks R. A. Taft to Take Bar Examination in Nashville.

Nashville, Tenn., June 10—The Nashville Industrial Bureau today telegraphed Robert A. Taft, son of President Taft, to come to Nashville, take the state bar examination and establish himself here for practice.

Young Taft was denied examination in Ohio because he had not registered when he began to study law. He must wait two years before taking the state examination there.

A PICTURESQUE COTTAGE, COSTING \$2,500.

DESIGNED BY CHAS. S. SEDGWICK, ARCHITECT.

This illustration is that of a cottage 26 feet 6 inches wide and 25 feet deep. The first story is 8 feet 6 inches in height. The main outside studs are 14 feet in height, the roof is low pitched with wide projected eaves and the rafters showing. The exterior is designed to be covered with cement stucco in the first story and shingles above, stained. Cost estimated at \$2,500. The floor arrangement is peculiar, but very convenient and commodious for a small cottage. The entrance is with a small recessed porch at the right-hand corner with a cobblestone pier and heavy timber column, giving a very pretty effect. The piazza is located diagonally at the left-hand corner and has a floor space of 7 feet by 12 feet and the same space for sleeping porch. The main living room across the front has a group of four windows and center French window. There is one main chimney, centrally located and affording a wide fireplace in living room and flue for heater in basement and kitchen.

The dining room on the left opens with the living room with wide archway and connects with the kitchen through a convenient pantry. There is a good full basement, three rooms and bathroom on the second floor, also the sleeping porch. This cottage is small and economical to build, but it has the appearance of a larger house and is well adapted to either city or country and would make a very pretty summer home.

TAFT AND WHITE CONFERENCE.

President and Chief Justice Discuss Federal Court Procedure.

Washington June 10—President Taft worked until an early hour this morning in conference with Chief Justice White, of the supreme court, on the reform of the equity procedure of federal courts. The chief justice had dinner with the president.

Chief Justice White, together with Justices Lutton and Van Devanter, have been appointed a commission to investigate the question. The last revision that the rules have become antiquated.

President Taft is deeply interested in the reforms, and has given a great deal of attention to it. The justice in a few days leaves this city on their vacation, and the president was anxious to go over the situation with the chief justice before he departed.
