NORRIS BROTHERS COMPANY,
Wholesale Grocers,
Raleigh, N. C., July 2, 1911.
Carolina Oxygenator Company, Raleigh, N. C.

Gentlemen: The spring of 1910 I suffered from an attack of Acute Acid Poisoning which held me in bed for a period of six weeks, under constant medical attendance.

In April of this year I was threatened with a similar attack, my body being covered with small eruptions of Uric Acid deposits and intensely itchy. My family physician said I was in for another siege of the above trouble. Having heard your "OO" Duplex Oxy-Pathor strongly recommended for Rheumatic troubles, I purchased one and in less than a week's time I was absolutely well. At this time I feel better and ten years younger than before treatment.

My wife was also corrected of a pain in her side from which she had suffered for over thirty years, no medical treatments or medicines doing her any good in these years. Since using the treatment of the Oxy-Pathor she is free from pain and enjoying good health.

Bronchial Trouble of Twenty Years Standing Greatly Benefitted.
Carolina Oxygenator Co., Raleigh, N. C.

Gentlemen: Eighteen years ago, as engineer of a fire steamer, in discharging my duties at a fire, I was all night and part of the next day, out in cold and sleet in the dead of winter. By this exposure I contracted a bronchial and lung trouble

from which I have ever since suffered severely.

I have not neglected my condition, but have constantly sought medical treatment and have expended hundreds of dollars for such, and continued to get weaker, with no appetite and almost entire loss of voice. This alarming condition became more so during the past twelve months, until I was becoming almost hopeless.

On or about the first of May, 1911, I became interested in reading certain literature distributed by Carolina Oxygenator Company, Raleigh, N. C., and about the 20th of May, 1911, I bought one of the "OO" Duplex Oxy-Pathors and have taken two courses of treatment and with the perfect satisfaction that I have been greatly benefited. I find great improvement in my breathing; I sleep better and derive greater rest, my appetite is greatly improved and I eat heartily and enjoy it more than for two years past. My complexion has a better and healthier color and my strength is rapidly increasing. I feel well assured that with a few more treatments with the Oxy-Pathor I will be as well and vigorous as I could expect at my age.

I have been for more than twenty years connected with the city administration of Raleigh, as Street Commissioner and City Engineer, and though sometimes almost ready to succumb physically, I have never failed during that long period in office to faithfully discharge my duties.

With my personal experience of the use and benefits derived from the use of the Oxy-Pathor, I do not hesitate to recommend, and I earnestly advise all persons who are suffering as I have, and, in fact, who

are troubled with any ailment, to do as I did, investigate and try the Oxy-Pathor treatment. I shall still continue the use of my instrument and under no consideration would I be without it, realizing the great good I have already received.

Paralysis Cured in Ten Days by Oxy-Pathor.
Carolina Oxygenator Co., Raleigh, N. C.

Gentlemen: About April 1st. of this year, I had a slight stroke of Paralysis affecting the entire left side. My respiration was very poor.

On the 20th of May I purchased one of your "OO" Duplex Oxy-Pathors and used it under direction for a period of treatment covering ten nights, since which time I feel fully restored to my normal health.

My breathing capacity, tested on a Sphygmometer today, shows that I exhale 330 cubic inches of air without difficulty.

I cannot speak too highly of the Oxy-Pathor in the correction of Paralysis.

Catarah and Indigestion Completely Knocked Out.
Carolina Oxygenator Co., Raleigh, N. C.

Gentlemen: I was one of the first to buy an Oxy-Pathor in the city of Raleigh.

In March, 1911, I used this machine for three weeks in the treatment of a case of Catarah and Headache that I had been continuously affected with for twenty years. I can honestly state that I have not had a recurrence of any symptoms of either trouble since that treatment, and I

am now enjoying perfect health. The Oxy-Pathor cured my wife of a chronic case of indigestion of long standing, and with only a few courses of treatment.

I am now treating my daughter for a severe case of eczema, from which she has suffered since birth and the Oxy-Pathor has already produced wonderful results in the improvement of this condition. During the past thirteen years I have paid for doctors bills and drugs more than three thousand dollars in the effort to cure my daughter, and without securing any permanent improvement of the condition.

From the results already received from the Oxy-Pathor, I am confident that the eczema will soon be corrected and my daughter restored to normal health. The machine is worth its weight in gold.

Partial Paralysis, Nervousness and Chills Corrected.
Carolina Oxygenator Co., Raleigh, N. C.

Gentlemen: It was last March when your first advertisement came out in the News and Observer, and after reading it through curiosity, I went up to see your representative. He gave me some literature to read and the next day I went back and purchased an Oxy-Pathor. At this time I was afflicted with a complication of troubles, among them Paralysis, Nervousness and Constipation, which I think were caused from change of life.

I commenced to use the Oxy-Pathor and within three or four days began to improve and the condition of my health after the few months' treatment, is better than it has been for

years. Many of my old troubles have completely disappeared and with proper and continued treatment with the Oxy-Pathor, I know that I will soon regain my full share of health. My husband had chills and used the Oxy-Pathor three nights and hasn't had any since. We have also used the machine for sprains and wounds and find it very beneficial.

I know of many cases of sickness that has been benefited by the Oxy-Pathor treatment and I know that the Oxy-Pathor is at hand and will do all that is claimed for it. I would not take a thousand dollars for mine if I could not get another.

Sciatic Rheumatism.
Carolina Oxygenator Co., Raleigh, N. C.

Gentlemen: I have been a sufferer from Sciatic Rheumatism for the past five or six years and because of this trouble I have lost much valuable time from my business. I was treated by various physicians throughout this period, but with only temporary relief.

I heard of your "OO" Duplex Oxy-Pathor in March last, at which time I was suffering from an acute attack of the above trouble. I bought one of the machines and applied same in accordance with the simple directions which was furnished with same and in less than a week, I was entirely free from pain. I have not felt any symptoms of Sciatica since the first course of treatment, which was about the first of April.

I have tried the Oxy-Pathor in cases of fever in my children and corrected same in one night's treatment. I believe the Oxy-Pathor to be a

curative agent of superior value in the treatment of disease.

Sick Headache, Vomiting.
Carolina Oxygenator Co., Raleigh, N. C.

Gentlemen: I have much pleasure in stating that I have derived great benefit from the Oxy-Pathor.

I suffered all my life with sick headache and vomiting spells. Scarcely a week passed without one day spent in bed with headache and vomiting. I tried all kinds of medicines, but nothing did me any lasting good. As soon as I began to use the Oxy-Pathor I felt quite differently and have not had to stay in bed one day since using it, and I can eat almost anything in the way of food without experiencing any disagreeable effects.

The Oxy-Pathor has also cured me of Rheumatism in my arms, which used to keep me awake at night.

I feel quite confident that in time the Oxy-Pathor will make me quite strong and well, I can safely say that I have not been so well as I am now for a great many years.

I shall be pleased to answer any inquiries at any time.
