

FOREIGN.

LATEST FROM FRANCE.

New-York Aug. 19.

The packet ship Cadmus, Captain Whitlock, arrived yesterday from Havre, whence she sailed on the 1st of July. We are favored with Paris papers to the 30th of June inclusive.

The market for American produce had improved within the last few days. The sales of Cotton at Havre, were extensive on the 30th of June, at an advance of 4 or 5 sous per lb.

It was known in Paris that the French troops occupied San I near and Rota. Bourdesoult, (say the papers) would be at Port St. Marys on the 26th of June, and then have possession of every place that could delay the capture of Cadiz.

The Gazette de France gives the names of six regiments, and a detachment of military equipage which were to arrive at Bordeaux in all the month of July, on their way to Spain.

The 100th Regiment of the Line, in garrison at Grenoble, was ordered to join the army of Spain.

From Bilbao, June 29d, it is said a number of Constitutional troops had arrived there from Santana, having deserted in consequence of the bad treatment they received. The province of St. Andre has declared against the Constitution.

A corps of Spanish Royalists, consisting of 5000 infantry, and 800 cavalry had forced the Constitutionalists to shut themselves up in Badajoz, whence they could not retire. Thus, says the paper, is Estremadura nearly liberated from the yoke of the Cortes, and all the Provinces manifest the like enthusiasm in favor of the good cause.

About 682 Spanish prisoners, including 40 officers, taken in French Cerdagne, arrived at Perpignan on the 20th. Among them was Col. Correa, of the regiment of Corunna. Another detachment of prisoners arrived on the 23d.

PARIS, JUNE 29.

Payredda, June 23.—Yesterday, 2000 French, and the battalion of Resmagosa left this place for Sen, with 5000 others who were at Beloeir, under Baron d'Eroles, destined for the blockade and siege of that place. It is said that Manco, commander of the constitutional troops of Taragona, has voluntarily given himself up to the French.

Mina left the Sea on the 19th at 4 in the morning, with 1,000 men, the most of whom belonged to the garrison, which had been made up from the regiments of Laredo and Majorca, and some volunteers of Murcia; the soldiers comprising this garrison are mostly invalids and not capable of performing hard duty. Mina has directed his course towards the Congree de Tresp, and has with him 150 miquelets, (a sort of Spanish soldiers,) under Auleu Eroles.

PARIS, JUNE 30.

Extract of a letter from Ar, June 24.

On the evening of the 17th, six hundred Constitutionalists left Balaguer, joined one thousand troops of the garrison of Larida, and made an attack at Mamarita on the division of Navarre, of 2000 men. The latter did not at first shew more than half their forces & stationed 800 in a large church. By this stratagem they placed the Constitutionalists between two fires, killed 600 men, took all their ammunition a mule loaded with silver, 50 horses, and 2 pieces of cannon.

Yesterday morning, 2000 French arrived at Alas, about an hour's march from Sen; at 10 a division of Royalist Spanish posted at the heights of Calvignac; another division repaired to Euserailla, which commands the pass of Undorre, and at noon, a considerable force of infantry and 2000 horse occupied le mars d'Eroles near Utadele. The blockade is thus well established. In the evening a cannonading from the forts was heard. This military evolution has taken place very opportunely to prevent the neighboring villages from furnishing the grain and money required by the garrison.

It is said that Mina, who was on his way to Congo, has been driven back upon Ouiliana. It is reported that he has been seen in that neighborhood, that his troops are in a deplorable state, and that they are encumbered with the escort of many Constitutional families composed of women and children. It is believed he has been interrupted in his march by the corps of Cainalo and another Royalist Chief.

ST. SEBASTIANS, JUNE 20.

Two deserters have come into our camp, and confirm our previous accounts of the discontent of the garrison, and of scarcity of water. One party wished to surrender, and the other to hold out to the last. O'Donel had been obliged to confine some soldiers. We anticipate the place will not hold out long.

MADRID, JUNE 23.

The news of the transactions at Seville, has excited the inhabitants here, to that degree, that the Regency has been compelled to use force to prevent them from demolishing the houses of the members of the Cortes, and of the military commanders who were at the Isle of Leon.

ENTRONS OF THE SEA, JUNE 23, 2 o'clock.

The French and Royalist troops have this moment arrived near us.—All is confusion. The miquelets and militia have dispersed. Baron D'Eroles has taken his position with 3000 infantry, 200 horse, and the French division also. The pass of Pailas is now the only one that is free.

MADRID, JUNE 23.

