### WIDE-A-WAKE AD CLUB STARTS WELL

#### Raleigh Organization of Business Men For Success of All Made Permanent This Afternoon

### TO ENTERTAIN SAILORS

Proposition Started to Give Seven Hundred Sailors Great Time When They Visit Raleigh, October 7th For Football Game—College Boys Cooperating With Club—Lively Lot of Officers Chosen—What President Mogford Has to Say With Reference to Purpose of New Organization—Those Present.

At an enthusiastic luncheon this afternoon of representative business men, the Wide-A-Wake Raleigh Ad Club, which was temporarily organized several weeks ago, was launched in earnest, a fine spirit of cooperation was shown and officers were elected. The luncheon was held at Giersch's Hotel from 1 o'clock until 2. The officers are: J. L. Mogford, president. Chas. W. Gold, vice-president. John A. Park, secretary. C. T. McClenaghan, treasurer. Short, stirring addresses were made by President Mogford, Mr. C. W. Gold, Mr. J. F. Ferrall, President H. E. Litchford of the chamber of commerce and Mr. C. J. Parker. Every word breathed cooperation not only in creating business for the individual business men but in advertising Raleigh and placing her advantages before the people of the country.

A suggestion by Mr. McClenaghan that red and white streamers with "Wide-A-Wake Raleigh" printed thereon be placed around the caps of the 70 sailors who will visit Raleigh October 7 for the football game between A. & M. College and the team from the training ship Franklin met with hearty approval, as did also the suggestion that a big dinner be served these men on the occasion of their visit here. The A. & M. boys are cooperating heartily in the matter, and subscriptions taken at the college and at the luncheon assures the idea of being a complete success. The sailors will be entertained in a manner that they will not soon forget. Col. Olds will have his young "Sunshiners" place the streamers around the caps and this city and the college boys will make the visit of the sailors enjoyable.

President Mogford's Remarks. In calling the meeting to order Mr. Mogford, who was chosen president, said:

This meeting was called to perfect a permanent organization of the Wide-A-Wake Raleigh Ad Club. The first question that will occur to you is what is the purpose of such a club and how will it effect you. First, an Ad-Club is a study club—a club where we can come together, exchange experiences and study advertising.

### THE LIBERALS ARE STUNNED

Magnitude of Victory Against the Laurier Government Beyond All Expectations

### CHARGES ARE RADICAL

Reciprocity With the United States Defeated Laurier Tossed Down and R. L. Borden Will Be Called Upon to Form a New Ministry—Vote Was 132 to 81—Liberals Had Been in Power for 15 Years—Both Sides Surprised by the Size of the Conservative Victory.

Montreal, Sept. 22.—Election returns show 161 conservatives, one national, eighty four liberals, with five constitutions-breaking, R. L. Borden, opposition leader, has a majority of 48.

Startling New Situation. Montreal, Sept. 22.—Canadians awakened today, confronted by a startling new situation developed from the fact that reciprocity with the United States was rejected, that the Laurier government was defeated and that R. L. Borden, who shortly be called upon to form a conservative ministry.

That the changes enacted during the past twenty-four hours by the Canadian electorate are radical, is shown by the overwhelming majority, whereby the voters turned down the agreement which Laurier made with the United States for the mutual removal of duties on food and other natural products, by the defeat of seven cabinet members out of thirteen who went to the polls and by the political landslide which requires to private life. Sir Wilfrid Laurier, acknowledged as one of the British empire's biggest figures. Out of nine Canadian provinces only Quebec, Laurier's native place, remained anywhere near faithful to him.

Ontario, the greatest of the provinces dealt Laurier a terrible blow, going almost solid against him. The same may be said of Manitoba and British Columbia. Saskatchewan and Alberta, two great wheat raising provinces, gave minor support to reciprocity. The result by provinces expressed in returns received up to an early hour today, showed the following vote: Liberals 84, Conservatives 132. The magnitude of the landslide appears to have stunned the Liberals who have held office for fifteen consecutive years.

The liberals have believed they were destined to remain in power many years. On both sides sympathy is being expressed for Laurier. His clean and gallant fight on behalf of reciprocity is recognized by his opponents as well as supporters as one of the most notable campaigns ever undertaken in Canada. Laurier is in Quebec today. Borden is in Halifax. Both leave shortly for Ottawa. Laurier to close up his government's affairs, and tender his resignation and Borden to accept the call of the governor general to form a new ministry and consult with party leaders about the appointment of his advisers. It is unlikely the (Continued on Page Five.)

### TO MAKE RALEIGH BIG MARKET CENTRE

A conference was held yesterday afternoon between the committee on cotton and produce market of the chamber of commerce and members of the Wake County Farmers' Union, the object being to determine what had caused the Raleigh market to decline as a cotton center. Those present were President H. E. Litchford of the chamber of commerce, Mr. Clarence Poe, chairman, and Mr. Charles E. Johnson and Mr. William A. Stimpkins of the committee on cotton; secretary Fred A. Olds, Charles L. Hinton, Claude H. Barnes, Clyde Parker, Ramon Hinton and others. Messrs. N. A. Allen, Ed. Whittaker, R. J. Buffalo, G. L. B. Penar and other farmers and President J. M. Tompkins of the Farmer's Union and Secretary T. Ivy.

