

NIGHT NAME STARBUCK

Republicans Figuring On Leader Next Year

Winston-Salem Lawyer Sounds Good to Many Republicans—Would Unite Both Factions and Poll Large Republican Vote—Is Strong Man in Community.

How would Judge Henry R. Starbuck of Winston-Salem do for the republican candidate for governor this fall?

That is the question republicans are asking each other, and each time the answer is in the affirmative. Judge Starbuck is supposed to belong to the Morehead faction of the party, but he has never been active one way or another, is a clean, patriotic citizen and nothing could be brought against him.

Both factions of the republican party would vote for him. The Duncan faction would undoubtedly make a good move in endorsing him and his candidacy would do a great deal to heal the breach that has existed for several years.

Judge Starbuck has represented his county as senator in the last legislature. He is one of the few republicans who can get anything he wants in Forsyth county and if he would submit to allowing his name to head the republican state ticket he would undoubtedly lead it.

Republicans do not deceive themselves. They know that a republican cannot be elected governor, but they believe that a strong republican, such as Judge Starbuck, would surprise the opposition with its strength. It is conceded undoubtedly that Mr. Locke Craig of Asheville will be the democratic nominee and that he will be elected.

The republicans have got to put out a ticket and it remains to be seen whether they will get together on a good man. But Senator Starbuck is a modest gentleman and might object to the operation.

WEAR PAPER "WESKITS."

They Are Equal to an Overcoat and Afford Much Warmth.

A "white gentleman from the north" came in today and emphasized the good use to which old newspapers can be put at a time like this. He says there are plenty of people suffering from cold when they could be relieved and sleep or travel in comfort by the judicious use of a few old papers.

People get cold in sleeping sometimes, not because they haven't covered enough, but because there is not enough under them. A few thicknesses of paper spread under the mattress will remedy this and substitute comfort for discomfort. A newspaper spread under the breast and buttoned up under the waistcoat will give warmth or if you are going on a drive and your overcoat is not heavy enough, will supply the deficiency. Better still, make a hole in the paper and put it over your head, letting it cover both breast and back. Some people know this but many do not and we pass along the suggestion with the hope that some may be benefited.

Pumping Running Streams of Water

The rapid and large increase of the supply of water in the reservoir Saturday night, during the time the supply to the city was withheld, clearly demonstrated that a large proportion of the water pumped into Raleigh was running to waste. Since the water has been turned on again, the pumping gauges show that the consumption has again run up about half million gallons a day above the normal—even in warm weather, which shows some idea of the immense quantity which consumers are wasting by permitting continuous running streams from open faucets and other water fixtures. At one time a suggestion was made to cut off the public fountains which have running streams, but as a very large number of poor people get their entire supply for necessities of life from these fountains, the idea of cutting them off was abandoned. On account of the continued and heavy waste the water company has again published notice that the supply will

Hood's Sarsaparilla

Acts directly and peculiarly on the blood; purifies, enriches and revitalizes it, and in this way builds up the whole system. Take it. Get it today. In usual liquid form or in chocolate coated tablets called Sarsatabs.

be withheld tonight, and consumers can bear this in mind and make their arrangements accordingly.

HEALTH MEETING TONIGHT

Don't Forget the Meeting of the Raleigh Health League Tonight at 8 O'clock, Chamber of Commerce.

There are many facts about the health of Raleigh which we ought not to publish,—facts which concern the traveling public, but which concern most vitally the permanent residents of Raleigh. As good citizens interested in your own protection and the good name of your city, the league wishes you to attend this meeting. It makes no difference whether you are a member of the league or not, come to the meeting. This meeting is to consider what may be done to prevent the death of something like 500 Raleigh people that is very likely to occur during the coming year. Some of these deaths can certainly be prevented, provided everybody will do their bit for only your part of it.

At the meeting tonight a paper will be presented which sets forth in detail the organization of the Raleigh Health Department, and points out specifically the defects in that organization.

A second paper gives the comparative death rates, total deaths, and ages of decedents in Raleigh as compared with the average city in the United States. The figures for Raleigh are taken from Raleigh's own records,—the local registrar of deaths office, and the figures for the United States are taken from the figures of the bureau of the census. There are the facts, and if the citizens of Raleigh prefer to know the exact status of Raleigh's health and not to have mere opinions about it, they can get this knowledge by attending the meeting tonight.

A third paper will point out the fact that milk supervision in Raleigh is a thing in name only, and this important statement will be supported by more facts. This paper will also tell you what kind of meat you get; how meat supervision in Raleigh compares with the standard.

A fourth paper will deal with the garbage ordinance of the city, and will be very instructive.