The Regency yesterday published the following decree:

ART. I. An exact list shall be drawn up of the members of the existing Cortes: of the members of the pretended Regency at Seville, the ministers and officers of the volunteer militia of Madrid and Seville, who ordered the removal of the King from Seville, or who have lent their aid in that removal.

2. The personal effects of the individuals on this list shall be immediately confiscated until further orders.

3. All the members of the Cortes, who took part in the deliberations in which the powers of the King were suspended, are, for this act alone, declared guilty of treason, and the punishment for this crime shall be adjudged them by the tribunals, on the mere proof of identity.

4. Those who shall efficaciously contribute to the deliverance of the King, shall be exempted from the consequence of the preceding article, and shall be suitably and honorably rewarded.

5. The generals and officers of the troops of the line and militia, who followed the King to Cadiz, are declared responsible for the lives of their Majesties and their Royal Highnesses, and shall be brought before a military tribunal to be tried as accomplices for any acts of violence that may be committed on the members of the Royal Family, which they had it in their power to prevent.

DEFEAT OF PIRATES.

Baltimore, Aug. 20.

In yesterday's American we published a brief account of the destruction of a piratical establishment on the south side of the Island of Cuba, by the United States' schooners Greyhound and Beagle. We have been politely favored by the owners of the brig Octavus with a file of the Jamaica Courant to the 30th of July inclusive, from which we extract the following additional particulars of this affair.—Amer.

From the Kingston (Jam.) Courant.

The United States' schrs. of war Greyhound and Beagle, of 3 guns each, Lieut. Com'dts. Kearney and Newton, came to anchor at Port Royal on Saturday afternoon. They left Thompson's Island seven weeks ago, and have been cruising within the Keys on the south side of Cuba, as far as Cape Cruz, touching at all the intermediate ports on the Island to intercept pirates. On the 21st inst. they came to anchor off Cape Cruz, & Lieut. Com'dt. Kearney went in his boat to reconnoitre the shore, when he was fired on by a party of pirates who were concealed in the bushes. A fire was also opened from several pieces of cannon, erected on a hill a short distance off. The boat returned, and five or six others were manned from the vessels and pushed off for shore, but a heavy cannonade being kept up by the pirates on the heights, as well as from beach, the boats were compelled to retreat. The two schooners were then warped in, when they discharged several broadsides, and covered the landing of the boats. After a short time the pirates retired to a hill that was well fortified. A small hamlet in which the pirates resided was set fire to and destroyed. Three guns, one a four pounder, and two large swivels, with several pistols, cutlasses, &c. and eight large boats, were captured. A cave, 150 feet deep was discovered near to where the houses were, and after considerable difficulty, a party of seamen got to the bottom, where they found an immense quantity of plunder, consisting of broad cloth, dry goods, female dresses, saddlery &c. &c. Many human bones were also in the cave, supposed to have been unfortunate persons who were taken by them and put to death. A great deal of the articles were taken away, and the rest destroyed. About forty pirates escaped to the heights, but many were supposed to have been killed from the fire of the schooners, as well as from the men who landed. The bushes were so thick that it was impossible to go after them. Several other caves, are in the neighborhood, in which it is conjectured they occasionally take shelter. From their houses being burnt, and their boats taken away, it is hoped they will be obliged to retire from this place, as they will be without the means of annoying the vessels passing by.

It will be recollected that Commodore Porter sent into Havana, for trial, the pirates who survived the slaughter of their comrades by Lt. Watson. The letter from Com. Porter, accompanying them, has been published—and the following is the reply of the Captain General:

Office of the Captain General of the Island of Cuba.

I acknowledge the receipt of your official letter of the 14th of the present month, transmitted by the schooner Ferret, with five individuals under the character of Pirates.—These men were immediately put under the disposal of the Judiciary authority, in order

that they might be judged in a manner according to our laws; and the Judge who was especially charged with the duty, has directed to me the following official statement of the result of his examinations:

"MOST EXCELLENT SIR: The commander of the American schooner of war called the Ferret, Mr. Thomas M. Newell, being examined, likewise the mariners whom he presented before me, and those whom he bro't here as prisoners by order of Commodore D. Porter, of whom three were, by the disposition of your Excellency, committed to the gaol, and two to the hospital of St. Ambrosio, characterized as Pirates.—An appearance has not resulted that they had an actual participation in the invasions and robberies; they being brought to their condition by compulsion. But as I have information that those who escaped, are now apprehended and carried to Matanzas, where a process will be instituted against them, and where the most sure means will be adopted for discovering the plain truth, I have considered it expedient to send these prisoners to Matanzas, hoping that your excellency will be pleased to facilitate their transportation with the necessary provisions, affording to the disposition of the Judge of that district the means of determining with clear understanding, what has been done; and what is now actually doing."

