## CONFERENCE CLOSES

### Fourth Session of N. C. Epworth League Conference

One of the Most Successful and Delightful Conferences of Any Yet Held—Hospitality of Dunn Greatly Enjoyed

The fourth annual session of the North Carolina Epworth League Conference which has been in session at Dunn, came to a close Sunday night after one of the most delightful and successful conferences ever held.

So thoroughly was the hospitality of the good people of Dunn enjoyed that the whole conference voted to accept Dunn's invitation to return again next year. It was thought best however, not to take advantage of Dunn's kindness and the choice of next year's meeting place was left to the executive committee and will be announced later.

At the business session Friday night the following officers were elected for the ensuing year:

President, Rev. W. H. Brown, of Gatesville.

First Vice President, Rev. Walter Patton, Oriental.

Second Vice President, Rev. W. P. Constable, West Durham.

Third Vice President, Miss Gertrude Royster, Raleigh.

Fourth Vice President, Rev. F. S. Love, Kinston.

Secretary, Miss Lizzie Hancock, New Bern.

Treasurer, Mr. Geo. D. Stephenson, Raleigh.

Conference Editor, Rev. J. H. Frizelle, Goldsboro.

Following the request of the mission board the North Carolina Epworth League Conference will concentrate on Cuba, which has been set apart by the mission board for the Epworth Leagues of Southern Methodism. The conference will continue the support of Rev. Mr. Hinohara's family, while he is in this country, the rest of the \$1,000 pledged by them will be directed to the Cuban mission field.

Owing to the absence of Rev. L. P. Howard, Saturday morning the address before the devotional department was made by Dr. F. S. Parker, of Nashville, while the round table discussion was conducted by Rev. J. M. Daniel, of Selma.

Rev. C. J. Harrell, of Raleigh, made the address before the literary department and in the absence of Miss Gertrude Royster, head of this department, conducted the round table. Both of these addresses and round table discussions were found very helpful.

A business session was held Saturday night, the report of the finance committee and the committee on resolutions being made.

The annual report of the secretary and of the treasurer was made. Rev. W. H. Brown, president of the conference, was elected to represent the North Carolina Conference and the meeting of the Western North Carolina Epworth League Conference.

Dr. F. S. Parker closed the meeting with an interesting discussion of the Boy Scout Movement, which has been tied on to the Epworth League.

Sunday morning Dr. F. S. Paarker, of Nashville, preached a most impressive sermon from the text John 4:31-32, dwelling especially on the last verse, "But he said unto them, I have meat to eat that ye know not of."

Sunday afternoon one of the most beautiful meetings of the conference was held, a song, praise and consecration service, conducted by Miss Iva Ellis of the Memorial Church League, Durham.

Sunday night the conference closed with a communion service, conducted by Dr. Parker, followed by a splendid address by Rev. Zenski Hinohara.

#### MOUNT HOPE SCHOOL.

Patrons Plant School Farm in Cotton—Big Success Last Year.

Mount Hope School, Mr. James Holder, superintendent, has again planted its school farm, and the people are working hard to make the best crop they have ever had. On June 5th they met and plowed and chopped the cotton. Fifteen people were present.

The Mount Hope School has only an acre and a quarter in its farm. Notwithstanding this fact, it cleared last year \$30.56.

A half ton of fertilizer was donated this year to the Mount Hope School farm by the North Carolina Cotton Oil Company through Mr. Garland Jones, of this city.

#### VALUABLE BULLETIN ISSUED BY DEPARTMENT.

A bulletin of the North Carolina department of agriculture, just issued, on "Co-operative Experiments and Demonstrations," gives a number of valuable suggestions as to soil improvements, cultivation of corn, cotton and legumes. The bulletin was prepared by Mr. T. B. Parker, director of co-operative experiments and demonstrations and contains a list

of information that should prove of value to those engaged in agricultural pursuits. The bulletin will be sent free by the department on application.

## Convicts Killed Near Waterville

(Continued From Page One.)

Carrying negroes was seen when the mountaineers began their journey toward the railroad. This is especially significant, as every negro who has ever put his foot in that part of Haywood county has been run away, and although hundreds of men were at work in that section until the convicts came, no negroes were seen.

The badly injured were brought to Newport late tonight and will be taken back to North Carolina at once, the lesser injured being kept under guard in a box car at Waterville tonight.

Captain Laughinghouse had not at a late hour this afternoon received any further information of the tragedy. The bodies of the dead men were buried near the scene, and the injured, or such of them as are able, were sent to Raleigh. They are expected to reach here tonight or tomorrow morning.

The following telegrams passed between the superintendent and Captain Hoskins with regard to the accident:

#### The Telegrams.

Capt. J. J. Laughinghouse, Superintendent, Raleigh, N. C.:

J. J. LAUGHINGHOUSE, Superintendent.

Waterville, Tenn., June 19.

Will have new quarters in two days and men all back at work, and trust me to take care of situation here. Will be glad to have any instructions, however, from you. Am writing you fully.

I. L. COUNCIL, Asst. Gen'l. Manager, Trans. Continental R. R.

Arrived at Camp.

The following letter, bearing date of June 15, explains the safe arrival of the convicts at Mt. Sterling:

Mr. J. J. Laughinghouse, Superintendent, Raleigh, N. C.

Dear Sir:

We reached camp safely Tuesday at noon, the 13th. I would have written you earlier but our baggage could not be brought over the trail to camp until today. My writing materials were in my trunk. Everything is brought from the railroad by hand, over the roughest trail I have ever seen. It is just wide enough for one man to walk, Indian file, two miles from Waterville to camp. I find Captain Council a splendid man. He has done everything possible for our comfort. He sends his regards to you and is very anxious for you to come visit us. As much as I would like for you to come I don't think you could possibly get over the trail.

