**RAN AWAY.**  
ON the 5th inst. from the subscriber, living in Wake county, near Raleigh, a bright mulatto man, named JOHN—his height, about 5 feet 10 inches high, about 25 years of age—his clothing consisted of a snuff-colored jacket of velvet and pantaloons of cotton dyed a snuff color; he took with him other clothing. He is a sensible and will no doubt attempt to pass as a free man should he leave the neighborhood. It is uncertain what place he will make for, but it is supposed he will travel northwardly. He is an excellent rider and delivering him to me, or securing him in Jail, so that I get him, shall be handsomely rewarded.  
All persons are forbidden harboring or carrying off said negro.

**NOTICE.**  
ON the 27th day of August 1816, I purchased of Charles Crutchfield, of the county of Davidson, in the State of Tennessee, a Tract of Land, lying in the county of Warren, in the State of North Carolina, for the payment whereof I gave a Bond, dated the 27th August, 1816, for 400 dollars payable to the said Crutchfield on the first day of May ensuing. It now appears, from information not to be disputed, that my Title to the said land is an insecure one. I therefore hold the same subject to all the equitable considerations in my power to urge.

In the town of Wilmington, in this State, Six Thousand Dollars were subscribed in two days, towards building a Presbyterian Church.  
**Literary Intelligence.**—Judge Haywood of Tennessee is preparing for the press a series of Essays tending to demonstrate the divinity of the Gospels.  
**Virginia.**—We believe we do not err in announcing the following as the result of the Election for Representatives of the Fifteenth Congress, which has recently terminated, in Virginia. Those in *Italics* are reputed Federalists; the rest are Republicans.  
P. P. Barbour, Wm. H. Barwell, Barwell Bassett, John Floyd, Peterson Goodwyn, G. F. Strother, Wm. Lee Ball, James Pindall, James Johnson, William I. Lewis, Chas. F. Mercer, William M' Coy, Hugh Nelson, Thos. M. Nelson, Thomas Newton, James Pleasants, Austin, R. S. Garnett, Alexander Smyth, Ballard Smith, Edward Custon, Henry St. G. Tucker, John Tyler.

**New-York Election.**—There has been a warm contest between the *Clintonians* and *Anti-Clintonians* for Members of Assembly. The latter succeeded by a majority of about 1900 votes.  
**Hessian Fly.**—We are concerned to hear that this destructive insect is making its ravages in the Wheat Crop of Maryland and some parts of Virginia to an alarming extent; but we are happy to state that the evil has not, that we have heard of, extended to this State: Our crops were never more promising.

**Mexico independent.**—A letter received at Richmond from New-Orleans, dated April 7, says it is reported there that the Viceroy of Mexico, Apodaca, has declared himself independent, and has an immense force arrayed to sustain his declaration. If this news be true, the fate of old Spain is decided.  
**Indian Affairs.**—A company of United States Artillery from Charleston, commanded by Captain Donohoe, reached Augusta, Georgia, on the 5th inst. on their way to Fort Scott. They are intended for the security of our frontier, on the side of East Florida; and, if necessary, to act against the hostile Creeks whose recent depredations have occasioned much alarm in that quarter.

**Western lands.**—Persons owning lands in Kentucky and the western states, should be upon the alert, as there are vast quantities of land advertised for sale in payment of the United States direct tax, &c. and we expect those lands mostly belong to non-residents.  
**Melancholy event.**—On the evening of the 5th inst. the Altavada, a tender in Chesapeake bay, was blown up and 23 persons launched into eternity. It was occasioned by one of the Lieutenants snapping a pistol too near the Magazine while open. The Captain being on board the brig, escaped; all the other officers were destroyed; the following Americans were among the killed: Capt. Thuston Taylor and Mr. Wm. Colley jun. of Norfolk, Lieut. Singletary, late of the Marine Corps and Capt. Greenwell, late commander of a Baltimore packet.

**No imprisonment for debt.**—A law has passed the Legislature of N. York abolishing imprisonment for debt in the city and county of N. York, for all sums not exceeding 25 dollars, provided the defendant make oath, before the Justice of the ward in which the judgement is obtained, that he does not possess any property excepting such as is by law now exempted from execution.  
The late President Wheelock has left Dartmouth University, Forty Thousand Dollars! Dr. Boudinot gave the American Bible Society Ten Thousand!—The last was considered a splendid donation. The donation of President Wheelock puts the University in a good state as to funds.  
Professor Day is appointed by the Corporation of Yale College, President of that institution.

