

and S. Simmons, were distinguished. All spell well, but S. Simmons and M. Stuart were best. In parsing, S. Simmons, L. Hendon and M. Stuart were most approved. In Geography, pre-eminence is justly due to the same young ladies who obtained distinction in parsing. Siphonia gained distinction in parsing. On White had the second distinction. On the blank Maps all were very expert. To Mary Stuart and Louisa Hendon, however, were awarded the highest praise. The best Writers in this Class, are Sothebest White, Margaret Coman and Louisa Hendon, in the order named. On Louisa Hendon, this Class had not paid Bible Questions, which the importance of that attention, which the importance of the subject required.

Margaret Coman, Louisa Hendon, Sarah Simmons, Mary Stuart and Siphonia White, were examined on Reduction, and appeared well acquainted with this part of Arithmetic.

Margaret Coman, Louisa Hendon and Mary Stuart stood on Blair's Elements of Astronomy, and were highly approved. No distinction.

Eleanor Boylan, Esther Barclay, Harriet Cobbs, Mary Crenshaw, Frances Crenshaw, Charlotte Harrington, Maria Crenshaw, Catharine Raboteau were examined on Reading, Spelling, Parsing, Blair's Elements of Philosophy, 1st vol. of Whelpley's Compend of History, Arithmetic, Copy-writing and Bible Questions. This class read well. Their merits were in the following order, viz. Maria Hill, C. Raboteau, C. Harrington, H. Cobbs, E. Boylan, M. A. Crenshaw, E. Barclay and F. Crenshaw. In Spelling, C. Raboteau, C. Harrington, H. Cobbs and M. Hill were considered best. In Parsing, C. Raboteau and H. Cobbs had the superiority. In Blair's Philosophy, no distinction was made. In Whelpley's Compend, E. Boylan, C. Raboteau, M. Hill and C. Harrington were deemed best and equal. In Arithmetic, all were approved on the Rule of Three. M. Hill, C. Harrington and H. Cobbs are the best Writers; and all appeared to be well acquainted with Scripture History, every question being answered correctly.

Delia Haywood, Lucy A. King, Lavinia Moore, Martha Pool, Mary A. Potter, Jane Savage, Catharine Shaw, Eliza Washington & Gough Ann Whitaker, were examined on Reading Young's Night Thoughts, Spelling, Parsing, Copy Writing and Bible Questions. This is an excellent Class of Readers. Lucy King, Martha Pool, Mary Potter & Eliza Washington stand at the head of it. The whole spell admirably. Martha Pool and Catharine Shaw best. In Parsing, the Class acquitted itself well. E. Washington was entitled to the first honour. In Writing, Eliza Washington and Delia Haywood were distinguished; Mary Potter and Lavinia Moore were 2d best. In Bible Questions all were perfect. No distinction.

The same Class, with the exception of Delia Haywood, Lavinia Moore & Martha Pool, stood on both vols. of Whelpley's Historical Compend. With the study of Sacred, this Class has successfully omitted that of Profane History, in which they were highly approved.

Delia H. Haywood, Martha S. Pool, Lucy A. King, Mary A. Potter, Jane Savage, Catharine Shaw and Eliza H. Washington, were examined on Rhetoric. Delia Haywood and Martha Pool, passed through the whole Work. The rest made a promising Essay on the six first lectures.

Lavinia Moore, Eliza H. Washington and Gough Ann Whitaker, stood a satisfactory examination on Blair's Elements of Natural Philosophy. No distinction.

Delia H. Haywood, Martha S. Pool and Gough Ann Whitaker, were examined on Logic—a study which they had but recently commenced, but on which they acquitted themselves satisfactorily.

Delia Haywood underwent an examination on the French Grammar and Exercises, and evinced to the Trustees that she had paid considerable attention to this branch of polite Education.

Lavinia Moore was examined on Adams's Geography, and gave satisfactory proofs of having paid no ordinary attention to this useful study.

The following young Ladies were examined on the several branches of Arithmetic, viz: Eliza H. Washington, on Reduction. Delia H. Haywood, Lucy A. King, Lavinia Moore, Martha S. Pool, Mary A. Potter and Catharine Shaw, on Rule of Three & Practice. Jane Savage and Gough Ann Whitaker, on Discount, Barter, Loss and Gain, Allegation, Single and Double Position. The Trustees were gratified to find that all the attention merited by this important subject had been faithfully bestowed upon it by these students. Jane Savage and Gough Ann Whitaker were considered the best Arithmeticians; and Mary A. Potter was but little inferior to them.

