

STATE FAIR NOTES

Headquarters Being Moved to Fair Grounds

Extra Pens Erected to Accommodate Live Stock Entries—Many Exhibits Being Placed—Unusually Good Races Promised Next Week.

Secretary Jos. E. Pogue and Treasurer S. L. Rotter of the North Carolina State Fair began moving their headquarters this afternoon to the fair grounds, where they will remain until the event is over next Saturday.

So numerous have been the live stock entries that many extra pens were erected today to accommodate the exhibits. Treasurer Rotter said that this is the first time in years that the entries in the live stock department have been more than the fair could accommodate.

The officers are being flooded with entries of all kinds and every building will be crowded. The society will be able, however, to take care of all exhibits. The outlook for splendid races was pronounced unusually good and lovers of fast horses will be entertained in a manner to cause delight.

HILLSBORO ROAD READY FOR FAIR WEEK TRAVEL

Supervisor Wiggs has finished repairing the Hillsboro road from the city to the fair grounds in anticipation of the large travel next week. Sometime during the winter Mr. Wiggs will build a magnificent road under the personal supervision of a government engineer. The convict force has been moved from this road to the Central highway.

Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c. at King-Crowell Drug Co.

Little Child Recovering.

Friends of little Emma Hamilton, who was injured by being struck by the automobile of Mr. H. C. Bridgers of Tarboro over a month ago, will be glad to know that she has so far recovered as to be discharged as a patient. The accident was unavoidable and Mr. Bridgers has displayed the greatest interest in the little girl and her parents, Mr. and Mrs. Rufus Hamilton.

Encampment.

Capital Encampment, No. 48, I. O. O. F., will meet tonight at 7:30. Work in the Royal Purple Degree. Members are urged to be present. Visitors will be welcome.

OUT OF SORTS

When you feel lazy, stretchy, half-sick, "blue" and discouraged look to the liver. It is torpid.

SIMMONS RED Z LIVER REGULATOR

IS THE REMEDY YOU NEED. It is not only an invigorating tonic for a torpid liver, but it extends its cleansing and restorative influence to the stomach and bowels. Helps digestion and food assimilation, purifies the bowels and brings back the habit of regular daily bowel movements. When the stomach, liver and bowels are active, bilious impurities no longer obstruct functional processes, the result of which is renewed energy, mental activity and cheerful spirits.

MR. CONTRACTOR---

The next time you need Sash Weights, Construction Castings, large or small Steel Bars, do us the kindness (and yourself the convenience) to get in touch with us. Our prices are low and orders are filled quickly. "Write the right folks." Raleigh Iron Works Company

A NEWSPAPER ADVERTISEMENT PROBABLY SAVED HIS LIFE

In December, 1905, I suffered severely with pains in my kidneys and could not sleep nights on account of backache. I became run down, fell off in weight and was at that point when I thought I would have to stop my work as saw filer at the Cedar Creek Saw Mill Co.

I had used about everything and had called in my doctor, but all to no avail. After seeing your advertisement in the newspaper, I made up my mind to try Dr. Kilmer's Swamp-Root as a last resort. After three months treatment I passed a gravel stone and at the end of one year's treatment, I was positively cured of all kidney troubles. After taking the first bottle I could sleep at night.

Now I am perfectly healthy and I honestly believe Dr. Kilmer's Swamp-Root to be a thorough cure for kidney trouble. I will allow you to publish this where it may aid others who are suffering and in closing I wish to thank you for my present good health.

Yours very truly, A. M. WILLIAMSON, Brewton, Ala. Sworn and subscribed to before me this 14th of July, 1909. JOHN PURIFOY, JR., Notary Public, for Escambia County, State of Alabama.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention The Raleigh Daily Times. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

CUPID GETS BUSY.

Newly Appointed Consuls Make a Rush to Take Brides Before Starting Abroad.

Washington, Oct. 13.—Sixteen young men passed the consular examinations last summer and are about to depart for foreign shores. Fifteen of them are married or will be before they leave. Emil Sauer of Texas is the only one that goes alone. Homer Brett, Walter H. Schultze and Graham Kemper, three of the sixteen, will wed this month.

Man Held After Recovery of Woman's Jewels in Baltimore.

Baltimore, Oct. 13. Charged with having stolen a pearl necklace, with a diamond eavillere, of a total value of \$1,250, the property of Mrs. F. E. Brown, of New York, Augustus Gross, colored, of 1318 Stockton street was before Justice Johnson this morning. He was held for a further hearing on October 20.

81,250 MISSING GEMS FOUND.

Mrs. Brown missed the jewelry while stopping at a hotel here last week. The police inquired into the matter and the arrest today resulted. The clew came through a local jeweler, who reported that a colored woman had left a valuable diamond pendant to be made into a stick-pin. Detectives waited at the store, and when the woman appeared she was detained. The missing pearls encircled her neck. She was Addie Gross, wife of the man arrested. At a hearing this morning Gross said he had found the gems in the street.