The most important action, after the matter had been discussed, was the movement to establish a warehouse here and have the banks advance two-thirds the value of cotton on notes. This matter will be worked out in a day or two. Many of the farmers, it was said, preferred to sell their cotton here, and it hoped to place Raleigh where the city formerly stood, a great selling center.

### MOTOR PATROL WAGON

Police Department Installs Handsome Motor Wagon

Wagon One of the Luxuries of Commission Government—"Honk Wagon" Will Hereafter Ride Up On Cinders. (Special to The Times.)

Greensboro, Sept. 22.—The new motor patrol wagon for the Greensboro police department has arrived and will be ready for use in a few days. This is one of the luxuries that come with a commission government. The patrol is quite a handsome car and looks very sporty, indeed. For a while it no doubt prove popular both with the blue-coats and offenders. Instead of walking up the street, policeman pulling one way and culprit the other, the officers will go spinning by the "common herd" in their "honk wagon," and the violators of the law smile at the poor pedestrians who pay the taxes that give them a ride and feed them in jail.

Messrs. John W. and R. L. Lambeth, who were indicted in superior court Wednesday for conspiracy, appeared in court yesterday and demanded an immediate trial of the cases against them. It is not likely that the case will be heard at this time. They gave out the following statement:

"At the instance and at the request of Mr. O. P. Moffitt, a cousin of Margarette Moffitt, Messrs. R. L. Lambeth and J. W. Lambeth met Dr. O. P. Moffitt in High Point on the 25th of August, where and when Dr. O. P. Moffitt made certain propositions to these gentlemen which were peremptory and absolutely defined; that all suggestions, advances and propositions came from Mr. O. P. Moffitt and that when the facts are developed and disclosed, they will show that nothing has been done or said by the Lambeths to sustain the alleged charges."

### WICHERSHAM TALKS ABOUT THE TRUSTS

New York, Sept. 22.—Attorney General Wickersham, who at Brettonwoods, N. H., in an interview today discussed the likelihood of further anti-trust prosecution, declared that every corporation in the United States must obey all provisions of the Sherman anti-trust law. He intimates he will take action against any monopoly not conforming with the spirit of the law as interpreted by United States supreme court in a recent decision. He says judging from the New York stock market, the corporations are beginning to realize President Taft meant it when he said all corporations affected by the oil and tobacco company decisions will have to obey the law.

Tom L. Johnson is dead, but his chief lieutenant, Newton D. Baker, has been nominated for mayor in the Democratic primaries at Cleveland by a vote of more than four to one.

### MANY CASES TO BE TRIED

Heavy Docket Faces Judge Peebles In Wake County Superior Court For Next Two Weeks

### THREE MURDER CASES

Most Important Case is That Against L. J. Norris for Murder of J. B. Bissett—One Hundred and Twenty-Five Offenses, Forty of Them Continued From the July Term, Are On Docket for Trial—Important Cases.

When superior court convenes Monday for two weeks, Judge R. B. Peebles may find as many as three hundred cases on the docket. There are 125 cases to be tried, including forty continued from the last term, and it is expected that the court will be busy during the entire term.

The most interesting case to be tried is that of the state against L. J. Norris for the murder of J. B. Bissett on the night of August 12. All the evidence, so far as known, is circumstantial, but the state hopes to prove that Norris and none other committed the murder.

The case of Willie Weaver, a young negro of the Zebulon section for the murder of Edward Pearce, a white man, will come up at this term, having been continued from the July session. Weaver killed Pearce at a sawmill on June 5 last.

The case of Wiley Austin, colored, charged with the killing of Garfield Williams in Holly Springs township last winter has not yet been placed on the docket, but it is quite likely this case will be entered and called. He was arrested in Norfolk sometime ago and is held in jail.

Robert Harrison, charged with manslaughter, will also be tried at this term. He is charged with having killed Vessie Turner in December, 1910.

Besides these cases there are many of lesser importance from petit larceny to a grand larceny; in fact the whole catalogue of small crime is represented in the 125 cases to be tried.

### Irish Players to Open Boston Theatre.

Boston, Mass., Sept. 22.—The entire company of Irish players from the Abbey Theatre, Dublin, has arrived in this city to begin their American tour. The beginning of their local engagement tomorrow night will also mark the opening and dedication of Boston's newest playhouse, the Plymouth Theatre, which was recently completed for Liebler and Co. The Irish players are accompanied to America by Lady Gregory, W. B. Yeats, the well known Irish poet, and several others who are prominent in the movement to revive Irish literature and the drama.

### Storm in Vesuvius District.

Naples, Sept. 22.—A terrific storm swept the Vesuvius district causing loss of life and great property damage. Twenty persons, it is known, were killed. The fate of many families is in doubt.
