SPECIAL OFFER CLOSED WELL

Last Night a Busy One, Lodges Benfitted By Special Offer

CONTEST CLOSES OCT. 2

Contest Will Close October 2nd, Not September 30th, as Was First Thought—Reasons—Interest Great on Special Offer—The Standing.

It has been suggested, and wisely, that the contest close at eight o'clock Monday night, October 2nd, and it has been decided to do so, as this will give you the opportunity of securing Saturday's receipts, also Saturday night is a busy night for some of the leaders, and so they could not well devote the time it will take up to the final count.

The contest will therefore close Monday night, eight o'clock, sharp, October 2nd.

Last night at nine o'clock the great opportunity of the lodge contest closed, with a flourish, and its conclusion causes the management to get an idea that some lodges think the piano can and will be won by coupons clipped from the paper, or that there is no use for the little ones to run as the big lodges have the advantage.

Every Lodge the Same.

Every lodge has the same opportunity. The piano is not going to be bought. To help boost and give the smaller lodges the opportunity to catch up and pass the larger ones, we are going to put on another and better special offer starting Monday, and ending Thursday, September 27th, just three days before the final close. Now if these smaller lodges will get receipt books, read Saturday's announcement and line up in preparation for this great battle, of ten days, there is no reason why some one of them may not win the prize. It only needs systematic working among your friends by your members.

Watch Thursday's Paper.

Saturday (tomorrow) Times will give you full particulars of this special offer, so be sure to get a copy and see that your friends get one.

The schedule of votes, now is the same as before the special offer, and so one opportunity of securing votes has been lost by those who did not take advantage of it.

How They Stand.

Table showing standing of lodges up to 5 p. m. last night. Household of Ruth, No. 116, G. U. O. F., 41,580; Hope for All, G. U. O. COURT AT SMITHFIELD

Three Murder Trials to Be Heard

Judge Peebles Presiding and Solicitor Herbert E. Norris Prosecuting—A Crowded Docket—Big Crowd in Attendance.

(By Staff Correspondence.)

Smithfield, N. C., Sept. 15.—Criminal term of Johnston superior court is in session here, lasting probably two weeks, the docket being exceedingly crowded. With Judge R. B. Peebles on the bench and Solicitor Herbert E. Norris on duty, cases are being put off the reel as fast as possible to finish the docket in due time.

A tremendous crowd is here in attendance upon court and the little ground surrounding the small court house is full of people.

Three murder trials are on docket. One scheduled for Saturday morning, one for Monday and the third Tuesday. One of these has some interest around Raleigh, the deed having been committed near there, and the readers of the Raleigh papers are probably familiar with the facts.

A. Jernigan is charged with the murder of Albert Todd, on the night of July 1st, near Wendell. They had been to a fish fry with a crowd and were returning, when a dispute arose between Jernigan and Todd, and it ended with Jernigan stabbing Todd with a knife in the breast, near the heart. He lingered along for several days and died. Jernigan, escaping, the country round about was thoroughly searched by officers. Finally a reward was offered for his capture.

Some time later Jernigan was captured near Bunn, in Franklin county, and brought here, where he was lodged in jail. The grand jury has returned a true bill against him and Saturday morning begins the fight for his life. He claims he killed Todd in self-defense. Solicitor H. E. Norris is assisted by Attorney Edward Smith, of Lillington, in the prosecution, while Jernigan is defended by Ray and Harris, and Able and Ward. A spirited legal battle is expected, as both sides are represented by able attorneys.

Other cases on the docket are without any peculiar interest to the public in general.

The grand jury has returned true bills against several for selling cigarettes to minors.

Lawyers are in attendance from Raleigh, Selma, Dunn, Benson, Kenly and other places.

A Fierce Night Alarm.

Is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin, of Manchester, O., (R. R. No. 2) for their four children were greatly subjected to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, Hay Fever, La Grippe, Whooping Cough, Hemorrhages fly before it. 50c and \$1.00. Trial bottle free. Sold by King-Crowell Drug Company.

Mexican Celebration Abandoned.

City of Mexico, Sept. 15.—Today marked the beginning of the annual celebration of Mexican Independence Day. At the instigation of the authorities the customary celebration throughout the republic were modified or abandoned altogether, owing to the present disturbed conditions and also to the fact that in previous years the holiday has included the birthday celebration in honor of President Diaz.

The Lax-Fos Way.

If you had a medicine that would strengthen the liver, the stomach, the kidneys, and the bowels, and at the same time make you strong with a systematic tonic, don't you believe you would soon be well? That's "The Lax-Fos Way."

We ask you to buy the first bottle on the money-back plan, and you will ask your druggist to sell you the second.

It keeps your whole insides right. There is nothing else made like Lax-Fos.

DINNER FOR VETERANS

Durham Soldiers Given Barbecue and Brunswick Stew

Dinner Also for the Women of the Old Ladies Home—Plenty to Eat For Everybody and Lots Left—Death of a Little Child—Boys Didn't Go to Circus.

(Special to The Times.)

Durham, Sept. 15.—Two notable dinners yesterday, given by the King's Daughters to the ladies of the old ladies home, and by the United Daughters of the Confederacy, the Julian S. Carr chapter, to the veterans, made Lakewood Park the most attractive place in the county.

Published announcement had been made of the big barbecue and brunswick stew to the soldiers. The extending of the invitation to all of the old fighters in the country, brought many from the rural precincts and they enjoyed it as they have been pleased with few things since they came home from the war.

Tables forming almost a square, were made and benches were placed by them so that the soldiers might enjoy the dinner in comfort. As handsome a service as could be given them, was theirs and they ate a dish that they have rarely tasted before.

