COMMITTEE HEARS TRACK DISCUSSED.

The street committee of the board of aldermen last night heard the advocates and opponents of the Seaboard spur track on Salisbury street, but the matter was not settled. It appears that in May 1911, the board passed an ordinance requiring that the track be removed and this effort has never been resuscitated. Whether or not it is possible for the city, even if it is so desired, to allow a railroad to use the streets or sidewalks was referred to the city attorney, Mr. W. H. Pace, who will render an opinion. Several opinions of the supreme court were quoted to sustain points brought out by both the advocates and opponents of the track. The street committee is composed of Mr. W. A. Cooper, chairman, and Messrs. J. Sherwood Upchurch and J. C. Ellington.

Acceptance on the part of the University—President F. P. Venable. Acceptance on the part of the Medical Faculty—Dr. L. H. Manning, Dean of the Medical School. The New Era Demands Educated Physicians—Dr. A. A. Keon, president of State Medical Society. Medical Education in the South—Dr. R. H. Whitehead, dean of the Medical School of the University of Virginia. Medical Education—Dr. Edgar P. Smith, professor, University of Pennsylvania. Conferment of degrees. In Honor First President. This handsome new medical building, the erection of which was authorized by the trustees of the University more than a year ago, has been named Caldwell hall in honor

NO DEVELOPMENTS IN MERGER MATTER.

There were no new developments today in the matter of the proposed merger of the Jefferson Standard and Greensboro Life. Though there was plenty of discussion on the streets and in business houses, Mr. Joseph G. Brown, president of the Jefferson Standard, is in New York, where he went Monday to attend a meeting of a committee of the American Bankers' Association. He intended when he left Raleigh to be absent about ten days and he may not return for a week. Until Mr. Brown returns home, nothing new is expected.

THE LAST GAME.

Washington and Lee will meet the locals here tomorrow for final contest of season. The baseball fans of Raleigh will have their last chance of the season to come out and root for the A. and M. team tomorrow, when the boys don their uniforms preparatory to meeting the Washington and Lee

of the first president of the University, Joseph Caldwell. It is located opposite Davis Hall on the south side of Cameron avenue. Though strikingly plain in architectural design, this structure has every indication of being one of the most durable and commodious buildings on the campus, amply sufficient to accommodate the increasing demand for enlargement placed upon the medical department. The building committee, composed of Dr. R. H. Lewis of Raleigh, chairman; Messrs. H. Weil, of Goldsboro, V. S. Bryant, of Durham, President P. P. Venable and Dr. L. H. Manning, of Chapel Hill, have been untiring in their efforts to make the building one of the most adequate in every particular of any medical building in the south.
