The following is a tender of the services of the Patriotic Fathers of Mecklenburg County to his Excellency the Governor:

Charlotte, Nov. 25. 1812. Sir,-By the unanimous resolution en yesterday, of the patriotic fathers of Mecklenburg County, it becomes my duty to present to you a tender of their services in defence of our much injured and insulted country, to any part of the State where you may deem it expedient; or when and wheresoewer their service may be necessary in avenging the wrongs persisted in by our enemy. Party spirit in politics, with these, my

injuries and injustice, press d upon us by our proud implacable and declared enemy. They with one voice declare, that though they have scolded with one another, they will fight only against their enemies. Our hopes of an accommodation are nearly at an end, and we do not feel in a temper of mind

Charlotte, (Mecklenburg C'ty,) Nov. 24. The unexpected perseverance of our enemy, and the late misfortunes of our van guards in the North-West, have swelled the number of veteran fathers to about four hundred men, in this county, whose second ardo. threatens to rise in proportion to the pressure upon our beloved country; and the government which their services had eminently assisted to procure.

Of these patriotic old men, six companies are composed, under Captains James Porter, John Harris, Thomas Downs, John Secrest. S. Harris and Joseph Faires, who appeared in Charlo:te this day with their men, on muster, organized themselves into a Regiment of Silver Locks, and proceeded to elect their Rield Officers, who are, James Porter, C I. Washington City, Dec. 3. We undertand that the Hon WIL-LIAM EUSTIS tendered his resignation of the Office of Secretary of War, to the President of the United States, on the 3d instant; that it has been accept ed, but that, at the request of the President, Mr. Eustis has consented to remain in the office and give his attention to its multifarious and difficult concerns until a successor is appointed.

It gives us much pleasure to state our belief that this resignation is not the result of any collision between the President and Secretary of War, but has been tendered by the one and accepted by the other in a manner the most amicable and conciliatory.

The National Intelligencer says, that conjecture is busy in designating the Ciuzen who is to " fill the vacancy in the Department of War; but even she has not yet been able to fix on the person."-It dwelis on the importance; delicacy, and responsibility of the office at this moment.

The National Intelligencer gives a most interesting description of the arri val of Lieut. Hamilton, (son of the Secretary of the Navy) at Washington, with dispatches from Decatur and the captive flag-A large and elegant come pany had assembled at " a naval ball" given to the officers of the navy, and particularly to Captain Stewart of the Constellation in return for his entertainment. The walls of the rooms were decorated with the trophies of our naval victory, the colours of the Guerriere and the Alert. Lieut. Hamilton arrived with the flag of the Macedonian. He was conducted into the hall and the flag borne in by Hull and Stewart.-The American who has a heart to feel, may conceive the rest.

The same paper states that the N. Western Army is gone into winterquarters. No reason is there assigned for this course; but other Northern papers state it to be occasioned by the militia having refused to cross the river.

Canandagua, Nov. 24. VOLUNTEERS-Since the publica tion of Gen. Smyth's proclamation for volunteers a considerable number of citizens from different towns in this country, have assembled and subscrie bed volunteer enrolments for a short tour across the Niagara. Several companies have already marched, and others, we hear, will march immediately. We calculate on from 700 to 1000 men from this county. We are informed that 12 or 1300 have already volunteered and enrolled themselves in the county of Genessee. -We think Niagara will furnish an equal number.

We hear also, that the little county of Seneca, although it has a considerable number of men already on our frontiers. will yet furnish many more. -that Cavuga will fornish a large number. We calculate on from 700 to 1000 men from these two counties

The aggregate amount of volun' teers which will turn out on this occasion, it is supposed will be at least-3500, and probably 4000.

The cartel sloop Delight, capt. Cooper, arrived on the 2nd inst. in a short passage from Nassau, N. P. with twenty American scamen, who have been kidnapped or siblen from our shores. We have been favored by capt. Cooper with the Bahama Gazettes, as late as the 22d ult. They contain some interesting articles, which we have neither time nor room to extract until our next. We are promised a list of the names of the Americans who have been returned by the British, for Saturday:

We learn from some of the Ameri cans, who have been exchanged, that whilst prisoners, the frigate Southampton, and other British vessels which accompanied her, were regularly supplied with provisions from Savannah and Charleston in her late cruize between the places mentioned, by a black sen'r. with a red bottom, and green streaks around the trunk. This should be taken under consideration, by the proper authority, and these traitors to the country punished, agreeable to law. - Sav. pap.

Brilliant Naval Exploits!

The following Message was received from the President of the U. States: To the Senate and House of Representatives of the U. States.

I tresmit to Congress copies of a lete

ter to the Secretary of the Nary, from

Captain Decatur, of the frigate "United States," reporting his combat and capture of the British frigate Mucedonians Too much praise cannot be bestowed on that officer and his companions on board for the consummate skill and conspicuous valor by which this trophy has been added to the naval arms of the U. Statesi I transmit, also, a letter from Captain

Jones, who communded the sloop of war Wasp, reporting his appeare of the Bris tish sloop of war the Frolic, after a close action, in which other brilliant titles will be seen to the public admiration and praise.

A nation, feeling what it owes to it self and its citizens, could never abandon, to arbitrary. violence on the ocean a class of men which gives such examples of capacity and courage, in defending their, rights on that element; examples which ought to impress on the enemy, howeyer brave and powerful, a preference of justice and peace to hostility against a country whose prosperous career mag be accelerated, but cannot be prevented by the assaults made on it. JAMES MADISON.

Washington, Dec. 11, 1812. U. S. S. United States, at sea, Getober 30, 1812.

Sin-I have the honor to inform you, that on the 25th inst being in the lat. 29 N. lon. 29 30 W. we fell in with, and, after an action of an hour and an baif, cap used his Britais nic Majesty's ship Macedonian, commanded by Capt. John Carden, and mounting 49 carriage guns (the odd gun shifting.) she is a Frigate of the largest class, two years old four months out of dock, and reputed one of the best sailers in the British service. The enemy being to windward had the advantage of engaging as at his own distance, which was so great, that for the first half nour we did not use our carronades, and at no moment was he within the complete effect of our musketry or grape-to this circumstance and a heavy swell, which was on at the time; I ascribe the unusual length of the action.

The enthusiasm of every officer, scaman and marine on board this ship, on discovered ing the enemy-their steady conduct in battle, and precision of their are, could not be surpassed. Where all met my fullest expectations, it would be unjust in me to discriminate Permit me lipwever, to recoma mend to your particular notice, my first lieutenant, Wm. H. Allen. He has served with me upwards of five years, and to his unres mitted exertions in disciplining the crew, is to be imputed the obvious superiority of our gumery exhibited in the result of mis contest. Subjoined is a list of the killed and wounded on both sides. Our loss compared with that of the enemy will appear small -Amongst our wounded, you will obse ve the name of Lieutenant Funk, who died a few hours after the action-he was an officer of great gallantry and promise, and the service has sustained a severe loss in his death.
