Eczema, Acne, Tetter, Poison Oak, Pimples, etc., show that some unhealthy humor or acid impurity is diseasing the circulation, and that a thorough cleansing of this vital fluid is necessary in order to correct the trouble. Salves, washes, lotions, etc., may relieve some of the itching and other discomforts caused by skin diseases, but such treatment has no effect on the blood and therefore cannot do any permanent good. Until the humor is removed from the circulation the cuticle will suffer the effects of an acrid irritation. S.S.S. is the best and quickest remedy because it is the greatest of all blood purifiers.' It goes into the circulation, and removes every particle of the humor, whether it be an infection of poisonous plants or from other causes, and makes the blood pure, rich and healthy, allowing it to soothe and nourish the skin instead of irritating and inflaming it with acrid humors.
