### A SUMMER DREAM.

To the Editor of The Union Herald:

While sitting last Sunday in our Capitol Square, with the usual bunch of squirrel feeders, watching the merry throng of joy-riders with their honk-honk of the automobiles mingling with the ring of our numerous church bells calling us to worship, this idea came to me:

Why not have our City Commissioners purchase four merry-go-rounds, each to hold sixty people. Put two in the Capitol Square and one each in Moore and Nash squares. This would provide a joy-ride on Sunday for many of our working classes who cannot afford a car. A small charge per ride to cover expenses could be required. We could put several Ford bodies on the machines with our hobby horses, zebras, etc., giving the whole thing an automobile effect. To make it more realistic we could have a few of our union brothers, namely, Snakenburg, Burruss, McMahon, Renn, and others, as needed, attend the merry-go-rounds to bust snuff bladders and paper bags occasionally, producing a punctured tire sound. Now I am sure our good union friends, Messrs. Brown and Aronson, would loan us some of the Grand Theatre scenery of hills, valleys, rivers, dales, etc., which we could place around our spinning-jennies, giving a life-like country effect. No objections to riders wearing gloves, goggles, or motor coats should be raised. We might even secure the service of Col. Fred Olds, who could ride on the running boards calling out in his usual style, "We are now passing Dix Hill, County Home, Raney Library, and other places of interest," easily giving the riders a feeling of sightseeing auto husses. Some Sundays we could have Burrell Pearce, Johnnie Park and Bernard Crocker hand out pop-corn and Bevo, and we could imagine we were attending the usual Rotary Club luncheon. Officer Mangum could probably spare us a small portion of his time away from Hillsboro Street, Glenwood Avenue, and the speed kings' paradise,—Person Street, following our merry-go-round on his motor cycle and looking at his wrist watch, this causing the usual autoist sleepless night and good morning, Judge Harris.

Now some of our numerous Christian friends might raise a howl of indignation, claiming we were breaking the Holy Sabbath. What's the difference in the sin, riding around in a circle and riding around Capitol Square and Fayetteville Street? Some probably would accuse us of working men on Sunday, as we would have to have somebody to run our merry-go-rounds. How about garages open on Sundays, forcing putting on tires and selling gasoline and oil?

We might put our merry-go-rounds in the Capitol just in front of the three white churches, as we could step out of the Ford bodies right into the church door, which would ease the envy we have for our brother who comes in his \$4,000 limousine, while we walked over from Gas House Bottom or Caraleigh Hill. I am sure this ought to meet the approval of our walking brothers, and suggest that our worthy President Moody take the matter up at once with the City Commissioners.

ERNEST MARTIN.

P. S.—We must have an organ on each merry-go-round, and instead of playing "Everybody Shimmies Now," the good old religious melody of "Roll on, Heavenly Chariot, Roll On" will peal forth from the depths of our sacred instruments. E. M.

### CHATTANOOGA FLOUR MILLS AND BAKERY ON UNFAIR LIST.

Are Using Imported Non-union Labor in Flour Mill and Baking Plant.

Local Union No. 74, United Brotherhood of Carpenters and Joiners, of Chattanooga, Tenn., on April 18th sent out the following letter to the business men of that city:

Chattanooga, Tenn., April 18, 1919.

To the Business Men of the City of Chattanooga and Vicinity; Greeting:

We, the members of Carpenters' Local, No. 74, take this method of appealing to you and your sense of fairness.

The Mountain City Mills and the Chattanooga Bakery are overhauling and installing new machinery in their plants. They have refused to allow organized labor to do any of this work; not only have they refused to employ organized workers, but they have employed to do this work members of an organization which is actively fighting all Organized Labor affiliated with the American Federation of Labor. These men have been imported here from New York State.

This matter was taken up with Carpenters' Local, No. 74; also the Chattanooga Trades and Labor Council and the above companies were placed on the unfair list; therefore do not use any of the following articles:

Mountain City Mill Flour,  
Mothers' Self-Rising Flour,  
Lookout Cakes,  
Lookout Biscuit,  
Mountain City Mill Bran.

(Signed):  
L. J. KIGER, President,  
C. F. PRATT, Recording Secretary.

It seems that recently the report that the difference existing between

these companies and the labor organization have been adjusted have gained circulation from some source, and to contradict this report the Chattanooga Trades and Labor Council addressed the following letter to the public:

Chattanooga, Tenn., June 23, 1919.

Dear Sir and Friend:

There are rumors being circulated that the differences between the Carpenters' Local Union and the Mountain City Mill Company and Chattanooga Bakery have been settled.

It is a mistake and all reports of such nature are untrue.

The Mountain City Mill Co. President and Manager has so far failed to sign any agreement with either the Trades and Labor Council or the Carpenters' Local Union and we urgently request all of our friends to refrain from purchasing any of the products of these companies until you receive notice from the Trades and Labor Council that they have signed an agreement, which will be mailed you immediately after securing an agreement.

Respectfully,  
CHATTANOOGA TRADES AND LABOR COUNCIL.  
R. M. COOKE, Pres.  
MATT GERLACH, Sec.

A new wooden tub with a hole bored in the side for water to run out will keep fifty pounds of ice one week. Line tub with newspapers and cover ice with papers and woolen blanket. Put stove board on the top of it to keep out heat.

When the tablecloth has been spread take a few drops of equal parts of lavender oil and water and with an atomizer or a new whisk broom spray the cloth and all of the flies will disappear from the room in a few minutes.

### OUR BUSINESS DIRECTORY.

Following is a list of those who advertise in the columns of the Herald:

Allen's Groceries.  
Academy Barber Shop.  
Auto Tire Repair Co.  
W. H. Allen, Electrical Contractor.
