PRIVATE ACADEMY. THE Senior Classes of Young Ladies will be accommodated with a room to themselves. J. H. HASSAM. December 29.

NOTICE. I HAVING a desire to remove to my Cedar Creek Plantation as soon as it is convenient, I offer for sale the following TRACTS OR PARCELS OF LAND, situated principally in the South-east corner of the County of Franklin, to wit:

The Tract whereon I now live, lying on both sides of Little Crooked Creek, containing 650 acres more or less. On this tract there is a comfortable & convenient Dwelling-House, suitable for the residence and convenience of a large family, handsomely situated on the south of the road leading from Hillsborough to Tarborough, commanding a beautiful view of oaks and other forest trees, and the out-buildings numerous and convenient and in good order, say two or three good large Smoke-houses with sheds, &c., suitable for putting on Pork and other purposes, an excellent Kitchen, Work-house, Dairy and Carriage-House, &c. all now in good order.

Also a valuable Mill on said Creek near the house, containing two large framed Houses, one 24 by 28 feet, the other 16 by 26 feet, sixteen feet pitch, built for the purpose of housing cotton. The Grist and Wheat Mill has two pair of excellent Stones not inferior to any in the county, and an excellent set of Boling Cloths and Chests, manufacturing excellent Flour. The other house contains a very valuable and excellent Cotton Machine just purchased new and in good order with a suitable Peeling Box and Water-Wheel beneath. In the construction of this Mill a great deal of labor has been expended and perhaps as much Stone work or more than is common, to its strength and durability. There is also immediately on said road fronting my dwelling house, within the distance of ten hundred yards from the house, situated in a handsome level plain, a framed house, 16 by 32 feet, which has been used as a Store-house for the rise of seventeen years, a Counting-house adjacent, and a Lumber-house convenient to the other two, framed 24 feet each way.

Also one other Tract, situated within one mile of the above on both sides of said Creek, including the Cross-Roads leading from Hillsborough to Tarborough & from Raleigh to Halifax, commonly called Norris's Old Cross-Roads, adjoining the lands of Simon Carpenter and others, containing by actual survey 425 acres. There are on this tract a plantation sufficient of cleared lands to work five or six hands to advantage, and the soil is very suitable for cultivating corn and cotton—a sufficiency of the land is cleared for a part to lie out each third year.

Also one other Tract situated on both sides of Moccasin Creek, about 3 miles from my Mill, partly in Franklin & Wake counties, adjoining the lands of Thomas Gay, Stephen Pearch and others; containing 578 acres more or less, now occupied by John Page and Willie Pearce. This tract is not very well improved, but is of good quality and thought to be the best in that neighborhood, with a very good Apple Orchard.

Also one other Tract lying in the aforesaid county of Franklin, on the waters of Great Crooked Creek, adjoining the lands of Col. Jeremiah Perry, Henry Harris and others, containing 304 acres more or less, now occupied by Jeremiah Perry (Ridge); the improvements are a complete comfortable Dwelling House 22 by 34, two Rooms below and good Chimneys, and Out-houses suitable for the reception and comfort of a family: the soil very suitable to produce cotton, corn and wheat, and about one third cleared.

I will also sell two Tracts of Land in the county of Nash, lying on Tosnot Swamp, now occupied by Benjamin Rice, containing 400 acres, having an excellent Apple Orchard and tolerable improvements; the soil is considered as good as any in the neighborhood for raising cotton or wheat; the other lies immediately on Tar River on the south, and contains 150 acres, with a good Orchard, now occupied by William Parks and adjoining the lands of James Alston and others, thought to be as good as any in the neighborhood.

Also one other Tract of land situated on Little River in the county of Johnston, formerly owned by Richard Price, containing 500 acres, with two Plantations and two good Orchards; soil common for the neighborhood.

Also one other Tract lying in the county of Franklin, adjoining the lands of Jeremiah Perry and others, containing 132 acres more or less, now occupied by Merritt Ingraham.

And also one other Tract, containing 106 acres, adjoining the lands of Jubal Upchurch, Merritt Ingraham and others.

