When petitions were called for-Mr. Dwight said he was requested to present the Memorial of William Thornton. Walter Jones, and sundry other respectable citizens of the District of Co lumbia, in behalf of the Greeks.

The Memorial which Mr. D. here presented is signed by one hundred and thirty eight citizens of Washington and Georgetown, praving of Congress "to appropriate two or three millions, in provisions, and whatever may be necessary to the Greeks, as an easy and honourable mode of acknowledging the aid, bounty, and obligation received from France in like cir comstances."

The Memorial was read; when after considerable debate, as to the impolicy of the measure, it was ordered to lie on the table.

On motion of Mr. Ingham, it was Re solved. FRIDAY, DEC. 27.

Mr. Cooke reported a bill "supplmen" tary to the act to provide for certain per-

sons engaged in the land and naval service of the United States, in the Revolutionary war ;" which bill was twice read and committed.

Dramali, (native of Drame) Pacha of by the name of Labatal. General Ma-Thessaly, was made prisoner with several Beys of the Province and Macedonia. The rest of the Turkish army dispersed itself upon three different points. A corps of 2,500 men gained the high road to Corinth, where they were pursued. Another corps of 2000 men took flight towards Hagion Oros. from whence they sought, by a desperate effort, to regain the road to Napoli di Romania ; but, surprised by Nicitras, near Barbatri it was cut in pieces, a very small number throwing themselves into the mountans whence they eventually reached Corinth A third corps, the most considerable of all, composed principally of Albanians, was unable, from its desperate situation, to take any other course than to precipitate itself on the route leading to Tripolitza. Overtaken in its flight between Agladocampoa and the lake of Lerue, it was attacked, and left on the place more than 1000 men; the rest surrendered at discretion. In the number of prisoners was Ali Pacha, a native of Napoli di Romania, and Vizier of Triccala, and Astan Denza, a very enterprising Albanian Chief -The Turks in Candia have also sustained several defeats, and have been compelled to shut themselves up in the fortresses. Accounts from Constantinople confirm the reports of a naval battle having been fought bewhich the lafter were victorious, and

captured six of the Turkish vessels.

The Congress.-We have seen an article of some interest, from the London Times, on the supposed views and projec s of the Congress and Sovereigns, assembled at Verona. It appears that their meeting took place on the 22d October On this subject, the Morning Chronicle remarks, that the result of the Congress will be pacific; and that, in spite of the ardent wishes of the high Allied Powers to prevent the spreading of constitutional principles & liberal institutions they would be able to do no more than establish local mounds and barriers among themselves, either by means of Cordons Sanitaires or through a more efficient system of police, as in their superior judgment they may afterwards deem most expedient, without in any way troubling the countries which constituted the object of their tender soli citude, with foreign armies, fleets and governors. Greece .- Every friend of humanty, every one who sincerely desires the emancipation of the human race from despotic thraldom, must rejoice with us in the confirmations of the victories obtained by the Greeks over their barbarian oppressors Even the Austrian Observer, hitherto so hostile to the cause of freedom in Greece that it would not admit of a single advantage having been obtained by the patriots, now explicitly concedes, that the Turks have been driven back upon Corint .. And, on a comparison of the accounts with those received at Philadelphia, there is no doubt that the Greeks re-occupy that city.

FOREIGN.

By the arrival at Philadelphia, of the fast sailing ship Factor, from Liverpool, London date : have b. on received of the 28th, and Liverpool of the 30th October.

The accounts of the successes of the Greeks, both by land aud sea, are amply confirmed, and shew the unfounded nature of the rumor that they had made a disgraceful submission to their barbarian oppressors. In addition to the interesting details in a subsequent column, it is stated in the London Morning Chronicle of the 26th October, that accounts had been received that morning from Greece of the most satisfactory nature. On the 24th of September, the castle of Corinth surrendered to the Christians, and by this achievement the Morea hasbeen a gain liberated from the barbarians. This event will be considered important in history, because it has been preceded by the most brilliant success on the part of the Greeks.
