

FOREIGN.

LATEST FROM LONDON.

London, Oct. 8.
By the arrival at this port this forenoon, of the English ship Mary Catharine, Capt. Pace, in 36 days from Liverpool, we have received our regular files of London papers to the 18th of Sept.: and have been favored with Liverpool papers to the 20th. These papers contain no later intelligence from Greece and Turkey than was brought by the Howard, at New-York from Havre.

The Courier informs that "the Right Honorable Geo. Canning kissed hands and received the Seals of Office from his Majesty, on being appointed Secretary of State for Foreign Affairs," at a meeting of the Privy Council on the 16th.

The British Parliament has been further prorogued from the 8th Oct. to the 26th Nov.

In speaking of the Spanish government, the Courier styles the Constitutional authorities of Spain, "the faction predominant at Madrid." This is a fair specimen of the feeling entertained by the legitimates towards the present government of Spain.

At Verona great preparations are making for the approaching Congress. Strangers desiring to remain at this place during its sittings, are obliged to attach themselves to one of the Ministers, or to prove themselves under the special protection of one of the great Powers. The Pope has provided accommodations for the *imperials* as follows: The Venetian Palace for the Emperor of Austria, the Cavelli Palace for the King of Prussia, and the Doria Palace for the Emperor of Russia.

The Davis' Straits fishery has been very unsuccessful, as well as disastrous to many vessels. An arrival in England reports that 7 vessels were lost, 22 beset with ice, and the remainder had come away, the fishing being considered over. The vessels reported have on an average but 4 or 5 fish each.

It was expected in Madrid that an Extraordinary Cortes would be convoked to take into consideration the serious aspect of affairs which Spain presents.

After Mr. Canning's visit to the India House on Saturday, it was currently rumored that Lord Hastings would continue to be Governor General of Calcutta.

Mr. C. transacted business at the Foreign office, in Downing street, on Monday evening, for the first time since his appointment.

The Earl of Clanwilliam has resigned the Private Secretaryship at the Foreign Office. It is said the Noble Earl signified his intention of so doing the moment it became probable that Mr. Canning was to be the new Principal Secretary.

The Paris Journal des Debats takes a very unfavorable view of the situation of the Greeks. The Editor seems to think the only chance they have of escaping extermination is to submit to the Turks upon terms something like those proposed by Mr. Sheridan, guaranteed by the Holy Alliance.

New-York, Nov. 2.

The fast sailing ship Robert Fulton (of the fourth line of packets,) arrived yesterday morning from Liverpool, whence she sailed on the 24th of Sept. LONDON, SEPT. 22.

The Emperor Alexander arrived at Vienna on the 7th inst. The Viscount Montmorency, Ambassador from the Court of France, has been admitted to an audience of the Emperor of Austria, and had conferences with the Foreign Ministers. The conferences at Vienna are merely preliminary, and all important deliberations will be postponed until the Sovereigns, or their diplomatic attendants, assemble at Verona.

We have received Bayonne papers to the 11th inst. They state, from Spain, that Quesada, being out-flanked by the Constitutionalists, and forced back to Arragon, had suffered a complete defeat; and it was even reported that he had been delivered up by his own men and shot. The Defenders of the Faith were giving way at all points, before the determined valor and enthusiasm of the Constitutionalists, and the Government was acting with spirit and energy, by pouring reinforcements into all the disturbed provinces.

ZANTE, AUG. 7.

The combined Turkish fleet, consisting of line of battle ships, frigates, sloops and brigs, in all about 30 sail, passed by this on the 2d inst, and are at present at Patras.

FROM BUENOS AYRES.

The ship Ruth and Mary, from Buenos Ayres, has arrived at Philadelphia. The Philadelphia Gazette says, we are indebted to Mr. Richard Bailey, passenger in her, for the following

interesting article. Mr. B. is bearer of dispatches for government, from our Commercial Agent at Buenos Ayres.

