The Numbers of the fortunate Tickets will be published in the Raleigh Register, and in the Minerva; and all Prizes which shall not be demanded within ninety Days after the Drawing is closed, will be considered as relinquished, and held as a Donation to the Use of the Institution:
Tickets to be had, at five Dollars each, of the Commissioners, and of several Gentlemen in different Parts of this State, and of the State of South Carolina.
The Trustees are sensible, in offering this Plan of a Lottery to the Public, they must depend more for Success on the Consideration of the Objects to which the Proceeds of it are to be applied, than to any Merit the Scheme itself, or the Mode of raising Money by Lottery, is entitled to. They feel a Desire, in common with many of their Fellow Citizens, to promote Seminaries of Learning throughout the Country; they are impressed with a Belief of the Importance of these Institutions, as they regard our political, moral and religious Concerns, and they lament that greater Patronage is not extended to them from the Source to which they have a Right to look for Support; but we are indebted alone to individual Exertion and Protection, that these valuable and necessary Institutions have an Existence amongst us.
It is under these Impressions, and with these Motives, that the Trustees of the Wadesborough Academy (a young, but promising Institution) take the Liberty of offering the above Scheme to the Public, and soliciting the Assistance of the Friends of Learning to forward their Views.

James Marshall,
John Finnings,
Joseph Pickett,
Tod Robinson,
Robert Roy,
Commissioners appointed by the Board of Trustees to manage the Lottery.

He was got by Volunteer, one of the best sons of Old Eclipse, and sire of Spread Eagle, Eagle, Stirling, Triumvir, Recruit, Commodore, &c. out of Marcella. Marcella was got by Mambrino, her dam Medea by Sweetbriar, out of Angelica Anglica by Snap—Regulus—Bartlett's Childers—Honeywood's Arabian—Dam of the Two True Blues.
Maggie has covered in England the three last years. His Produce are considered large and promising.

He won a sweepstake against Whip, Mother Shipton & others at Lewes; and a match at Newmarket with Louisa; and also a match again Mr. Cannon's Knighted. In 1798, he won the Petworth Stakes at Brighton, beating Wrangler, Johnny, Bennington, Play or Pay, and two others. At Lewes, he won a sweepstake against Whip and two more. CHARIOT.
Bred by John Clifton, Esq. who kept and ran him until October, 1796, when he was purchased by Sir Wm. Gerard, Baronet. He was got by the celebrated Horse Highflyer, his Dam Potosi by Old Eclipse, a Mare of as great Fame as any in England.
Chariot is a fine bay, stands nearly fifteen Hands high, and for Bone, Sinew, Symmetry and Action, is scarcely to be equalled. His Running entitles him to be ranked amongst the first Horses in this Country. His Excellence has been distinguished in four-mile Heats, and in no Instance where the contest was great, but he proved successful, having frequently run four Heats to decide the Race.
Chariot now exhibits the greatest Health and Vigour, and will stand the ensuing Season at

JAMES LYNE'S HOUSE,

In cases of Insurance, the Money will be returned if the Mares do not prove with Foal, provided the Property is in no Instance changed.
Chariot is a sure Foal-getter, as appears from certificates sent with him. The Gentleman who imported him, purchased him in England himself, and had an opportunity of seeing his Colts; they being large, gay, elegant and sprightly, was his Inducement to purchase him. His Colts in this country are equal, if not superior, to those of any Horse on the continent.

Raleigh,
MONDAY, JULY 4, 1803.

Agreeably to the invitation offered in our last, the citizens of this place met at Caffo's Tavern on Thursday evening, to settle the arrangements for celebrating the Anniversary of the Declaration of American Independence; when it was agreed to have a Public Dinner, which (by permission) will be served in the State-House, by Mrs. Caffo. Committees were named for preparing the Toasts, superintending the firing of the cannon, &c. and we doubt not, the day will be spent in a manner suitable to the joyous occasion.
In the evening, in order that the Ladies may have their share in the Festival, the last Subscription Ball for the season, will be held.

Since inserting the matter relative to Indian Affairs, in our first page, we have received copies of the following letters from Col. Hawkins, to the Governor of Georgia, announcing the capture of W. A. Bowles, the celebrated son of mischief, together with the disposition and 'talk' of the chiefs, which will be found of the utmost interest and importance:
O che ups-au, on Cosau River 30 May 1803
IN my last communication to your Excellency, I apprized you of the state of affairs in this Agency. I have now the pleasure to add, that the Chiefs of the Creek Nation convened on the 20th at this place, and were joined by a deputation from the Cherokees, Chickasaws, and Choctaws; that on the 26th the Seminolies and other Chiefs in opposition, with their leader, W. A. Bowles, at their head, arrived, and that on the 28th he was apprehended, confined in irons, and sent under a strong guard of Indians, by order of the Chiefs, to the Governor Tolch, of Pensacola, to answer for his crimes against the subjects of his Catholic Majesty in East and West Florida.
We are so crowded with Indians and visitors that I must defer going into detail till the National Council adjourns.
I have the honor to be respectfully,
Your Excellency's most obedient servant,
BENJAMIN HAWKINS.
His Excellency Governor Milledge, Georgia.
Creek Agency, 8th June, 1803.

