# General Life and Fire Ins. Agent FOR NORTH CAROLINA.

Represents the following A. I. No. 1 Companies: EXCELSIOR LIFE, of New York; FIRE COMPANIES: Security, of New York, Atlantic, of Brooklyn,

Putnam, of Hartford, Conn., Georgia Home, Home, of New York, London, Liverpool & Globe. COMBINED ASSETS

# \$25,000,000

IT will be seen from the above list of Companies, that I have accepted the Agency of the HOME, of New York, in place of the Home, of New Haven, being determined to have none but the most reliable companies, so that my patrons may feel the most perfect security. The HOME, of New York, has Cash Capital and Assets, amounting to Four and a Half Million Dollars, all invested in First Class Securities, furnishing ample and reliable indemnity under its policies.

No Companies in America offer greater inducements to persons wishing to Insure their lives for the benefit of their wives and children, or who wish to provide an Endowment or Income in their old age, or who want insurance against loss by fire, on Buildings of any kind and their contents. No Companies are more reliable, more worthy of confidence, give greater satisfaction, and pay losses more promptly.

During the past five years, many hundreds of the most prominent citizens in North Carolina have secured Policies through my Agency; no complaint for delay in paying losses, as soon as proven, has ever occurred, nor can I recall one instance of any misunderstanding, nor change made or deception used in securing policies, to which cause I am mainly indebted for the steady increase of my business. H. C. Reed, a former Agent, made some false statements and promises, which I promptly corrected. He has since fied the State and will probably never return. All persons contemplating insuring their lives or property, are most cordially invited to examine into

the cost thereof, and the character o my Companies before applying elsewhere, and no man who has a family dependent upon his income, or who has a home exposed to loss by fire, should be without a policy. P. F. PESCUD,

General Insurance Agent, Raleigh. Active and reliable Agents wanted in every part of the State, to whom very liberal inducements will be offere-j Feb. 1-tf.

## BALDIN

PATENT GLASS SUBMERGED DOUBLE-ACTING FORCE PUMP.

SUBSTITUTED FOR A FIRE ENGINE.

This Pump, will pump from 85 to 150 gallons per minute, according to the size and depth of the well, will never cut out the packing, the cylinder and valves being glass. No water ever stands in its pipes to stale or freeze, and it is less liable to get out of order than any Pump in use. Is suitable for deep or shallow wells, can be set up by an ordinary mechanic in a short time. Having the exclusive right to manufacture this Pump for North and South Carolina, I will receive and give prompt attention to all orders at Wilson, N. C.

The depth of the well or cistern must accompany all orders if I furnish the pipe. Also, sufficient ref erence of the money unless shipped by Express C. O. D. These Pumps are warranted to give satisfaction if set up by directions sent with the Pump. Circulars forwarded upon application

CERTIFICATES. WILSON, N. C., Jan. 25, 1871.

J. L. Kitchin Esq. : Dear Sir :- We have had your Baldin's Pump in regular use, beginning at various periods since March 1870, and we are free to say, that they are in every way satisfactory, there is no indication of wear or early getting out of order. All the water that nature has designed to pass through such a channel can easily be brought up, even by children for ordinary use, and by attaching hose, and putting two to four men to the lever, the Pump at once becomes a local fire engine throwing sufficient water to subdue any ordinary fire. We therefore recommend your Pump to the careful examination and use of the public. W. D. Rountree, R. J. Taylor. A. Barnes, Probate J., T. A. Wainwright, G. H. Griffin, M. L. Rhodes. Jos. B.