And also one other Tract, lying on the north side of Tar River in the aforesaid county of Franklin, containing 260 acres more or less, adjoining the lands of Reuben Stallings, Wm Anderson & others. On this tract there are two fields of good low grounds producing excellent corn, and also a good Dwelling-house and other Out-houses, and the upland as good as common for the neighborhood.

Also one other Tract lying on Turkey Creek, in Nash County, containing 157 acres, adjoining the lands of Wm. Morgan, Sherwood Brantley and others.

All or any part of the above described Lands I will sell on very moderate terms for Cash, or time, or I will take Bonds or Negroes in payment.

AMERICAN MEDICAL RECORDER.

JAMES WEBSTER, Publisher of the Quarterly Independent Journal, called the AMERICAN MEDICAL RECORDER.

RESPECTFULLY informs its patrons, and the Medical public generally, the work will be increased in size, in proportion to the reduction which has taken place, in the price of paper and printing; and the execution, if not superior, shall at least be equal to any Medical periodical publication in the United States.

The AMERICAN MEDICAL RECORDER for January next, that is, the FIRST NUMBER of the FOURTH VOLUME, will contain papers from Professor FRANCIS, of New-York; Professor COOPER, of Columbia, S. C.; Professors DAVIDGE, POTTER and HALL, of Baltimore; Dr TYLER, of Fredericktown, Md; Mrs. JOHN RHEA BARTON, KLAPP, MITCHELL, MITCHELL, ROUSSEAU and COATES, of Philadelphia; and Dr. ALBERTS, of Bremen, and the Editors; Drs. BUCHHEIT, REYERE, EBERLE, and Professor PATTISON.

J. W. has been informed, that statements have been made, which, if believed, are calculated to injure the American Medical Recorder; so far, however, from it being the fact, that the subscribers are withdrawing daily, the publisher, in reply, declares that, within the last two months, the additions made to the subscription list, have exceeded fifty in number: and further, that within the same period, not more than five, including Drs. GIBSON and HORNBER have declined continuing the work. Philadelphia, Nov. 21st, 1820.

PROPOSALS.

For publishing monthly, in Baltimore, BY JAMES WEBSTER, A WORK TO BE CALLED THE UNITARIAN MISCELLANY.

CHRISTIAN MONITOR.

THE principal object proposed in this work, is to set forth the doctrines, and inculcate the truths of the Christian religion, as they are usually understood by Unitarians. It will be devoted to the cause of religious knowledge and piety. It will aim to illustrate and enforce the principles of a rational faith, and to impress the importance of believing the doctrines, imbibing the spirit, and conforming to the precepts of the gospel.

The contents of this work will be of a miscellaneous character, comprising discussions on the various interesting topics of religion. These may be ranked under the heads of biblical criticism—important subjects of controversy—practical and devotional articles— notices of new publications—and religious intelligence.

It will have for its basis the entire freedom of thought and enquiry in all the concerns of religion, and look only to the gospel of Christ and his apostles for the truth, without regard to the additions and inventions of men. No pains will be spared to explain and defend the records of divine truth, as revealed by the Saviour of the world; and no zeal will be wanting, in detecting and exposing, and refuting by fair argument, and scripture evidence, the errors which darken and deform the Christian scheme. As truth, virtue, and piety, are the only objects of this work, it will be open to any liberal and temperate discussion of theological subjects which may promote these ends. Articles from any party, written with moderation, candour, and a spirit of clarity, will find a place, and receive a proper notice. Truth can in no way better be elicited, than by fair discussion, and religion without truth, is much like faith without reason, delusory and unprofitable.

This work will be published on the first of every month, beginning with January next. Each number will contain not less than thirty-six pages, duodecimo, making a volume, annually, of nearly 500 pages.

The annual price to subscribers will be one dollar and fifty cents.

Any person, who will become responsible for six subscribers, shall have one copy gratis. Communications directed, post paid, to the Editor in Baltimore.

Subscriptions received by J. GALES.
