WHAT DOES ELECTRIC LIGHT COST ?

TALK NO. 6

(Continued From Wednesday's Paper.)

The lighting company of Buenas Ayres, in South America, a city of 1,200,000, charges 50 cents a kilowatt for current. The maximum charge for lighting current in Raleigh is 15 cents.

People hear that the rates in another city are much lower than they are at home and immediately accuse the local company of unfairness. But do they know that coal and labor and water may make a tremendous difference?

Some people have clamored for CHEAPER ELECTRICITY. They forget that the lighting man has been constantly giving them cheaper light.

That is the point of the whole question—CHEAPER LIGHT.

Every improvement in lamps has made CHEAPER LIGHT, though the price of electricity may have remained the same.

The Mazda Lamp gives you more than twice the light of the Carbon Lamp and a better light at the same consumption as the Carbon Lamp. Do you wonder that we say Mazda means light for everybody?

Kidney Trouble Overcome by the Great Treatment

I have been a sufferer for years with kidney and bladder trouble and took almost everything a drug store contained, without obtaining any benefit.

I suffered so that I became utterly discouraged, as I could not sleep, was always dizzy and had a headache all the time. I saw one of your advertisements and as a last resort, decided to try your Swamp-Root. I am now taking the third bottle and feel like a new woman, sleep well and have no pains whatever.

I strongly advise all sufferers to take the only real cure for kidney and bladder trouble. Dr. Kilmer's Swamp-Root was a God-send to me.

You may publish this letter if you wish so that it may be the means of bringing some poor sufferer back to health.

When writing, be sure and mention The Raleigh Daily Times. Regular fifty-cent and one dollar size bottles for sale at all drug stores.

SURE OF TAFT'S NOMINATION.

Hilles Gives Out Statement, Claiming the President Will be Nominated and Elected.

Washington, Feb. 2.—In the first authorized statement he has issued in connection with the Taft campaign, Charles D. Hilles, the president's secretary, predicted that Taft would be nominated and elected. The statement says: "President Taft's nomination in June is as certain as anything can be. I am confident there will be comparatively little opposition to him in the national convention and when the nomination is made the republicans of the country will rally to the party standard and win a great victory in November."

"I would not make this prediction did I not feel that my information from all parts of the country warrant me in doing so. It is easy to make big claims and try to deceive the people, and I think that the man who does so without the facts and figures to justify it is guilty of deception."

"A month ago, before I had gotten into touch with the republicans in all the states, would not have said this much. In that month I have seen the lines drawn closer and closer. In the last week the situation has cleared wonderfully, with the republicans in all directions falling into line for the president, manifesting a determination to bring about his nomination."

"It is useless to speak in general terms or undertake, at short notice, to go into the conditions in each state, but developments in three big states within a few days ought to point conclusively to the present trend."

Mr. Hilles reviews conditions in New York, Ohio and Indiana, claiming Taft has received endorsements in those states, indicating they will give delegations to him in the convention.

THE VETERANS REUNION.

Much Interest Being Taken and Macon Getting Ready.

(Special to The Times.)

Macon, Ga., Feb. 2.—"Best wishes for a successful Confederate reunion May 7 and congratulations upon the securing of this event for Macon, magnetic center of the south," is the way in which the Norfolk Board of Trade expresses its felicitations to the Georgia city upon her coming gala event. This phrase in a letter received from the Virginia city is but one of the many obtained in letters which are pouring into the reunion committee daily from all over the country.

From the western borders of Texas to the eastern boundaries of the Carolinas, Boards of Trade and Chambers of Commerce are writing, promising support, and making standing offers of willingness to be of assistance in any way which may be possible. In nearly every letter is stressed admiration of the systematic manner in which Macon has gone to work in preparation for the event and eulogies on the public spiritedness of her citizens.

One letter received at reunion headquarters, from a city larger than Macon, states that this place raised \$16,000 for the reunion in times past and thought that it was accomplishing a great feat. The letter states that Macon's feat of raising \$70,000 seemed almost inconceivable.

MR. WATTS GIVES AGAIN

Additional Endowment of \$100,000 to Hospital

(Special to The Times.)

Durham, N. C., Feb. 2.—An addition of at least \$100,000 will be made to the endowment fund of the Watts Hospital by Mr. Geo. W. Watts, who has let the contract for the plans for a large apartment house, the rental from which is to be devoted to the fund for the maintenance of the hospital.

The new building to be erected by Mr. Watts is to be three stories in height, of pressed brick and stone and of beautiful architecture. Ten five-room apartments will be provided and a number of two-room apartments, making more than sixty rooms in all. Each of the five-room apartments will contain a kitchen, dining room, living room and two bed rooms, all furnished with gas and electric fixtures with a gas range in the kitchens. All of the rooms will be outside rooms and each apartment will be provided with a balcony. The entire building will be heated with steam, and will be modern in every respect.

The apartments are to be located in west Main street at the intersection of Main street with Watts street. The work will be commenced as soon as the weather permits, and Mr. Watts expects to have the building completed by spring.

The expenditure for this building will make the total sum which Mr. Watts has placed in the Watts Hospital about \$1,000,000, including the endowment which the institution already has.

The identification of the handwriting of Judge R. W. Winston is the point around which the issues in a very interesting case which is being tried in Durham superior court have revolved. The case involves the validity of a deed which was supposed to have been made to a man several years after he was dead, but which the plaintiff in the case who was the grantor claims was changed to the wife of the dead man by inserting "Mrs." before the name after the deed had been signed. The deed was written by Judge Winston which he was practicing law in Durham in 1907. Old citizens, who swore that they were well acquainted with the peculiar chirography of Judge Winston, testified that "Mrs." written before the name was not in the handwriting of Judge Winston but that the name itself was in his handwriting.

The plaintiff in the case is Mollie Carrington who signed a deed which purported to convey the title to a thirty acre lot of ground in the county to P. W. Mangum. The plaintiff claims that she was induced to sign the deed by fraud and that she received no compensation for the property.

For the Children

To Keep Their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Trial Package Sent Free.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep

well take Stuart's Tablets after every meal to insure perfect digestion and avoid trouble.

But it is not generally known that the Tablets are just as good and wholesome for little folks as for their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crotley, 538 Washington St., Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl takes them as readily as candy. I have only to say 'tablets' and she drops everything else and runs for them."

A Buffalo mother, a short time ago, who despaired of the life of her babe, was so delighted with the results from giving the child these tablets that she went before the notary public of Erie Co., N. Y., and made the following affidavit:

Gentlemen:—Stuart's Dyspepsia Tablets were recommended to me for my two-months-old baby, which was sick and puny and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned the Stuart Tablets and I procured a box from my druggist and used only the large sweet lozenges in the box and, was delighted to find they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.