This copy is forwarded to you for your information and satisfaction.

I repeat to you my considerations, and pray to God that he may preserve you many years.

Havana, 24th July, 1823. FRANCISCO DIONISIO VIVES. To Com. DAVID PORTER.

100 DOLLARS REWARD.

RAN AWAY from the subscriber's Plantation in Chesterfield District, South-Carolina, early last autumn, two Negro Men, CHARLES and BILL.

Charles is of ordinary size, well made, yellow complexion, remarkably intelligent, speaks quick, is about 25 years of age.—He was purchased in Beaufort county. Bill absconded with him, is about 20 or 25 years of age, is low, and has a scar I believe on one of his cheeks, perhaps a scar on his head; he is also inclined to yellow complexion, and beats on the drum tolerably well. Bill was purchased in the neighborhood of Snowhill.

Charles may perhaps attempt to pass himself as a free man.

The above reward will be given to any person who will return them to my plantation; or half the above reward will be given to any person who will secure them in Jail, or in proportion for either of them and give me information.

PLEASANT H. MAY.

The Editors of the Raleigh Star, and Newbern Centinel, are requested to insert the above until otherwise ordered, and in the mean time forward their papers to me at Statesburg, S. C.

PETERSBURG UNION HOTEL.

AS Proprietors, we have opened this TAVERN, the oldest Establishment of the kind in Petersburg, which has been much improved from time to time, in all the interior apartments, as well as by additional buildings, so as to answer all the purposes of a public Tavern and Boarding House.—Such are the arrangements of the buildings and accommodations, with some new improvements which are rapidly advancing to a state of completion, that Travellers and visitors, with Ladies and young families, can be conveniently and agreeably entertained. The premises are located in close contiguity to the most commercial part of this growing and prosperous town, and being so extensively and happily situated, that calm retirement, or a public situation, can be enjoyed at pleasure.

The Proprietors shall, upon all occasions, make it their pleasure and duty to give satisfaction; and with a sincere view to accomplish that great and desirable object, they shall spare no pains or expence whatever, in all the departments of the Establishment—particularly by presenting excellent Lodging Rooms, daily furnished; good Servants, honest and attentive; an abundant TABLE, with the most choice viands; as well as the best of Wines and other Liquors, which our country will afford. We are not unmindful of the important value of a well regulated and furnished Stable—our friends, and visitors, may rest assured that this department shall answer every just expectation, and to effect that object we have employed an able and experienced Ostler, distinguished for his attention and fidelity—he will do his duty. Our Stables and Carriage-Houses are now large, and will also be improved. Our water lot is such that Horses can have free access to water when so ordered, the stable lot being immediately situated on Appamattox river.

This is the same Establishment which was so long owned and managed by Mr. James Durell, who enjoyed so much prosperity in our line, and gave such general satisfaction. He was succeeded by Mr. French, and afterwards by Mr. Eckles.—These two last Gentlemen justly merited and received the attention of Mr. Durell's friends; we hope to do the same.

DAVID MEADE resides on the premises and will conduct the affairs of this House, assisted by Mr. COOPFR, who has long served in this Establishment, and his correct deportment is so generally known, as to make it unnecessary for us to tender assurance or recommendation in that respect.

It is useless for us to state our rates for Board, by the day, week, month or year—they are as moderate as the abundance of our highly favored country require—on this subject, we confidently hope our town and country friends, visitors and strangers, will have no cause to complain. We close with asking it as a favor, that no person may ever leave our house with a feeling on sentiment of complaint, without stating the cause—the proper explanation or redress will always be made.

We think it necessary to add, that kind nature has favored us with a healthy situation. The Water used at our house is perhaps from the best Springs below the mountains, and our Ice House is very convenient.

DAVID MEADE, PETER M. HARDAWAY. Petersburg, August 8. 47 9c

STRAYED OR STOLEN from the subscriber, on the night of the 24th instant, a Light SORREL HORSE, rather stout built, fifteen or sixteen hands high, a natural trotter, but will occasionally pace a little—has a blazed face, and I think three of his feet are white.—He was shod before. The above reward will be given on apprehension of the Thief, or a reasonable reward and all charges paid for the Horse.