Jane E. Fox and Eliza H. Hill were examined on reading Thomson's Seasons, Copy-writing, Arithmetic, Bible Questions, French Grammar and Exercises, Historiz Sacrae and Viri Romae and Logic. These young ladies have been very successful in their varied and important studies; and their Examination has abundantly testified that the distinctions heretofore conferred on them have been well earned, and has, at the same time, given a strong pledge that they will be amongst the brightest ornaments that have ever adorned our Institution.

Miss W. D. Whitaker having, at different times during her connection with this Academy, passed satisfactory examinations on all the studies belonging to the course of Female Education adopted in this Institution; and, after reviewing them, having at this time stood a highly satisfactory Examination thereon, the Trustees, agreeably to a standing regulation of the Board, determined to confer on her the distinguishing honours of the Institution, viz. an *Honorary Certificate* and a *Golden Medal*, which were, in due form, accompanied with a very handsome Address from one of the Trustees, conferred accordingly.

Mr. Gougeon's Pupils in Music were heard, at intervals, during the Examination of the Female Department, and a Concert on Tuesday evening, and evinced much improvement in that delightful accomplishment.

**Raleigh Register.**  
FRIDAY, JUNE 14, 1822.

**Fourth of July.**—A meeting of the citizens was held at the Court-house on Saturday evening last, to determine in what manner they would celebrate the approaching Anniversary of our Independence; when it was resolved, that a Public Dinner should be provided, an Oration delivered, and the Declaration of Independence read. A Committee of Arrangement was appointed for carrying the will of the meeting into effect.

We learn that our late Governor, John Branch, Esq. instantly declined the acceptance of the office of a Judge in West-Florida, to which he was lately appointed by the President and Senate of the U. States.

At the annual meeting of Stockholders of the Cape-Fear Navigation Company, which was held in Fayetteville on Monday week. Robert Strange was elected President, with a salary of 250 dollars per annum, and John A. Cameron, William Boylan, James Mebane and Archibald M'Bryde, Directors.

We understand that the fiscal concerns of the company will not warrant a second dividend.  
The Stockholders have voted a discretionary power to their President and Directors to place the management of their future operations under the direction of the Board of Internal Improvements of the State.

Thomas Carberry is elected Mayor of the City of Washington for the next two years.

We are authorized to state that Josiah Meigs, Esq. of this city, has resigned the Professorship of Natural and Experimental Philosophy in the Columbian College in the District of Columbia.—*Nat. Int.*

**Episcopal Church.**—The Corner Stone of an Episcopal Church was laid in Washington, in this State, on Wednesday, 29th ult. The ceremonial services were performed by the Rev. Richard S. Mason, of Newbern.

**Intemperance.**—We are pleased to see that the friends of good morals in Guilford County, in this State, have formed a Society for the suppression of Intemperance, of which *Hance McCain*, Esq. is Chairman. They have our best wishes for their success in overcoming one of the greatest evils of the country; and, no doubt one of the first steps ought to be to endeavor to lessen the number of Retailers of Spirits.

**Courts Martial.**—Capt. Hull lately wrote to the Secretary of the Navy, requesting, that as the administration of the affairs of the Navy Yard at Charlestown, under his care, had been called in question during the trial of Lieut. Abbot, a Court of Inquiry might be appointed to examine his conduct; but the Secretary replied, that such a measure was entirely unnecessary; the result of Lieut. Abbot's trial having shown that the complaints which had been made by him were groundless. Adding that the frequency of Courts Martial and Courts of Inquiry, is not only expensive, but injurious to the public service.

The following interesting article is extracted from the London New Monthly Magazine for April:—“Government has resolved to terminate all the commercial difficulties which have for some time subsisted between this country and North America. Instructions have been sent to the several W. India Islands, that the ports should be opened immediately to the direct trade of the United States, upon the principles of reciprocity which had been proposed by the American Government.

**Department of State, 7th June, 1822.**  
Authentic intelligence has been received at this Department, that the King of Holland, by a decree of the 20th of March last, has ordered that the charge for pilotage shall be the same on American and Dutch vessels within his states, and that restitution shall be made to the parties of all monies that have been paid on account of the late additional imposition.  
This notice is published for the information of all such as may be interested.—*Nat. Int.*

**Exchange.**—At an extensive auction sale of Slaves, made by the Marshal, in Lexington, Ky. on Wednesday, the 15th May, the conditions of the sale were, that the purchasers might pay in paper of the Bank of that Commonwealth, or of the Bank of Kentucky, at par; or in *Specie* at a premium of *eighty per cent.* at the option of the purchaser!