All of the veterans were appropriately tagged when they went out and a great display of badges was made. Both young and younger daughters of the confederacy, bestowed these and heightened the pleasure of the moment by accepting them from the daughters of their comrades in war. There was music, there was dancing, there were speeches and a little of everything to make it a happy incident in the lives of the old men. General Carr was with them but had to fill a down town engagement, so that the programme was shortened by his going away.

Later in the afternoon, the King's Daughters had as guests, all the residents in the old ladies home.

Unfortunately for both the old ladies and old gentlemen, the joint dinner had not been thought of until the second was in progress. There was almost a wall then. There was quite enough to have taken care of them all, the dinner to the ladies being less than one fourth consumed. Nobody ever sat down to a more imposing meal. There must have been a fried chicken to each person, and ham, deviled eggs, beaten biscuit, olives, pickles, cake, lemonade, cheese straw, everything conceivable for a picnic dinner, was there in more than abundance.

Helen Louise, the twenty months old daughter of Mr. James R. Weatherspoon, died yesterday afternoon at six o'clock at the home of Mr. Weatherspoon on Burch avenue.

The child had been ill all the summer. More than a year ago, the mother was lost and the second year of its life had been full of pain. A complication of troubles was the cause of death. The funeral services will be held this afternoon at four o'clock from the home, Rev. E. R. Leyburn of the First Presbyterian church officiating.

The record for the high school work was established yesterday when the only two boys, who had asked for permits to go to the circus, returned later and asked them back.

Since the public schools began work, there has been no time when a circus did not in some measure demoralize things. A striking thing about the school throughout the town was that very few asked to be excused on account of the show. Yesterday's show wasn't a giant concern, but smaller ones have come before and taken a large percentage of the boys and girls.

The teachers are pleased to believe that it is the great interest in the schools that is holding the children there, the high school teachers having expressed the belief that they are doing the best work that has ever been done there. The fact that there was nither a truant nor an excused pupil yesterday in the high school, would indicate that record has been established that will last a few years.

The fans are to see the Chapel Hill team tomorrow against the Durham Hosiery mill, winners of the pennant two years in succession and big interest is manifested in it.

In the event of an even split in the first two games, there will be three, but otherwise, there will be but two, both played here on the local diamond at the Durham Athletic Association's park in East Durham. The games will in reality be between the University and the hosiery mill, near-

ly all of the Carolina men being back and in fair shape.

Lee, who pitched the entire season with out a loss, winning about nine of his games with an aggregate score not exceeding 7 runs, will be in the box for Chapel Hill. Swink will catch him and Bull Hasty, Edwards, and perhaps two more University men, will play. Rube Howard will pitch for the hosiery mill and Bennett will catch.

The game will be called at four o'clock in the afternoon and it ought to be one of the best of a good season. After these games have been played, Manager Tom Goss, will arrange a series with Trinity College. There will be playing as long as the National and American League are at work.

Mrs. Lora Lyon Ferguson left yesterday morning for Washington, N. C., and New Bern, between which places she will alternate in the teaching of domestic science.

Mrs. Ferguson has been specially trained for this work and has had the advantage of practical experience in it. She is gifted with an undoubted ability to teach and should make the two schools one of their most valuable teachers. She will begin work the first of next week and goes early to arrange for the beginning.

Will Inspect Military Posts.

Washington, D. C., Sept. 15.—Secretary of War Stimson and Gen. Leonard Wood, chief of staff of the army, are busily engaged clearing up the work of the War Department preparatory to leaving Washington early next week for an extensive tour of inspection of the military posts and defenses in the south and southwest.

BLAZING WOMAN IN STREET.

Rushes Through Pleasantville, N. J. Planned to Kill Herself.

Atlantic City, Sept. 14.—Quiet Pleasantville was stirred into frenzy of excitement early tonight when a woman wrapped in ames from head to foot ran shrieking into the street from the home of William Goff, a prominent real estate dealer in the off-shore town.

Nearly 200 residents of the borough were assembled at a public meeting in Redmen's Hall, but a short distance from the Goff home on Georgia avenue, and as the vanguard of this throng reached the blazing figure of the woman, they immediately set about beating out the flames. By the light of hastily procured lanterns the terribly scared woman was identified as Mary Egort, a domestic employed at the Goff home, and in a desperate effort to save her life, she was rushed at record breaking speed to the Atlantic City Hospital in an automobile.

The woman had come to Pleasantville from Baltimore, Md., three months ago and had at that time entered the Goff home as a domestic. During the past few days she had shown signs of a religious mania.

Both Mr. and Mrs. Goff left the house early tonight leaving the servant alone. Shortly before 8 o'clock Jim Schoppey saw flames issuing from the kitchen window. He burst into the house to make an investigation and the blazing woman ran shrieking past him.

That she had contemplated destroying herself by fire shown by the fact that she had sewed large quantities of cotton about her clothing and after saturating it with oil, she had set fire to her clothing at different places. She will die.

S.S.S. REMOVES ALL HUMORS FROM THE BLOOD

The cause of all skin diseases can be traced to some humor in the blood, and therefore the cure of any skin trouble can come only through a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., relieve some of the itching and discomfort, help to reduce inflammation, or aid in keeping the cuticle clean, but such treatment does not reach the blood, and of course can have no real curative effect. S.S.S. cures Skin Diseases of every kind because it purifies the blood. It is an internal remedy for an internal trouble, and works on the only reasonable and certain method of cure. S.S.S. removes all acids and humors from the circulation and leaves the blood stream rich, healthy and nourishing in order that it may supply the cuticle with the necessary properties to restore it to its smooth, normal condition. Then a cure results because the old exciting cause has been disposed of. Book on Skin Diseases and any medical advice sent free to all who write. S.S.S. is sold at drug stores.