Disease is communicable, and you can't be healthy unless the community in which you live, unless those with whom you associate, are healthy. For your health's sake, and for the good of your city come to this meeting; lend your support to the promotion of Raleigh's health.

New Enterprises

The following charters were issued by the secretary of state today:

Wake Club, Incorporated, of Raleigh; to provide and encourage social intercourse, etc.; the corporation has no capital stock; incorporators: E. Smith, T. J. Moore and R. C. Bachelor.

Parrish-Godwin Co., of Benson; general merchandise and farm supplies; authorized capital, \$50,000, with \$8,000 paid in by Alonzo Parrish, J. H. Godwin and G. A. Heon.

Egypt Improvement Co., of Cumnock, Lee county; to acquire lands in Chatham and other counties containing coal and iron and other ores and develop them and to deal in timber, real estate, etc.; authorized capital, \$30,000, with privilege of increasing to \$100,000, but may organize with \$500; incorporators: John L. Tull, John H. Kennedy, Gulf, Wm. A. Guthrie, Durham; John T. Crankshaw, John B. Lennig, Philadelphia, Pa.

Thompson-Watkins Co., of Rutherfordton; to deal in drugs; authorized capital, \$10,000, with \$3,000 subscribed for by W. A. Thompson, W. O. Watkins and A. A. Rucker.

SOME FINE PLEADING IN SUPERIOR COURT

The pleading of Col. J. C. L. Harris, Mr. John W. Hinsdale, Jr., Mr. Ransom Hinton and Messrs. W. D. and R. D. Buffalo—the latter three not lawyers, but planters—saved three colored boys from a term on the roads this afternoon. The young fellows, Clad Jones, Hubert Hinton and John Stephenson, were found guilty of an affray and Hubert and John pleaded to carrying concealed weapons. Each were fined \$15 and costs in the affray case, but judgment was suspended in the cases for carrying concealed weapons. The costs were divided among the three defendants. Solicitor Norris and Mr. E. M. Bledsoe, justice of the peace, said that the boys had not been in trouble before to their knowledge, and Judge Bragaw gave them another chance.

John Dunn was found guilty of larceny and receiving, but judgment was not passed.

Sam Crowson and William Hinton, alias Soa Hinton, were convicted of resisting an officer, but judgment has not been passed.

FUSE BLEW OUT AND DAMAGED BOTH EYES.

Mr. P. M. Mangum of Henderson was brought to Raleigh today to have his eyes treated by Dr. Joe Whitaker. He was playing some wires in a cotton mill yesterday, when the fuse blew out, and did damage to both eyes. It is not thought the injury will be permanent.

FOSS NOT TO SAVE RICHESON

Governor Will Not Commute Death Sentence of Clergyman-Murderer.

Boston, Mass., Jan. 16.—Governor Foss has made it practically certain that he will not attempt to save the life of the Rev. Clarence V. T. Richeson, slayer of Avis Linnell. The governor's secretary tonight issued this statement:

"Governor Foss has never sought to go beyond the clearly defined duty of his office, and he desires me to state that under no conditions whatever will he either seek to exceed the power vested in him or to evade the responsibility fixed upon him by the constitution and statutes of the Commonwealth."

Friends of Governor Foss believe that he had intended to recommend commutation of Richeson's sentence, but that the great number of letters pouring in upon him from all parts of the country within the past few days, urging the extreme penalty caused the governor to doubt the wisdom of endeavoring to ask the council to recommend a modification of Judge Sanderson's decree.

LOOK FOR "GOLD NICKELS"

Chicagoans Aroused by Report of Mistake in Coins.

Chicago, Ill., Jan. 16.—"Look over the change in your pocket" is the slogan here. "Have you a 1911 nickel, and has it a peculiar yellowish tint?"

For several days Chicagoans have believed that every 1911 nickel they had was a 55-cent piece. Rumor said the government was recalling its recent issue of the 5-cent piece, because each coin contains 30 cents worth of gold. F. C. Russell, cashier of the Subtreasury, however, denied the story yesterday.

The National City Bank some days ago received a bag of nickels from the government which did not seem to "ring" like nickels. They also had discolored east of countenance. They were returned to Washington, approved, and sent back to the bank. They were again returned to the treasury where they are under examination.

NEW COUNTERFEIT BILLS OUT

Secret Service Warns Against \$5 Silver and \$10 Gold Certificates.

New York, Jan. 16.—A notice has been sent to all subway and elevated agents, banking houses and large commercial houses by Chief John E. Wilkie, of the secret service, warning them of three new counterfeit bills in circulation. One is a pen and brush counterfeit \$5 silver certificate, series of 1899, with no plate number and bearing the names of W. T. Vernon, secretary of the treasury, and Lee McClung, treasurer of the United States.

