MUCH IMPORTANT WORK Five Minutes Sometimes Makes A Big Difference

Present Session of Congress (Will Be Busy One)

Serious Legislative Program Mapped Out, But It Is Not Expected That Much Legislation Will Go On the Statute Books.

(By Winfield Jones.)

Washington, D. C., Dec. 6.—When the first regular session of the sixty-second congress was called to order here Monday the national legislators found themselves confronted with the most important work that has faced a session in many years. A big game of politics is on, for both parties will play politics from the start.

A serious legislative program has been mapped out, but with eleven appropriation bills in the way, and the tariff the overshadowing issue, according to the democratic leaders of the house, it is doubtful that much general legislation will go on the statute books.

On the other hand, the tariff alone will furnish sufficient issues for the next presidential campaign. The house democrats are determined to force it to the front, even in preference to the anti-trust legislation demanded by the president and some of the republicans. The country will be called upon to decide, in the end, which was the paramount issue.

A bird's eye view of the situation indicates that the following legislation will take precedence during the session which has just opened.

First: Bills originating in the house providing for a substantial reduction of the tariff, especially of the wool, cotton, iron, steel and chemical schedules of the Payne-Aldrich tariff law. To put any of these bills through the senate, the democrats must have the aid of the insurgents who helped last session to pass the bills afterward vetoed by the president. The house democrats will pay little attention to the report of the tariff board, unless it coincides with democratic views.

Second: Appropriation bills, also originating in the house, which will be modeled along democratic lines of economy. The democrats propose to make substantial cuts in appropriation and to do away with billion-dollar congresses.

Third: The arbitration treaties with Great Britain and France. The senate will be considering these treaties while the house is wrestling with the tariff and appropriations. Arbitration is one of the president's pet policies, but it is still doubtful whether the senate will approve the treaties.

Fourth: Amendments to the Sherman anti-trust law. There is the greatest diversity of opinion in the house and senate as to whether the Sherman law should be amended or left alone. The tariff and anti-trust legislation is expected to consume much of the time in both bodies of congress during the session.

Fifth: A federal incorporation act, which the president will suggest as one of the remedies for present business troubles.

Sixth: A bill providing for currency reform, drawn probably after the Aldrich plan.

Seventh: A law providing the operation, government and maintenance of the Panama Canal.

Trailing along, without such chance for passage at this crowded session, will be bills for a ship subsidy, a parcels post, a measure creating a national department of public health, and a bill inaugurating

The instant relief afforded poor overburdened stomachs by the use of a Stuart's Dyspepsia Tablet should be a reason for constantly keeping a box on hand—at home and at the office as well.

The Stomach Welcomes Quick Relief.

A Stuart's Tablet not only aids digestion but it actually does the digesting itself. In other words it furnishes exactly the same elements for the digestion of food as the natural juices of the stomach. The stomach, therefore, is not called upon to do any of the work except to churn the juices furnished by the tablet and then push the digested food along into the intestines where it will be still further digested and the strength taken up by the blood to be carried to the muscles and nerves of the body.

So by taking a Stuart's Dyspepsia Tablet after a meal you give the stomach the rest it needs in which to mend itself and grow well again. And you absolutely prevent the souring of any food, the formation of any poisonous gases, belching, foul breath or constipation.

Stuart's Dyspepsia Tablets have done more for humanity and have caused more rejoicing than any other agency that can be named.

Every druggist everywhere sells and personally recommends Stuart's Dyspepsia Tablets. The price is 50 cents per box. If you first wish to try them a sample package will be sent if you write to F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

HOME CURE FOR RHEUMATISM

Do not waste time nor take chances of becoming a cripple or helpless sufferer from Rheumatism by trying to cure the disease with external applications alone. Such treatment sometimes gives relief from the severe pain, or may reduce the inflammation of a swollen joint or muscle, but the effect cannot be more than temporary. Each day the cause is allowed to remain in the system Rheumatism gets a firmer hold on its victim. Purify your blood of the inflammatory uric acid and then you will cure the disease permanently. The system will respond more quickly and surely to S. S. S. than any other treatment. This great blood purifier possesses the penetrating qualities necessary to drive out every trace of urate matter from the circulation and build the blood up to a nourishing and healthful condition. Only pure blood can overcome Rheumatism. Thousands have cured themselves of Rheumatism by using S. S. S., a medicine made entirely of roots, herbs and barks; no harmful mineral enters into its composition, and S. S. S. is therefore safe for any one to use. Book on Rheumatism and medical advice free. S. S. S. is sold at drug stores.

