Philadelphia, Pa., Oct. 26.—The championship of the world dangled at the belts of the champions of the American League long before the game was ended this afternoon at Shibe Park, and after the game the Athletics were hailed as champions. A combination of good pitching, hard hitting and strong defensive play turned the trick and sent glory into the hearts of the New York Nationals.

Bender and Ames began work on the firing line, but the latter was taken out after his team blew up in the fourth inning. The Athletics played in their old-time form and deserved to win. In winning today's game they made it four out of six. This is the second time ever to win two world's championships in succession.

On the Grounds Early.
Philadelphia, Pa., Oct. 26.—New York and Philadelphia players were on the grounds an hour before the game began and kept the crowd interested by their lively fielding and batting. All the New York pitchers were in the practice, and all the Philadelphia pitchers practiced except Coombs. "Iron man" Coombs was the subject of many rumors today. One report had him dead. Connie Mack said that Coombs was not badly hurt. "He received a bad strain," Mack said, "and needs a rest. He is in bed this morning but will be on the grounds this afternoon, but he will do no running around."

JACK COOMBS IS IN SERIOUS CONDITION

Philadelphia, Oct. 26.—Jack Coombs, the brilliant Athletic pitcher, is in bed at home, with serious internal injuries. In the sixth inning of yesterday's game at New York, he wrenched his intestines. Today his condition is worse. His physician called in two doctors and they succeeded reducing the injury, saying no operation will be necessary. Coombs will be in bed for a week. He will pitch again next season. Coombs said in the sixth his cleats caught in the pitcher's box and when he delivered the ball, he felt a terrific jar. The pain was intense on the right side, but he kept on pitching. Rupture of the intestines killed Mike Powers, Athletics' catcher, several years ago.

who are each capable of holding their own. On left end is Captain Bets and Joyner, a freshman, while right end is cared for by Holding. W. is a last year's scrub and Fayette end of last year's team. From tackle to tackle the team is parliamentary strong. Gartsis and Holding H. L. are both freshmen. In regard to Holding at Lexington Saturday, the Washington and Lee coach sent in several players with the instructions, "Stop that tackle or I will take you out," and in each case a new man was sent in for none were able to stop him. The surprise of the game to the local enthusiasts was the showing made by Britton. A freshman, he hails from China, his father being a missionary to that country, and became a school without experience. However he has taken to the game and tactics and Holding are having to work hard to retain their positions. At guards both Dunn and Williams are hard, consistent workers and it is seldom that a gain is made over them, while they can be counted on to make openings whenever desired. Probably the man who has shown the most improvement in his position this year is Carter at center. He had never seen a football game of any kind until he came to school last year, but by his perseverance he had a regular place as guard on last year's team. This year he was shifted to center and at the first of the season he was considered weak, but the experience he has gained in games and besides the coaching he has received from Coach Thompson, the individual coaching that he received from Bray, for four years center on A, and M. he is now one of the best men on the team.