Man Held After Recovery of Woman's Jewels in Baltimore.

Trained Men.

The best trained and most popular librarian south of Boston is Dr. Louis R. Wilson, who is the most potent agent for the development of library enthusiasm in the state. The university is not antiquated; it is thoroughly abreast with the demands of the present.

The Legislature Thanked.

Dr. Mims referred with feeling to the recognition bestowed on the university by the last legislature, which did more for the institution than any previous legislature has ever done. By all the achievements of the past, the state has a right to expect to see the university realize the vision of a great central university, consecrated to high ideals and to democracy.

A Democracy.

In concluding Dr. Mims said that materialism is needed, and at the same time there will always be room for sound and wise thinking. Training in history, philosophy, the languages—these things will never pass away. The university, with its democratic spirit, is reaching out to the people, and the extension work recently inaugurated will mean much for the democracy of the future toward which we all confidently look.

Mr. Shepherd and Others.

Toastmaster Joyner thanked Dr. Mims for the message, and the speakers who followed referred to its strength. Mr. S. Brown Shepherd spoke for a few moments on ideals of the present. Mr. Percy J. Olive, who is not an alumnus, but who was present as a guest, was called upon by Dr. Joyner and spoke as one inspired by the message from the campus. Mr. Olive

Fine Message From Dr. Mims

(Continued From Page One.)

he fancied these things were fresh in the minds of those who had walked the campus; they are memories that cannot be produced in a day.

The memory of the past is the heritage of university men, and they would be unworthy not to cherish it; but they must be worthy of that past by seeing that the problems of the present are met as courageously as in the days of old.

Best Days in Future.

Challenging the idea that the best days are those that have passed, Dr. Mims declared that the alumni of recent years may well stand the test of the alumni of the past. In education, business, politics, science, they are in the front. To George Stephens of Charlotte he accorded the honor for building a modern suburban town; of directing a great financial institution and of helping to reshape perhaps one of the great newspapers of the state, Julian S. Carr, Jr., of Durham, has led in welfare work and has put into operation the profit-sharing scheme. Referring to the community of Raleigh, he mentioned the constructive work of County Superintendent Judd; mentioned City Superintendent Carmichael of Durham as a path-finder. Other educators of the younger class are the presidents of the Salem Female College, the Eastern Training School and the Greensboro Normal, founded by Melver and maintained with ability by Foust. Of last year's graduating class—the most notable in years—three of the members will devote their lives entirely to education.

In Other Fields.

Speaking of other fields of endeavor, the speaker referred to R. D. W. Connor and his work with the historical commission. "Do you know," asked Dr. Mims, "that Dr. John R. Ferrell is today doing work that is attracting the attention of the entire world? His work makes it seem that the days of the New Testament are come again, when men are coming to the leaders to be relieved of their distress. That this young graduate is doing a work that is attracting the attention of the entire world is a matter of sincere gratitude."

"On a Business Basis."

Dr. Mims asked about the institution itself and answered the question by saying that the present administration has done more in the past ten years than any previous administration; the university has been placed on a business basis. He told of the different departments and their thoroughness. The publication of the Elisha Mitchell Scientific Journal, and of the other works and books of the faculty speak most eloquently of the strength of the faculty. Dr. Archibald Henderson has attracted the attention of the entire English-speaking world; Dr. Raper is writing a work on railroad transportation; Prof. Graham is editing for the Macmillan Company, Shakespeare. Prof. Chas. H. Berry has revolutionized the turpentine industry with his Herby cup and this year will save \$12,000,000 to the south. Speaking of pure science and research work, he declared the university can claim a precedence absolutely unchallenged, his many friends, irrespective of denomination, that he will remain in Raleigh.

Trained Men.

The best trained and most popular librarian south of Boston is Dr. Louis R. Wilson, who is the most potent agent for the development of library enthusiasm in the state. The university is not antiquated; it is thoroughly abreast with the demands of the present.

The Legislature Thanked.

Dr. Mims referred with feeling to the recognition bestowed on the university by the last legislature, which did more for the institution than any previous legislature has ever done. By all the achievements of the past, the state has a right to expect to see the university realize the vision of a great central university, consecrated to high ideals and to democracy.

A Democracy.

In concluding Dr. Mims said that materialism is needed, and at the same time there will always be room for sound and wise thinking. Training in history, philosophy, the languages—these things will never pass away. The university, with its democratic spirit, is reaching out to the people, and the extension work recently inaugurated will mean much for the democracy of the future toward which we all confidently look.

Strength Comes

Not from What You Eat, but from What You Digest.

A Tablet Digests a Meal, Trial Package Free.