A Sea Serpent has been captured in a Cove, near Middletown, N. J. The monster is between 30 and 40 feet in length, and 18 feet round. It required two horses and six men to drag the skin 200 yards, which is about to be stuffed and carried to New-York. He was harpooned.

The U. S. seventy-four gun ship North-Carolina is now receiving her equipments in the Delaware. She passed over the bar near Fort Mifflin on Wednesday last, and is now at anchor off Chester, where she is to take on board her ordnance, &c. &c.

A Tanner in Massachusetts advertises a generous price for several tons of cured *Sumac Leaves*, which in this country are very common. Would it not be well for such persons as have children to set them about collecting them?

**Botany of North-Carolina.**—The North-American Review, for July last, in a very learned and elaborate treatise on the Botany of the United States, has the following remarks: “Another circumstance that sets the deficiency of our botanical publications on this head, in a clearer light, is the fact, affirmed by the Rev. J. D. Schweinitz, of Stokes, N. C. that he himself had observed nearly one thousand six hundred species of the single order of Fungi, in the western part of North-Carolina. It is however hoped, that our knowledge of this class of plants (the cryptogamous) will not long remain so imperfect if Mr. Schweinitz meets with encouragement to publish his intended description of the cryptogamous plants of North-Carolina, of which he has lately printed a specimen, containing the hepatic mosses, executed after the manner of Pursh's flora.”

**A Duel.**—A few days ago, a duel was fought on the South-Carolina side of Savannah River, ten miles below Milledgeville, between Joseph L. Hepburn, Esq. and Thacker B. Howard, Esq. both Attorneys at Law, of Milledgeville, which proved fatal to the former.

**Quick work.**—The Ohio Legislature convened on the 20th ultimo—passed a law to organize their 14 Congressional districts—and adjourned after a session of four days.

The Legislature of the State of Connecticut adjourned on Friday, the 31st ult. The bill for *districting* the State for the choice of Representatives to Congress was rejected, in the House of Representatives, 95 to 90. This is close voting, and evinces a change of sentiment favorable to what we consider the Republican principle of electing Representatives to Congress, and electors of President and Vice President by districts. The Legislature passed a law excluding N York steam boats from navigating the waters of Connecticut, so long as steam boats owned by citizens of that State shall be prohibited from navigating the waters of New-York. Gov. Wolcott returned the bill to the Assembly, with a very able message containing his reasons for not signing it. He considers the New-York restrictive laws upon the subject, as well as the Connecticut law, unconstitutional and void; and he points out the Constitution and Supreme Court of the Union as the criterion and tribunal for the decision of the question. The General Assembly of Connecticut, nevertheless, passed their retaliatory bill into a law, and thus new difficulties are created in the intercourse by steam vessels between the different States of the Union.

The Legislature of Massachusetts is now in session. After four ballots Mr. Levi Lincoln was elected Speaker of the House; the votes being for Mr. Lincoln 74, Mr. Lawrence 60. This is the first time for 10 or 12 years, a Boston paper states, that a Republican has filled the chair.

H. G. Otis has resigned his seat in the Senate of the United States—the reason he assigns, is, that his public employment for five successive winters has occasioned an accumulation of claims upon his time and attention, too urgent to be, by him, longer neglected.”

The Hon. James Lloyd, has been elected by the Legislature, to fill the vacancy.

The Legislature of New Hampshire was to assemble on the 5th inst. Among their duties will be that of choosing a U. S. Senator, to fill the vacancy that will be created by the expiration of the term of Mr. Morrill on the 4th of March next.

**Agricultural Fair.**—The Cattle Show and Fair, one mile to the west of Philadelphia, have attracted a great concourse of Spectators. It is supposed that on Tuesday week, there were about 15,000 persons present. Many gentlemen of respectability, and high in estimation as agriculturalists, had come from neighboring states and cities, from Baltimore, New-York, and some from Boston.

The “Maryland Cattle Show and Fair” was held last week, near Baltimore, and very numerous attended.

