All communications intended for this newspaper, should be addressed to THE RALEIGH DAILY TIMES.

Publication Office THE TIMES BUILDING, 12-14 East Hargett Street, Raleigh, N. C.

ASSOCIATED PRESS.

Entered at the postoffice at Raleigh, N. C., as second-class matter.

The "best tariff the country has ever had" is making the consumer pay a heavy price for his sugar now. The Payne-Aldrich law practically prohibits the importation of beet sugar from Europe.

There was a rather sensational incident at the Taft speaking at Hutchinson, Kansas, yesterday. Mr. Taft had spoken. In the course of his speech he said he was a true progressive and believed in "true progressiveness and not in hypocritical or demagogical progressives, who declare for a progressive policy and then oppose every practical progressive measure."

ple are coming in to meet the demand. It is this rapid growth that has almost swamped rental agents. More houses are needed to supply the demand. They would put quick money into the pockets of the owners if they were here now.

The Raleigh Country Club has shown rapid growth. It now has 300 members, and is well patronized. Visitors are delighted with the club house, the grounds and the situation generally.

DISTINGUISHED VISITORS COMING.

Two distinguished gentlemen who will be in Raleigh Tuesday, October 3, are Messrs. D. C. Collier and G. Grosvenor Dawe. Mr. Collier is director general of the Panama-California Industrial Exposition, and Mr. Dawe is the managing director of the Southern Commercial Congress at Washington.

Press Comment.

Would Bar Most of Them. Judge Allen of Muscogee, Okla., requires jurors to certify that they took a bath within twenty-four hours preceding the time they are sworn in. We guess that is the Oklahoma idea of how to do away with the professional jurymen.

The Black Parasite.

No community and no section can maintain a great number of parasites and be prosperous. It has been said that the very rich and the very poor constitute the greatest drain on society. In this part of the world there are very few rich, and there should be still fewer very poor.

It is unpardonable that this city should at the present time be filled with idle negro men, while in the country farmers are finding it difficult to get enough hands to pick their cotton. How do these blacks live? As they have done ever since the war, by having "their women" bring them food from the tables of the white.

place for the black parasite. The vagrancy laws should be rigidly enforced at this particular period. Country negroes who have flocked here and are without work should be sent out of town, or put to work on the roads.

Towel Stealing.

No longer will free towels be supplied to patrons of the Southern Pacific Railway, either on its trains or boats. That explanation of the company is that \$21,000 worth of towels were lost last year.

This is a further development of the souvenir collecting mania of which we hear much. One way of showing that one had traveled was to get hotel labels pasted on one's baggage. Another was to slip spoons, mugs, and the like into one's pockets.

ABOUT WAR VETERANS.

Miss Jessica Smith Writes in Regard To Veterans of Mexican War. The following article has been sent The Times by Miss Jessica Smith, of Henderson, concerning the veterans of the Mexican War: On September 20, 1911, there was held in the city of Columbus, Ohio, a called meeting of the National Association of Mexican War veterans.

September 15, 16, 1911, was the sixty-fourth anniversary of the capture of Mexico, and there are living of the whole American army that fought this war of famous victories, about 825 men. Their average age is eighty-six years. Of the grand old "Palmetto Regiment" there were twelve survivors; in June, 1911, their names are given herewith with their address: John Williams, Osborn, Kan.; Theodore Muller, Gordin's Station, S. C.; Wiley Simpkins, Claim No. 18972; Gottlieb Greiner, 602 North Miles St., Paris, Tex.; Thomas Chapman, Glenn Springs, S. C.; Dr. Jas. A. McKee, Alexander, S. C.; M. B. Newman, Ridgeway, S. C.; M. B. Stanley, Centenary, Marion county, S. C.; Alexander Sharpton, Deansville, Tex.; Minor L. Braden, R. F. D., Tucker, Ga.; Jonathan R. Davis, Staokton, Cal.; Ensey A. Duke, Logwood, Mass.

The last one of these twelve men will be entitled to the "Jackson Silver Service." Every soldier who was in this war of 1846-47 would be glad to hear the history of the Silver Service, that Jackson and South Carolina should present to the "Last Survivor of the Palmetto Regiment." Will not some paper of South Carolina publish the entire story of this "Silver Service" that the press of the country may copy it for the benefit of all those Palmetto boys living in other states? Who has the silver in charge? To whom should these old soldiers apply for information about it from time to time that the last survivor

might receive the silver as soon as he is eligible? The congressmen of South Carolina have worked faithfully and well for the senior soldier of the United States army. No state has done more to assist these veterans to receive an increased pension.

The senators from this State have also done well. There is not a man in congress, or in the senate who does not think that these men should have a larger pension.

When congress convenes in December, many of these \$35 will have answered their "last roll call."

Has Millions of Friends.

How would you like to number your friends by millions as Bucklen's Arnica Salve does? Its astounding cures in the past forty years made them. Its best Salve in the world for sores, ulcers, eczema, burns, boils, scalds, cuts, corns, sore eyes, sprains, swellings, bruises, cold sores. Has no equal for ples. 25c at King-Crowell Drug Company.

SERIOUS SHOOTING AFFAIR.

Negro Shot Through Stomach and is Operated Upon—Secretary Watts Rounding Up Simmons Forces—Other News.

(Special to The Times.)