Most people eat most foods without discrimination—it matters little what food does for them. This is the first fact on the road to dyspepsia. Reckless disregard of the proper choice of foods, rapid eating and improper mastication, are the unquestioned causes of all stomach disorders from the slight ache to the malignant cancer.

There is nothing more revolting than a dyspeptic stomach—a very vat for putrefaction, ending forth its poison throughout the entire system, depressing the brain, befouling the breath, souring the taste, denuding the muscles, incapacitating the liver and kidneys for their work, debilitating the heart, choking the lungs and clogging the bowels.

All of these disagreeable and dangerous conditions are due to the improper digestion of food and the consequent assimilation of poison. What else can be expected? If the food lies in the stomach, if the system is constipated, fermentation is the natural outcome. It shows itself in sour watery risings, belching, heartburn and painful breathing.

There is only one way to remove this condition. If the stomach refuses to digest your food put something into it that will. Sturdt's Dyspepsia Tablets are nothing but digestives. They are not a medicine. They work when the stomach will not.

Each tablet contains enough pepsin, diastase, golden seal and other digestive elements to reduce 2,000 grains of ordinary food to the proper consistency for assimilation into the blood.

Sturdt's Dyspepsia Tablets are absolutely pure. There is nothing harmful in them as shown in their endorsement by 40,000 physicians in the United States and Canada.

Ask your family physician his opinion of Sturdt's Dyspepsia Tablets and if he is honest toward you he will state positively that they will cure your stomach trouble whatever it may be, unless you have waited too long and have allowed your disorder to develop into cancer.

Act today and begin to end your suffering. A free trial package will be sent to your address upon request. The 50-cent size packages are for sale at your druggist's. P. A. Stuart, Co., 150 Stuart Bldg., Marshall, Mich.

confined his remarks to a subject with which he is entirely familiar and in which he is thoroughly in sympathy—that of rural education in Wake county. He told of the work done here by Superintendent Judd, a university man. After Mr. Olive concluded, Mr. Joyner expressed the sentiments of the gathering when he said "we are willing to adopt Mr. Olive into the family."

Ex-Judge R. W. Winston spoke of Raleigh's progress, happily remarking that Raleigh is now the capital of the state, and saying that the university should recognize this city more than ever. He thought two ball games should be played here a year—a football game in the fall and a baseball game in the spring. This he said with hearty approval.

Mr. Frank P. Graham, probably the youngest alumnus present, but one of the strongest, talked vigorously and clearly for a few minutes; Mr. Richard B. Battle whose recollections run back to 1843 and who was acquainted with professors who had been at Chapel Hill as early as 1800, spoke reminiscently of the olden days, told of his well known love

for his alma mater and expressed his gratification at being present.

Resolutions and Officers.

Col. A. J. Feild expressed the regrets of Governor Kitchin, as loyal to the state's leading institution as if he were an alumnus, and the alumni by a rising vote unanimously extended its thanks for the message and their appreciation of his friendship.

Col. Thos. S. Kenan, the courtly gentleman and honored alumnus, was not present, and a resolution expressing regrets was unanimously adopted.

Mr. W. J. Andrews moved that the president of the alumni association empowered to appoint delegates to the next meeting of the general alumni association, which will elect five members of the alumni council. This was carried.

Mr. A. B. Andrews, Jr., nominated Dr. J. Martin Fleming for president of the local association and his election was made unanimous. Mr. John W. Hindsdale, Jr., and Mr. Joseph B. Cheshire, Jr., were unanimously elected vice-president and secretary.

A vote of thanks was extended to the committee on arrangements. Messrs. Joseph B. Cheshire, Jr., John Hindsdale, Jr. and S. H. Farabee—for the manner in which they had prepared for the banquet. Mr. Frank M. Harper, superintendent of the city schools, reported that the beneficiary of the Wake county scholarship was a credit to those who sent him to the university and expressed the thanks and appreciation of the young man.

Those present were: Messrs. Perry Bushee, J. Y. Joyner, J. Bryan Grimes, Edwin Mims, S. Brown Shepherd, Fred Temple, John Boushall, A. L. Feild, Frank Graham, H. M. Gaddy, M. Ashby Lambert, S. J. Adams, F. E. Hester, J. R. Ferrell, A. B. Andrews, Jr., Hon. Walter Clark, Clarence A. Shore, F. A. Cox, E. C. Smith, R. D. W. Connor, C. G. Keeble, Eldon Payley, H. G. Turner, Hubert Haywood, Jr., J. B. Cheshire, Jr., R. W. Winston, Alex. J. Feild, R. H. Battle, G. L. Jones, W. S. Wilson, Frank Harper, S. H. Farabee, Percy J. Olive, Z. V. Judd, W. J. Peelle, J. M. Fleming, John Hindsdale, Jr., Charles U. Harris, W. J. Andrews.

