RALEIGH REGISTER.

TUESDAY, JULY 13, 1824.

We were visited on Saturday evening last with a storm of wind and rain, accompanied with very severe thunder and lightning.

Had it not been for the tree, the house as the next highest object, would doubtless have attracted the lightning.

BANK DIVIDENDS.—The Newbern Bank has declared a dividend for the last six months, of four per cent.

The Bank of Virginia, has declared 3 per cent. which after paying the State bonus, leaves 1 3/4 per share to the stockholders.

The Bank of the United States has declared a dividend of 2 1/2 per cent.

AMERICAN INDEPENDENCE.—The return of the day which chronicles its birth, exhibited in the present year, very interesting and imposing spectacle.

TROUBLE IN THE CAMP.—A notice appeared in the National Journal (printed at Washington City), on the 31st inst.

FATAL ACCIDENT.—A few days since, Mr. Josiah Tyson, who resided near the Gulph, on Deep river in Moor county, while engaged in cradling wheat accidentally cut a gash in the calf of his leg with the scythe.

BRITISH NAVY & SHIP BUILDING.—The London Monthly Magazine for May, received by Wilder and Campbell, contains an article from John Burridge, on "Naval Dry Rot."

LAW OF NATURALIZATION.—Several newspapers have fallen into the error of supposing that the late act of

Report of a Committee of the House of Representatives, yet to be acted upon by the House, we should consider it incompatible with our duties as public servants, as well as the principles of common justice, to participate in an act, which we think would, in no event, be justifiable before a final decision upon the investigation.

The Editors of the New-York Statesman, heretofore and yet (we believe) opposed to the election of Mr. Crawford to the Presidency, in the following observations on the report of the Committee of Investigation, afford another proof of the honesty and candour we have heretofore had occasion to remark in them:

"To every unprejudiced mind, this report must be perfectly satisfactory and conclusive. For ourselves we have from the first reposed implicit confidence in the ability, integrity, and impartiality, of the Committee of Investigation. Its members are gentlemen well known to the public, and of high standing in the House of Representatives.

The Editor of the New-York Evening Post, also opposed to the election of Mr. Crawford, in the following remarks upon the same subject, exhibits equal honesty and frankness:

"We confess we were of the number of those that were inclined to believe, from the bold and imposing manner in which the charges were advanced against Mr. Crawford, and from the respectable character of the accuser, that they would eventually be supported in extenso, and would and ought to prove fatal to his pretensions to the Presidency.

350 do joining Robert B. Lockler, given in by Wm. C. Lockler. 100 do on N. E. of Drowning Creek, joining McNeil's and Watson's, given in by William Lockler, Sen. 200 do between Raft Swamp and Mill Swamp, the property of Alexander Henderson, not listed.

Several newspapers have fallen into the error of supposing that the late act of

Congress has changed the general laws in regard to naturalization, so as to reduce the required term of previous residence to three years. This is incorrect, as will be perceived by reference to the act itself, which does not alter the period of probation, generally, but provides only for a particular class of cases.

DIED.

In this city, on Thursday last, Miss Gartha M. White, the sixth daughter of the late William White, Esq. Secretary of State.

"Death loves a shining mark."

In life's sweetest prime, this young creature was snatched from Time, by that destructive disease, so fatal at this season, highly bilious fever, which assuming a typhoid state, baffled the skill and unremitting attention of the visiting Physicians.

"No noise disturbs the chambers of the dead, For them in vain we weep, We cannot break their sleep, We cannot rouse them from their lowly bed."

\$50 Reward.

RUNAWAY on Saturday Morning last, a small yellow fellow called HARRY, 22 years of age, about 4 feet 10 inches high, weighs 122lbs. or thereabouts, well made, bushy head of hair, but when cut close, is rather straight, pleasing countenance when spoken to, and very polite, having been raised a house servant.

I suspect he carried two \$20 Newbern notes with him, together with a blue broad cloth coat, a black crape frock or surtout coat lined with silk, a pair of brown cassimere pantaloons patched in the seat, a spencer and pair of pantaloons of common horn-spun cloth dyed in part with coppers, a pretty good hat and booties, all of which he will exchange if in his power.

His object is to pass as a free man, and no doubt will aim for some large town, having on a former trip got near Wilmington in four days from this place, under the name of Martin Fogg. He is a keen artful little fellow and will (as he said he did on the first trip) keep the most public road when travelling.

I will give for the securing of him in any Jail so that I get him, the sum of \$25 provided he is taken in this state, and \$50 if he is taken, secured, &c. without the limits of it. JO. HAWKINS, Raleigh, N. C. July 12th, 1824. 69

The Editors of the Newbern, Edenton, Wilmington and Hillsborough papers, are requested to insert the above 3 times, and forward their accounts to me for payment. J. H.

Also will be sold or rented a two story brick house, on the west side of Green-street, in excellent repair, calculated for a store and dwelling.