Dunn, N. C., Sept. 27.—What may terminate in a serious affair occurred in a negro restaurant here Sunday night. Joe Brown, night watchman for Tighman Lumber Co., went into this restaurant to get his supper and while waiting to be served got into an argument with some negroes about his pistol which was showing from his hip pocket. There are many tales being told by the eye witnesses who were all negroes, hence the truth will not be known until a trial is had. But it seems from report that there was a scuffle over the pistol and in some manner a negro Dave Williams was shot in the stomach. He was immediately carried to Dr. Dennings' office and his wound given immediate attention. A southbound through freight was stopped and the negro was carried to the Highsmith hospital at Fayetteville where an operation was performed. It is feared that the wounds will prove fatal as there were eleven perforations in the bowels. Brown was arrested immediately and is being held by the authorities until the negro is pronounced out of immediate danger from the wounds. If the negro dies Brown will be given a preliminary trial before the recorder as to giving bail. And if he recovers Brown will be tried for assault with a deadly weapon.

Rev. R. B. John, presiding elder for this district, held the fourth quarterly conference in the M. E. church here Sunday.

Hon. A. D. Watts, private secretary to Senator Simmons, has been in town several days rallying the Simmons forces. Senator Simmons has some very warm supporters in Dunn and the surrounding country.

Mr. H. B. Charles, a former superintendent of the light and water plant, is spending several days in town shaking hands with his many friends. Mr. Charles now has charge of the city plant at Washington, N. C.

Attorneys J. C. Clifford, N. A. Townsend and E. F. Young left for Raleigh yesterday afternoon to attend the supreme court where they will argue cases from the fifth and sixth judicial districts; cases from these two districts will be heard by the court this week and next.

WOULD TAKE BOOK TO TELL TROUBLES

Carrville, Ky.—Mrs. F. E. Cossey, of this town, says: "I have been afflicted for nearly six years, with womanly troubles, and would suffer so much, every month!

It would take a book to tell what I have suffered in that time. I got so I could not sleep at night, from nervousness. I had four different doctors to treat me, but they could not help. When I took Cardui, it relieved me at once. I can't praise it enough. I hardly know how to tell you what Cardui has done for me. I have taken about seven bottles, and nothing else I ever took gave me such relief.

All my friends know how bad I was, and how Cardui has helped me in many different ways. Cardui is made from purely vegetable ingredients, which act particularly on the delicate womanly system, building up health and strength, where it is most needed. During the past 50 years, it has helped thousands of ladies, afflicted with just such troubles as those from which Mrs. Cossey suffered.

It is therefore a remedy that you can feel confidence in. Its merit is guaranteed by years of success. Don't experiment. Take Cardui. Begin today. N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

SALLOW SKIN, BILIOUS HEADACHE AND SOUR STOMACH INDICATES YOU NEED CASCARETS

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow with dark rings under your eyes, your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember, that every disorder of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—a 10-cent box will keep you and the entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing occasionally. Children love to take Cascarets, because they taste good and never gripe or sicken.

100 per box Also 25c and 50c boxes Any Drug Store

WANTS A MONUMENT.

Mrs. Arrington Would Build Monument to Legislature of 1868. To the Editor of The Times.

Enclosed you will find a piece taken from the Wilmington Star which I hope you will copy in your paper and at some time give a small space to explain my move in this work of getting a monument put up to the constitutional convention of 1868, which gave a North Carolina first her own property, that being the first step ever taken that would give a woman her property and rights.

Many of the women are like I was, ignorant of the law and especially ignorant of who made the law after knowing there was such a law. So I come to you North Carolina women and plead with you to ask questions and find out who made the law so you may know who to feel grateful to and that you will, after knowing who your true friends were, to come forward with a helping hand and willing heart and aid in placing some monument or tablet in memorial to the legislature of 1868, showing our gratitude and appreciation.

Come one and all, do the best you can. If small amounts, it is all you can do and will prove your appreciation of the freedom given you by the constitutional convention of 1868. Young men, come with your sisters in this honor. MRS. PATTIE D. B. FREEMAN. The article referred to is as follows: Mrs. Pattie D. B. Freeman (formerly Arrington) has entered enthusiastically in an effort to bring about the provision of a tablet or memorial of some sort to the North Carolina legislature of 1868 for its action in the enactment of a law emancipating women in this state in their property rights in relation to their husbands.

She wants to enlist the younger generation of women and the young men in this movement. Recently she wrote Robert C. Ogden, the famous philanthropist, to enlist his aid and sympathy and has received a very favorable reply.

For bowel complaints in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil. It is certain to effect a cure and when reduced with water and sweetened is pleasant to take. No Physician can prescribe a better remedy. For sale by all dealers.

WILLIAM B. JONES, Commissioner. This September 2, 1911. d. t. d.

U. S. Department of Agriculture, WEATHER BUREAU WILLIS L. MOORE, Chief

September 27: Forecast—For Raleigh and vicinity: Generally fair tonight and Thursday. For North Carolina: Generally fair tonight and Thursday; light variable winds.

Weather Conditions: There has been a considerable rise in temperature in the lake region, and the middle and upper Mississippi valley in connection with a disturbance that has moved rapidly from the northwest to the upper lake region. This disturbance, in its advancement eastward, has caused much cloudiness with only light precipitation. Following this disturbance is an area of high pressure and somewhat colder weather. Only a few widely scattered light showers have occurred in the cotton belt; temperatures continue above normal.