POSSE HUNTS FOR NEGROES.

Short Shift Promised for Pair Bride of Pennsylvania Farmer Drive.

Butler, Pa., Oct. 13.—A posse was organized here tonight to hunt two negroes who attacked Mrs. Thomas Watson, a bride of twenty-five, in the home of her husband, a farmer, early this afternoon.

"Buckshot in his doses," declared one of the mob, "will be the lot of the negroes if captured. Shooting, we believe, to be the quickest method of ridding the community of the negroes who are thought to have been implicated in other assaults and crimes."

The implied threat to negroes irrespective of their law-obeying tendencies caused every black for miles around to take to cover. The posse scoured territory for miles. Not a negro was encountered. At a late hour the hunt was still in progress.

Mrs. Wilson was able to ward off the negroes when they attacked her. She snatched up a double-barrelled shotgun. The contents of one barrel she discharged into the thigh of one negro, who limped away howling. Seeing his companion wounded the other black man tried to escape. Mrs. Watson fired over his head as he disappeared around a corner of the house.

Out of every one hundred male children born in France seventy per cent. now survive, as against sixty-seven per cent. a few years ago.

VOTING LISTS QUESTIONED.

Names of 3,000 on the Registers in Baltimore to Be Investigated.

Baltimore, Oct. 13.—Four men judges and two clerks of election were presented by the grand jury today. There were discrepancies in the count for comptroller only, and there is doubt whether there was any fraudulent intent. The officials are men of excellent character. One of the judges is William F. Wheatley, former secretary of the corn and flour exchange. Altogether there were twenty boxes opened today.

The republican "organization" will proceed tomorrow against the democratic registers in two precincts in the fifth ward who refused to accept alleged doubtful lists offered by the republicans. Altogether the republicans turned in about 2,000 names as doubtful, and the democrats 1,000. All of those named must appear on Friday or next Tuesday and prove they are qualified to vote in the precincts in which they are registered.

Charles J. Bonaparte and J. Kemp Bartlett have been employed to prosecute the Anne Arundel county registers who refused to accept the lists yesterday.

Want Beautiful Hair? Then Try This Shampoo

(Maid Marion on Beauty)

"It is a well-known fact that wet shampoos work injury to both hair and scalp, as all contain more or less potash and free alkali, necessary to create a lather. These two chemicals reduce the vitality of the hair glands and delicate tissues, and drenching the head to remove the lather usually aggravates the condition.

"A very fine dry shampoo that is cleansing and beneficial to hair and scalp can be made by mixing 4 ounces of either orris root or corn meal with 4 ounces theriac. A tablespoonful sprinkled on the head, then brushed well through the hair cleanses and exhilarates the scalp, takes every particle of dust and oil from the hair, and leaves it soft, glossy and easy to do up."

MR. MERCHANT.

Go to Toyland to buy your Fall Stock. Prices low. New goods.

SLEEP ON CI MAN BEDS.

The Eureka Mattress Company are the only people in the State that are especially prepared to make over Hair, Felt, Cotton or Wool Mattresses.

We also make Feather Beds into Mattresses and wash and medicate Feather Beds and Pillows. First class work guaranteed. Work called for and delivered same day.

Over 27,000 Beds cleaned and made over in Raleigh and not a single complaint. Over 500,000 Beds made over in the State of North Carolina. What better recommendation can we give you? C. C. Phone 132. Factory 329 S. McDowell Street.

NEW SERIES JUST OPENED

The Books of the Raleigh Building and Loan Association are now open for subscriptions to shares in the 13th series

If you know this association and the great work it has done and is doing for the home-building and home-owning class of this city, you will admit that it is worthy of your patronage. If you do not know of our great work, reserve your opinion until you investigate—for you owe it to yourself and us to learn more about us. Our statement of September 30th shows remarkable gains—ask for one.

The par value of a share—we issue two series each year—is \$100.00 and the weekly payment is twenty-five cents per share. A membership fee of 25 cents per share is required. Shares can be withdrawn at any time by giving 30 days' notice.

When the payments made upon the shares with profits added, equal \$100.00 per share, it has reached its par value and is declared matured, and that particular series is paid off and closed.

All taxes on money accumulated are paid by the Association. All shareholders are partners in the Association and share alike in the profits.

No loan made except to stockholders—each share of stock entitles the holder thereof to a loan of \$100.00. Interest payable weekly or monthly at 6 per cent.

Loans are made upon real estate in Raleigh township on a basis of two-thirds its real value, or upon stock of the Association at ninety per cent. of its value.

Call and see us today while interested, or drop us a line. Better yet, step to the phone and ask for No. 41.

RALEIGH BUILDING AND LOAN ASSOCIATION,

JAMES I. JOHNSON, President. Office 107 Fayetteville Street. J. C. ALLISON, Sec. & Treas.