Representative Underwood predicts that it will be impossible to get much legislation through the house, beyond the bills reviving the tariff and the appropriation measures. General debate on each bill must be long, there will be scores of orators who want to make campaign speeches which will go into the congressional record for free distribution "back home."

The democratic party has two principal slogans in the house. These are: "downward revision of the tariff" and "economy in appropriations."

The senate will talk arbitration and anti-trust legislation meanwhile, with prospects that the real work of the session, so far as results are concerned, will not begin to show until February or March.

Whiskey or Beer Habit

ORRINE is the standard remedy and is everywhere recognized as the most successful and reliable home treatment for the "Drink Habit." It is highly praised by thousands of women, because it has restored their loved ones to lives of sobriety and usefulness, and the weekly wages which at one time were spent for "Drink" are now used to purchase the necessities and many comforts for home. Any wife or mother who wants to save her husband or son from "Drink" will be glad to know that she can purchase ORRINE at our store, and if no benefit is obtained after a trial the money will be refunded.

The annual election of vestrymen for St. Phillip's Episcopal church took place last night at the rector's study and resulted in the choosing of the following men:

Messrs. C. M. Herndon, W. A. Erwin, W. A. Guthrie, W. J. Griswold, E. K. Powe, J. Harper Erwin, C. H. Burcham, P. C. Graham, E. G. Muse, A. E. Lloyd, J. M. M. Gregory and Dr. J. M. Manning. It was not a largely attended meeting, but there was a great deal of enthusiasm in the talks made after the work was over.

Friday night of this week, the first session of the vestry under the new election, will be held. Officers will be elected, junior and senior warden and secretary and treasurer. Senior Warden W. L. Wall, one of the first members of the congregation, has tendered his resignation and will go soon to Hillsboro to live. His successor will be chosen at this meeting.

The funeral services over the remains of Mr. William J. Warren, who died Monday morning at Brevard, will be held this afternoon from the residence of Mrs. W. P. Redmond, a sister at 2:30.

Rev. J. H. McCracken of the Methodist church of Beaufort will conduct the service. Mr. McCracken was formerly the pastor of the Warren family at West Durham where they attended church. The Elks will attend the funeral in a body and the burial will take place in Maplewood. The body reached the city yesterday morning at 9:30 and was attended by two members of the Durham lodge besides the brother of Mr. Warren, who came all the way from Brevard.

Mr. and Mrs. L. S. Christian have returned from Savannah where they were the guests of Mr. and Mrs. S. H. Reams of that city.

They were down there during the great races and enjoyed these next to the entertainment of General and Mrs. Rams. The former Durham man is doing handsomely in his home.

The Durham county farmers union will meet Saturday morning at 11 o'clock in the county court house for the purpose of holding the annual election of officers.

Immediately following that election, the boys corn contest will take place, at which time there will be awarded the money prizes for the best corn yields. It is going to be helped considerably this time by the pictures which are to be taken. The gentlemen inspiring the interest in the contest are going to have a photographer present to take a snap shot of the young men when are revolutionizing the productivity of an acre.

The parents are going to be asked too, so that the pictures of all may be sent to Washington. This is a big thing this year. The yields are a real improvement over the last year and 107 bushels were gotten from one acre then.

Postmaster J. A. Giles is the most active spirit behind the corn club and organized it. He is president of the association and is very happy over the work it is doing.

The senior and the Tuesday afternoon bridge clubs held a joint meeting yesterday afternoon at the home of Mrs. J. M. Manning on Dillard street. Mrs. Manning was hostess to the Seniors and Miss Lottie Sharp had the Tuesday afternoon club. The Seniors played in pivotal style and the Tuesday afternoon club progressed. The joint meeting was a delightful one.

News From Bailey.
(Special to The Times.)

Bailey, N. C., Dec. 6.—Many changes are being made here. The new firm, Langston Bros. who recently bought the grocery business of J. C. Taylor, have leased the old Farmer hotel and are running an up-to-date hotel here now.

Lamm & Privette another new firm have bought A. H. Bissett's store near the depot.

Mr. E. B. Farmer has opened a new store also.

The new bank building is completed, also the new postoffice.

Bailey now has fifteen stores and three nice churches but no school to it's shame, the little children have to walk two miles to school.