**Honorable triumph.**—After a trial of three days of the case of the U. States against Dani D. Tompkins for \$11,022 27 and 329 30 interest, after a most minute investigation, and a great display of eloquence and legal knowledge, the jury, yesterday afternoon, returned a verdict in favor of the Vice-President of one hundred and thirty-six thousand seven hundred and ninety-nine dollars, ninety-seven cents.

This verdict, which has still less than what was anticipated, has given general satisfaction. We expect to publish a full detail of this trial. It will be remembered that Mr. Tompkins, than whom no man has rendered greater services to his country during the late war, was returned by government as a *defaulter*. We now see, by the oath of an impartial jury, the true state of the case. *Fiat Justitia.*

The Baltimore papers furnish us with interesting news from the republic of Colombia, of which we have room for only the prominent fact—the total defeat of the Royalist General Morales. The commandant at Caracas had received a dispatch confirming this intelligence. It is said that the division of Morales was entirely destroyed, and he is represented by one account as having fled singly to the mountains; by another, that he had escaped to the island of Oro. His defeat, however, is certain. Porto Cabello is, therefore, the only spot now held by the Spaniards throughout the whole extent of the Colombian Republic.—*Nat. Int.*

**Shipwreck.**—The brig Columbia, Fitch, from Ponce, Porto Rico, bound to Baltimore, with a cargo of sugars, foundered at sea yesterday week on the edge of the Gulf stream. The captain, passengers and crew were taken off while the vessel was sinking, by the brig Hope, of Providence, and have arrived at Norfolk.

**Shipwreck.**—The French frigate L'Africaine, Capt. Epron, of 44 guns, on her passage from Martinique for the islands of St. Peters and Miquelon, when going at the rate of six knots an hour in a thick fog, struck on the south side of the Isle of Sable, and in a few minutes bilged. Part of the crew got ashore in the boats, which were dashed to pieces, and about six men perished. The schooner Two Brothers, from Halifax, with provisions for the establishment at that place, happened to be there, and succeeded in saving the remainder of the officers and crew, and had arrived at Halifax with about 130 of the frigate's men. About 123 were left on the island, with provisions to await the return of the schooner. [We understand that the above frigate was destined to this country, to take out Mr. De Neuville, the French Minister.]

A pleasant mode for removing tartar from the teeth is simply to eat Whortleberries. They are commonly called Huckleberries.

**MARRIED.**  
Lately, at Bujoi, in Brunswick county, the seat of Alfred Moore, Esq. Francis Waddell, Esq. to Miss Elizabeth Moore, in Hillsborough, on the 30th ult. Mr. James Russel, aged seventy-five years, to Miss Nancy Brewer, aged seventeen.  
At the seat of Col. Wm. Vines, in Beaufort county, on the 30th ult. Mr. Joseph Bonner, merchant of Washington, N. C. to Miss Sally Ann Crawford, eldest daughter of the late Charles D. Crawford, Esq. of the former place.

**DIED.**  
In Tyrell county, lately, Rich'd. Davis, Esq. for many years a Senator to the State Legislature from that county. Also, Mr. Joseph Wynne, an old inhabitant of Pasquotank.

At his plantation on the Sound, in the county of Brunswick, a few weeks past, William Hensley, Esq. a patriot of 76, aged 58. Mr. Hensley was in the battle of Guilford & the Eutaw Springs, where he acted in a manner highly creditable to himself, and received the warmest approbation of his officers. As a citizen, he was honest and respectable; and the loss of no man was ever more regretted by his neighbors and friends.

In Brunswick, Va. Captain Littleberry Wilkinson, to the great grief and affliction of his aged parents, and deeply lamented by his numerous friends.

On the night of the 24th ult. Col. James Overstreet, of Barnwell District, S. C. after a short but painful illness. He was returning from Washington City with his lady, (whom he had recently married,) to his seat in South-Carolina, after having discharged his duty as one of the representatives of the people of that state during the first session of the 17th Congress, enjoying in anticipation the pleasures of home, and the society of intimate friends and relatives. On the Saturday morning previous, he reached Salisbury; after eating breakfast, he resumed his journey; but ere he had travelled ten miles, he became seriously ill. Having reached Mr. Parce's ten miles from Salisbury, on the road leading from Charlotte, he was unable to proceed farther; and there death, that inexorable monster, terminated his mortal career.  
On the 26th ult. at his seat near Georgetown, D. C. in the 66th year of his age, General Henry Carbery, a distinguished officer of the Revolution.