I wrote your Excellency on the 30th ult. by Mr. Robertson, a gentleman of Greensborough, to inform you that Mr. Bowles was apprehended, confined in irons by order of the Chiefs, and sent under a strong guard of Indians, to Governor Tolch, of Pensacola, to answer for his crimes against the subjects of his Catholic Majesty in East and West Florida. As soon as the event took place a general murmur, for the day only, ran through the chiefs in opposition. With the evening, by the prudent conduct of the Council of the Nation, the whole subsided, and they were brought to take the United States and Spain by the hand in friendship, and to join in a solemn declaration of the National Council, "that they were resolved on eternal peace with all the world;

their children might grow up and peace, repeat and remember this talk, and take it to the end of the world." I heard a few days past that my having some property near Fort Wilkinson has been a subject of animadversion on the part of some members of your Legislature. The place there [Hawkin's Springs] was assigned me by the chiefs of this Agency for my accommodation as agent, for six years past has been occupied generally by the military or myself, for public purposes. As soon as the lines are run, and the military removed, my property will accompany them, and whether they remove or not, as soon as you can take possession of that country, I intend my claim to cease, and my property to leave it. The Indians will be ready to run the line as soon as orders can be given for that purpose and communicated to the speaker of the nation. With assurances of my continued exertions for the prosperity of the state over which you have the honor to preside, and of sincere wishes for your personal welfare.

I have the honor to be Your Excellency's most obedient servant,

His Excellency John Milledge, Governor of Georgia.

Capt. Hefferon, of the brig Rambler, 15 days from Pointe Petre (Guadaloupe) arrived at New-York, informs that a vessel anchored there the evening previous to his sailing from Dominico, by which it was reported that 13 sail of British ships of war had arrived at Barbadoes with troops on board; and that the greatest preparations of defence were making at Guadaloupe and Martinique. A transport had arrived at Baffeterre with troops and warlike stores; and all the French ships of battle ships at the two islands had received orders for returning immediately to France. A mortality prevailed among the troops in Guadaloupe, which carried off numbers. The new Governor of the island, successor to La Croix is a German. Flour was from 14 to 16 dollars, beef 15 50, pork and hilt dull.

Arrived on the 19th ult. at New-York, the last sailing brig Hound, Capt. Fuller, in 11 days from Cape Francois. By Capt. F. we learn that a French frigate arrived at the Cape two days previous to his sailing, in 28 days from Bordeaux, which place she left the 8th May, having on board 5000 troops, and one million of dollars, to pay off the troops in the island. Three other frigates were nearly ready to sail for St. Domingo with 1500 troops. The Capt. of the frigate informed, that on the 8th May, no account of hostilities having commenced between England and France had been received at Bordeaux, but war was the general topic of conversation—Capt. F. further informs, that at the Cape all was quiet, and business very well.

Affairs at St Kitts present a very hostile appearance, and indicate the actual commencement of war. Letters of a late date, received in town from Guadaloupe and St. Martin, announce that the commanders of the British frigates have received orders from their government to capture all French vessels; and that several are cruising to the windward of Guadaloupe and Martinique expressly for that purpose.

The following was published on the 17th of May, two hours after the arrival at New-Orleans, of the express forwarded from Washington the 19th of April:
Don Juan Ventura Morales, &c.
It is hereby made known that his most excellent Sir Don Pedro Ceballos, Secretary of State, &c. has forwarded to me, under date of the 1st March past, the following royal order.

"The King being informed of the edict that you have published, prohibiting the deposit of the goods and effects of the citizens of the U. States, in New-Orleans, granted to the nation by the 22d article of the treaty of 1795, his Majesty has thought fit to order, that you permit the said Deposit in New-Orleans without prejudice to what the two governments may agree upon between themselves, respecting the construction to be given to the said treaty in what relates to changing the establishment of New-Orleans for another on the borders of the Mississippi, in order that the depositing of the merchandize and effects of the U. S. be fulfilled, which I communicate to you by Royal order, for its most punctual performance on your part."

And whereas the edict of the 15th October last past, which prohibited the introduction and depositing of the merchandize and effects of