"On the evening of the 23d of August last, previous to my leaving the city of Buenos Ayres. Mr. Rividavia, (Secretary of State, and member of the Junta then in session,) did not make his appearance until a late hour, when he informed that body, of a conspiracy which had been planned against the present government, and which was to have been carried into execution that evening; but fortunately he had received timely intimation to prevent it, by entering the arrest of Don Gregorio Tagle, (formerly Secretary under Pueyrdon) with several others. He requested and obtained the appointment of a Committee of Investigation, and strongly urged the necessity of exemplary and capital punishment. Our agent, John M. Forbes, Esq. had an interview the morning after with Mr. Rividavia; and in his despatches, which are brought by the Ruth and Mary, he has no doubt given the particulars to his government."

FROM THE BRAZILS.

Baltimore, Nov. 2.

By the brig Robert, McCleish, arrived at our port on Thursday, in 40 days from Rio Janeiro, we received files of Rio Gazettes to the 19th Sept. from which we present the following translations. Our readers may recollect, that the numerous inhabitants of the Bay of Brazil were called upon, and solicited, in the most energetic terms, to join the other provinces in emancipating themselves from the oppression of the European government. The official declaration of their INDEPENDENCE of the European government, and adhesion to that of the Prince Regent, is received by this arrival.

FROM RIO JANEIRO.

Norfolk, Nov. 1.

Capt. Small, of the brig Eliza Reiley, from Rio Janeiro, arrived last night, has politely favored us with the following intelligence.

"In the month of August, a Manifesto, addressed to all the nations and governments friendly to the Brazils, was issued by the Prince Regent, which was considered in the light of a declaration of independence at that time.

"Some inquietude having been reported to exist in the interior, the Prince Regent went in person to St. Paul's, which is distant about 400 miles from Rio, when his presence soon restored tranquility. He returned to the city on the 15th of September, and appeared at the Theatre on the evening of that day with a green badge on his left arm, (with the inscription of Independence or Death,) in place of the Portuguese cockade, which he had removed from his hat. On the following day the Portuguese cockade was not to be seen in the streets; but all those who used to wear it, had the green badges on their arms.

The Prince, it is said, did not wish to establish the Brazilian cockade, intending to leave that matter, as well as the choice of a Brazilian flag, to the Cortes, which were soon to assemble at Rio. Several persons, supposed to be inimical to the independence of the Brazils, had been recently arrested, and were to be sent to Portugal.

"The Prince Regent was very popular, as being favorable to a Constitutional form of government, and every disposition was manifested by the people to maintain a friendly intercourse with the United States.

"Mr. Raguet, lately appointed American Consul at Rio Janeiro, arrived with his family from Philadelphia on the 8th of Sept. and was recognized immediately after the arrival of the Prince in the city.

"The Rio fleet was still out, but it was generally believed that despatches were sent to them to return; they had been in the sight of Madara's fleet, but struck no blows, being nearly equal. All vessels leaving Rio had to give bond, of treble the value of vessel and cargo, not to go to St. Salvador.

"Markets at Rio dull for all kinds of American produce, in consequence of the number of arrivals from the United States, and was it not for the Lima market, there would be no sale whatever for Flour; large quantities had gone and were going from the River, as well as from Rio, sufficient, it was supposed, to last them a twelve month."

ARRIVAL OF THE PEACOCK.

The U. S. sloop of war Peacock, Capt. Cassin, came in from sea yesterday afternoon, and anchored in Lynhaven bay—she this morning came up and anchored in Hampton Roads.

The Peacock has had a passage of 9 days from off Havana, and lost by fever the following officers:—Lieuts. Stallings, Bowyer. Midshipmen Archer, Lownds, Wetherell, Mr. Chapin

(Captain's Clerk) and 7 men. There are a number at present on the sick list, but few of them, however, of fever, its ravages having of late considerably abated. Capt. Cassin, Lieut. Cassin, Lieut. Coeiman of marines, and Purser De Bree, are in good health; Lieut. Scarce dangerously ill. The prisoners which had been captured have been sent to New Orleans in one of the prize vessels, as stated by previous accounts.

The U. S. frigate Congress, dropped down to-day from the bite of Craney Island into Hampton Roads.
