Case of Greensboro Druggist Set For Tomorrow Morning

Greensboro, Feb. 6.—A number of delegates arrived today for the opening session tomorrow of the Virginia-North Carolina Retail Implement Machinery and Vehicle Dealers Association, which convenes here in a two-day annual session. The local committee on arrangements has made elaborate preparations for the social entertainment of the visiting delegates, the features including a banquet at the Elks Club, automobile rides, theatrical parties for Get-Rich-Quick Wallingford and Jumping Jupiter and privileges of the local clubs.

The purpose of the association is to better the condition of retail dealers and to more closely cement the relations of retailer, jobber and manufacturer. With this object in view the program for the business sessions have been arranged and filled with set addresses followed by general open discussion. The officers of the association have announced that all implement, machinery and vehicle dealers in the two states, whether members of the association or not, will be admitted to the sessions.

The case in which R. J. Sykes, a well known and prominent druggist is charged with retolling, has been set for hearing before city Judge Eare Wednesday morning. Mr. Sykes has retained Judge W. P. Bynum as counsel and will base his defense upon the claim that the whiskey which he is charged with selling John R. Coble was loaned, Mr. Coble corroborating such testimony. The evidence upon which Mr. Sykes was arrested was given by Mr. Coble in ad testificandum proceedings Saturday night. Mr. Coble says he testified that he had a case of whiskey ordered and that pending its arrival he made an arrangement whereby he borrowed several quarts from Mr. Sykes. In this connection it is recalled that in a similar case in Winston recently the Superior Court held that the "loan" of whiskey was a violation of the prohibition laws and upon appeal the verdict of the lower court was sustained.

The 12-year-old daughter of Mr. and Mrs. T. A. Johnson proved herself a heroine yesterday when she rushed into a burning room and seizing a two-year-old sister carried her to a place of safety and then spread the alarm of fire throughout the neighborhood. The alarm was sounded and the firemen kept the flames confined to the room in which they had their origin. In this

This Home-Made Cough Syrup Will Surprise You

Stops Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn case in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in gualacol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

room the smaller child, with another sister, 5 years of age, was playing, and it is supposed a coal of fire popped from the grate. The older girl heard the screams of the baby and rushed to the room, finding it almost enveloped in flames and black with smoke. She directed the 5 year old sister to safety and carried the 2-year-old in her arms. All of the children were severely singed, though the burns of none were serious.

Local authorities are at a loss to understand the theft of a number of sticks of dynamite which has been stored on the grounds of the Greensboro Country Club and all police and county officers have been ordered to keep a close lookout for the missing explosives. Some apprehension is felt that the dynamite was wanted by some one with sinister motives, especially since "dynamite" has received so much notoriety through the McNamaras and the Federal grand jury probe at Indianapolis.

First La Grippe, Then Bronchitis. That was the case with Mrs. W. S. Bailey, McCreary, Ky. "My wife was taken down with a severe attack of la grippe, which ran into bronchitis. She coughed as though she had consumption and could not sleep at night. The first bottle of Foley's Honey and Tar Compound gave her so much relief that she continued using it until she was permanently cured." King-Crowell Drug Co.

Good Show at Grand. Large Audience Turned Out Last Night to Hear "Noodles" Fagan. That the Grand has on a very good bill for this week was proved by the many encores it received from a crowded house last night. Harry Batchelor, musical comedian, opened the bill with some lively music on his various instruments which was well received by the audience. He closed his act with a very good piece.

The second number was Mack and Worth in their singing and dancing act.

Noodles Fagan, the King of Newsboys, was simply great and swept the house with his clever and "up to the minute" songs and monologues. He kept the crowd in a roar of laughter and was repeatedly called back. He will be here all the week as guest of The Times and those who do not see and hear him will miss something truly great in his line.

Wrinkleless Skin Now Easy to Have (From Daily Physician.) There's no excuse for any woman having wrinkles now. It has been found that a simple mixture of saxolite and witch hazel has a remarkable action upon the deepest wrinkles, no matter what their nature, whether caused by worry, habitual frowning, a debilitated condition or the ravages of Father Time. This harmless remedy, which anyone can easily make, obtaining the ingredients at any drugstore, acts both as an astringent and a tonic. The combined effect of tightening the skin and brightening its vitality is to immediately affect every line and wrinkle, keeping the cuticle smooth and firm as in youth.

The propositions are one ounce saxolite (powdered) to one-half pint witch hazel. The solution should be used as a wash lotion. It is equally effective in disposing of flabbiness of cheek and neck, as well as sagging below the eyes.

OVERWORK CAUSE OF COLLAPSE

Lady in Whites Creek Has Sad Experience, But Is Now Doing Very Well.

Whites Creek, W. Va.—Mrs. S. P. Ferguson, of this place, says: "I suffered from womanly troubles for years. The doctors said that overwork brought my trouble on. I had such dragging pains, and suffered very badly with sick headache and dizzy spells. I was very nervous at times. Before I commenced to take Cardui, I would often wake up in the middle of the night with pains all over me, till I could hardly stand it, and could not sleep. In all I have taken five bottles of Cardui, and I am so much better. Cardui is fine. It has helped me very much. I can highly recommend the medicine for I have tried it. I wish every suffering woman would take Cardui, the woman's tonic."

Cardui has a specific, curative effect, on the womanly constitution, and thus assists nature to restore health, by providing strength where it is most needed.

For more than half a century, nothing has been found to take the place of Cardui, for preventing unnecessary pains and misery from womanly troubles.

You know that Cardui will help you, because it has helped more than a million weak, sick, miserable women.

It is certainly worth trying. Do it today. At the nearest drug store.