It is a fact, new to modern times, for which a parallel does not exist in the brilliant annals of legitimate governments, a peculiar grace upon the ex-cencies of our Republican constitution, that there are, at this moment, living in the United States, three men, who have been Chief Magistrates of the nation; who were elected by the voice of the people; retired without tumult to private stations; and are now enjoying a tranquility of their old days undisturbed by the fear of the bow-string or the scimeter. No popular suspicion, no jealousy on the part of their successors, ever for one moment, of their successors, ever for one moment, accompanied their repose. Two of them accompanied to private life by the gratitude of an admiring people, and the third now enjoying the respect of the age.—Eq.

We learn that Romulus M. Sanders of Caswell, and Thomas Settle, of Rockingham, are Candidates for the seat in Congress, formerly occupied by Mr. Yancey, who has resigned.  
We understand (says the Edenton Gazette) that Gen. Joseph F. Dickinson, of Winton, at the earnest solicitation of his friends, has consented to become a Candidate to represent this District in the next Congress in the place of the Hon. Wm. H. Murfree.

In Cumberland ult. Maj. Hugh to Miss Whitman

Arrived at New York on the 5th inst. in the ship Importer, Captain Ogden, 38 days from Liverpool, Mr. WILLIAM COBBETT and his two sons, William and John.  
**Official.**—Contracts have been made for erecting, during the ensuing summer, the following Light-Houses, in the state of Massachusetts, viz:  
On Petit Manan.  
On Naushaw Island, near Tarpaun Cove.  
On West Chop of Holmes's Hole.  
At Nantucket.  
These Houses will, probably, all be completed in the months of October or November next.  
Arrangements have likewise, we understand, been made for determining whether Gas may not be advantageously substituted for Oil, in the Light-Houses of the United States. The experiment is to be made in the Light-House at Newport Rhode Island. It is particularly recommended to the attention of mariners, from whom communications (addressed to the Treasury,) as to its relative benefits or inconveniences, when compared with oil, are invited.—Nat. Int.

The rage of speculation has advanced flour in this country to a most unreasonable price, calculating on obtaining still higher and profitable prices abroad. The bubble has burst.—It now appears, from undoubted authority, by the last arrivals, that flour brings but from 13 to 14 dollars in England, and only 13 in France. The price must fall to the just value of the article here.—Id.

**FOR THE REGISTER.**  
Mr. Editor—If you will give the following Address an insertion in the Register, you will much oblige one of your subscribers, and perhaps it may be attended with some little advantage, in future elections, and no less gratifying to the well disposed part of the community.  
**FELLOW-CITIZENS,** Having been born and raised in Randolph County, and early taught by my Father the true and genuine principles of Republicanism, I take the liberty for a few moments to claim your attention.  
In better times, it would have been inconsistent with my principles, and repugnant to my feelings, to have presented myself to the view of the public; but as I, amongst the rest of my fellow men, claim a protection under the laws of my country, I also consider myself individually as forming a part of this glorious republic. The time being near at hand when we again will be called upon, to exercise our elective privilege, in choosing members to represent us in the Senate and House of Commons of this State; as this is a valuable right, it should be by us scrupulously regarded. I am sorry to state, it is a lamentable fact, that in some of the adjoining counties, as well as in the one that gave me birth, the citizens in general, appear to be as indifferent about the Elections as they would be about an idle worn-out story. We have plainly discarded, assume the prerogative of candidates; and, being possessed of limited views and understanding, would come forward, with empty professions, and a vast heavy load of vice and immorality, and pledge themselves, if elected, to do many beneficial things for us. In the mean time, I must acknowledge that we have been honored with the service of many able, and respectable men in our legislature; and by no means would I be understood as casting a shade over their services. But, fellow-citizens, I only wish to remind you of the manner in which we have formerly conducted. To the indifference heretofore shown to the cause of candidacies. Even since I have been entitled by the laws of my country to a vote, which has not been more than four years, I have in my acquaintance known men of such characters as above alluded to, offer their services in that capacity and would boast of the same, as honors, as requirements absolutely necessary and indispensable in the character of a statesman.  
My motive for offering these lines to the view of the public is, I expect, as it has formerly been the case, some such characters will be aloft at the ensuing election—seeking for honor and reputation at the hands of individuals, and at the sacrifice of their own fortunes—who do not expect ever to promote a single solitary act in the advancement of public good and national utility. Let us for the future select from amongst us men deservedly celebrated for their integrity, talents and patriotism; men, whose lives have been marked with temperance and morality, and whose actions and conduct are deservedly appreciated by their neighbors. And let us by no means suffer our votes to be purchased with a flippant vote or a glass of Brandy, but my wish is for every freeman, who is entitled to a vote, to come forward, for the future, with the good of his country at heart, use every endeavor in his power to do their nefarious purposes.