I will keep you informed of everything happening here. I am,

Very truly,

J. E. HOSKINS, Supervisor.

League Meeting Tonight.

## A BANKRUPTCY CASE

### Voluntary Petition by Ellington Building Supply Co

Inability to Collect Debts and Pressure of Creditors Causes New Concern to Close Down—Had Bought Splendid Plant—The Liabilities.

Messrs. E. E. W. E., and D. D. Ellington, trading as the Ellington Building and Supply Company, a partnership corporation, filed in the United States district court today a voluntary petition in bankruptcy.

The assets are placed at \$13,242 and the liabilities are \$22,891. The first meeting of the creditors will be held before Mr. Victor H. Boyden, referee in bankruptcy, June 30.

The Ellington Building Supply Company was organized by the Ellington brothers two years ago last March, and did a successful business near the power house of the Carolina Light and Power Company. Six months ago the firm moved to its present quarters, near the state penitentiary. The plant is new and the company was preparing to do a successful business.

Inability to collect debts and to make payments was the cause of the bankruptcy proceedings today. All three members of the company stand well in the community and there are hundreds of people who will hope that the business may be continued by them. Most of the 50 creditors are Raleigh firms and none of the amounts are large.

### Reception At White House

(Continued From Page One.)

ing for the display. Japanese lanterns will add to the picturesqueness. One spotlight will be used to throw in relief the American flag that always floats over the white house when the president is at home. At Mrs. Taft's suggestion a cluster of silvered incandescent lamps, forming the figures "1886-1911" was put up today on the lawn near the point where the guests will be received.

Express men were busy delivering presents at the white house. They come from every section of the country.

Former President and Mrs. Roosevelt sent an antique silver bowl.

In addition to the silver service sent by the senate, Vice President and Mrs. Sherman individually sent a tall silver vase marked with the monograms of President and Mrs. Taft. Speaker of the House and Mrs. Clark sent twenty-five American beauty roses, one for each year of the married life of the recipients. The house sent three dozen silver service plates.

The following are gifts of cabinet officers and wives: Secretary of State Knox, massive silver vase; Secretary of the Treasury MacVeagh, fruit platter of silver designed by Mrs. MacVeagh, intended for state dinners; Secretary of War Stimson, tall silver vase and silver tray; Attorney General Wickesham, large repousse silver jewel case. It is considered a rare piece of workmanship. Pastmaster General Hitchcock, handsome silver vase, inscribed with the initials of president and Mrs. Taft and the date; Secretary of the Navy Meyer, loving cup. There were gifts in silver from all other members of the cabinet.

### GRAHAM HERRING IS WORSE TODAY

Mr. Graham Herring, who was injured in a fall from a moving freight train near New Hill a week ago today, was reported as somewhat worse at Rex Hospital this afternoon at 3:30. The young man had been barely holding his own for the past two days, but today his condition took a turn for the worse. The attending physician was unable to give the sisters and other relatives of the young man any hope. Mr. J. C. Burns, his foster father came to Raleigh today from Apex in response to a telephone message informing him of Mr. Herring's critical condition.

### CARRIE TURNER, SADDER WOMAN, OUT OF JAIL

Carrie Turner, a negro woman who is most of the time imagining that her husband, Ben Turner, is the worst that ever attempted to correct a wife, was able to pay the costs in an action this afternoon and was released from jail. Carrie had her husband up for whipping her, but was unable to prove the charge, and as a result went to jail in default of the costs in the action, which were taxed to her as prosecutrix. A colored minister came to her rescue.

### WILLIE GREEN, ONE OF THE NEGRO CONVICTS KILLED IN THE COLLAPSE OF THE BULL PEN IN HAYWOOD COUNTY YESTERDAY, WAS SENT UP FROM RALEIGH FOR MANSLAUGHTER.

He killed Bennie Young two years ago at a dance at Ruth Hall, run away, was later captured, and placed in the penitentiary. He received a sentence of four years in the penitentiary.

## ARRESTED FOR LARCENY.

Life Saver at Beach Hauled Before Court—Big Branch House for Wilmington.

(Special to The Times.)

Wilmington, June 19—Edward T. Russell, one of the life savers who has been on duty at Lúmina, Wrightsville Beach, for some days, was arrested Friday afternoon under a warrant which alleges larceny. The paper was sent here from Cartaret county and was served by Deputy W. E. Watson. An officer from Cartaret county arrived here Friday with the necessary documents and he was at the beach when the warrant was served. Russell will probably be carried to that county for trial today. He protests his innocence and states that he will be able to vindicate himself when the trial is held. He has made many friends here who will hope most sincerely that he will be able to emerge from his present situation, without blame.

There is a strong likelihood that the large corporation represented by Mr. George A. Simpson, of Pittsburg, Pa., will establish a branch in this city. He has been here for some days conferring with the manufacturing committee of the chamber of commerce and hopes to announce that within a few days sufficient local capital has been subscribed to assure the placing of an auxiliary plant here. It was stated Saturday night that more than \$30,000 of the necessary \$50,000 to warrant the establishment of the plant here is in sight one investor having subscribed to the extent of \$15,000. Mr. Simpson has invited the most rigid inspection of his proposition and all inquiries have resulted most favorably. The home company has agreed to a proposition to defray all expenses of an investigating committee of two

members from this city in the event they visit the plant and find conditions unfavorable.
