WAKE FOREST WINS.

Opening Game an Overwhelming Victory for Old Gold and Black.
Wake Forest, Oct. 2.—The Warrington high school football team, which generally furnishes an excellent practice game for the varsity, was overwhelmingly defeated Saturday in the first football game of the season by the score of 61 to 0. But three times did the visitors make a first down, and on each occasion the gains were the result of forward passes. Wake Forest was noticeably weak in the defense of this, which was Warrington's greatest ground-gainer. Only once was Wake Forest held for downs and this on the 1-yard line. This is the fourth season that Wake Forest has played this team, and the score today was three times as large as any before. Coach Thompson sent twenty men in to battle against the preps and all did well. Several of the best men were not used, among them being Utley, the most reliable ground-gainer on the team. R. L. Holding was the star of the game, making consistent gains whenever he received the ball and tackling hard on all occasions. Joyner was strong in recovering punts. Captain Betts was used at quarter and ran his team well.

Touchdowns: Joyner 4; Savage 1; W. Faucette, 3; Singleberry, 1; Cates, 1; Parker, 1. Goals: Harris, 7. Referee, Broughton. Umpire, Crozier. Field Judge, Dowd. Time of quarters, 10 minutes.

Stomach Sufferers Squander Millions

In Search of Relief.
The world is full of disordered stomachs and 90 per cent of the money spent upon physicians and drugs goes in an attempt to cure the stomach.
People are made to believe that in order to gain health they must doctor their stomachs and use cathartics. So the doctor gets his fee for the stomach treatment and the druggist for the physic, until the savings of a lifetime are exhausted and yet no cure.

Let's be reasonable.
The sick stomach is in every case the result of over-eating, hurried mastication and improper choice of foods. The mucous lining all the way down the food tract loses its sensitiveness, and when food is forced down the muscles fail to respond. They do not churn the food as they should. The glands no longer give out gastric juice to dissolve the food and render it capable of assimilation. The man has become a dyspeptic.

There is one sure way and only one to bring positive relief. Put into that stomach of yours the very elements that it lacks to get that food into liquid form. It takes pepsin, diastase, golden seal and other ferments to accomplish this. The healthy stomach contains these elements. The dyspeptic stomach lacks part or all of them. Stuart's Dyspepsia Tablet is made up of just what the dyspeptic stomach lacks—Nature's digestives.

Stuart's Dyspepsia Tablets are not a medicine, not a drug, not a cathartic. They do not cure anybody of anything but Dyspepsia, and indigestion and such ailments as arise from poorly digested food.

While they digest the food the stomach recuperates. The mucous membrane is coming out of its stupor, the gastric juice is coming to the surface, the muscles are regaining their power. Every organ of the body takes on new life, the skin gains color, and the eyes are no longer tinged with yellow. You live.

Why doctor and why drug yourself? Stuart's Dyspepsia Tablets will take care of your food while Nature cures you.

Try a box at your druggist's, 50c cents. Or, if you prefer a free trial package before buying, send your name and address today. P. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

To Help the Weak.
San Francisco, Cal., Oct. 2.—Human treatment of children and animals will be discussed by men and women from all parts of the country at the thirty-fifth annual convention of the American Humane Association, which meets at the St. Francis Hotel for three days this week, beginning tomorrow. Among the delegates are some of the most prominent workers in the cause of child and animal protection in the world. One of the most notable features prepared for the entertainment of the visitors will be an elaborate banquet to be given in their honor by the Chinese merchants of the city.

S.S.S. DRIVES OUT MALARIAL POISONING

Malaria is a disease which gradually destroys the strong, nourishing elements of the blood. When the malarial poison begins to absorb the rich, red corpuscles of the circulation, we see pale, sallow complexions and a general impairment of health. As the blood becomes weaker the appetite fails, digestion is disturbed, chills and slight fever are frequent, and in aggravated cases boils and eruptions break out on the flesh. Malaria is blood poverty, and the only way to cure the trouble is to enrich and purify the circulation. Nothing is equal to S.S.S. as a blood purifier, and it is especially adapted to the cure of malarial troubles because it contains no harmful minerals, and while ridding the system of the malarial germs, S.S.S. builds up the entire constitution by its fine tonic effects. If you are suffering with Malaria begin the use of S.S.S. and rid yourself of this weakening disease. Book on the blood and any medical advice desired sent free to all who write and request it. S.S.S. is sold at drug stores.