The second counterfeit is a \$10 gold certificate bearing the same names and made with pen and brush with a few yellow and black lines representing silk threads. The third counterfeit is a poor pen and ink production of a \$10 Canadian banknote of the Banque d'Hochelega.

Windows.
Most women seem to think that windows are made merely to be fitted with curtains that will keep out the light.

Some women never know where generosity ends and extravagance begins.

GOOD ROADS CONVENTION

All of the States East of the Mississippi Represented at the Convention.

Washington, Jan. 16.—All of the states east of the Mississippi are represented by at least three delegates at the Federal Aid Good Roads Convention, which convened at the Hotel Raleigh, here, this afternoon.

The convention will last for three days during which time five sessions will be held. More than one hundred senators and representatives friendly to the movement to procure the aid of the government in the improvement of the highways, have announced their intention of attending at least one of the sessions, and Representative William Borland, of Mississippi, has promised to address the convention and lead the discussion in favor of the proposed Lincoln Memorial Highway, from Washington to Gettysburg.

The governors of nearly half the states of the Union are represented.

MAINE ICE CROP GOOD

Harvest From Thirteen to Sixteen Inches in Thickness.

Portland, Me., Jan. 16. It is predicted that the ice crop in Maine this year will be fully up to the average of other good seasons. The mild weather of December caused the ice men some anxiety, but the intense cold of the last two weeks has laid a coating of ice from 12 to 16 inches thick over the lakes and rivers of Maine.

Some desultory cutting has already been done on the ice fields, but the real work will commence this week. Big crews of men passed through this city today bound for the Kennebec River fields of the American Ice Company.

KING KILLS 21 TIGERS

More Than Half of Beasts Bagged in Nepal Brought Down By George.

London, Jan. 16.—Photographs of King George's shooting expedition in Nepal have now arrived in England and reproductions will appear in tomorrow's papers. They do not give any new information as to the details of his Majesty's exploits with the gun, though the Daily Mirror will say that King George added another record to his long list of shooting successes.

Out of a total bag of 39 tigers 24 fell to the King's gun and report says he brought down a tiger and a bear with the right and left barrels.

Shooting in Memphis.

Memphis, Jan. 16.—John T. Barntstein, manager of the wholesale department of a local coal company, was shot and instantly killed by W. T. Avery, formerly a real estate dealer. The shooting occurred at Avery's home.

Avery in jail, declined to state the cause of the quarrel. He asserted he fired in self-defense.

Burned to Death in Car.

St. Louis, Jan. 16.—Guy L. Stewart, agricultural and industrial agent of the Cotton Belt Railroad, was burned to death in his private car in a wreck in which the trains of three different roads collided at Kelso, 140 miles south of here.

SHE DIDN'T WANT TO GO

Hospital Is Advised As Only Relief From Long Illness, But Mrs. Chance Stays at Home.

Collins, Miss.—In an interesting letter from this place, Mrs. Delphina Chance writes as follows: "I had suffered from womanly troubles, and finally I took down with a fever."

We had five different doctors, but it seemed that I could not get any better. The doctors said they had done all they could to help me, and advised me to go to the hospital.

I did not want to go, and I decided I would try Cardui. After I began to take it, I got better every day, and now I can take care of my baby, and do all my housework. I feel as well as I ever did in my life.

When I think how long my fever had lasted, and that nothing helped me, I can't begin to say enough for this great remedy. We spent nearly all we had for doctors, but they gave me no relief.

I am thankful there is a remedy for womanly troubles that will not fail. Cardui will surely do as much for you as for the writer of the above letter, if you will only give it a fair trial.

Pure, safe, reliable, gentle—Cardui is the ideal medicinal tonic for weak, sick women. Try it.

N. B.—Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

BIG SALE AT TOYLAND.

Saturday. The Big Soap Sale. Remember you get a box of 3 Cakes of Violetta Soap for 10c. See other Specials in west window.

Oh, How I Itched!

What long nerve-racking days of constant torture—what sleepless nights of terrible agony—itch—itch—itch, constant itch, until it seemed that I must tear off my very skin—then—

Instant relief—my skin cooled, soother and healed!

The very first drops of D. D. D. Prescription for Eczema stopped that awful itch instantly; yes, the very moment D. D. D. touched the burning skin the torture ceased. A 25c bottle proves it.

D. D. D. has been known for years as the only absolutely reliable

eczema remedy, for it washes away the disease germs and leaves the skin as clear and healthy as that of a child.

All other druggists have D. D. D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D. D. D. will do for you that we offer you a full size bottle on this guarantee:—if you do not find that it takes away the itch AT ONCE, it costs you not a cent.
