Deep River Mills and Stone Coal.

THE subscriber, intending to remove from this State, offers at private sale, the plantation where he resides, generally known by the name of Tyson's, containing about 975 acres; part of which is first rate land for the cultivation of cotton, corn, wheat, &c. The improvements on said land are equal to the best in this section of the state; they consist of a large two story Dwelling-house, an excellent Kitchen with three rooms & three fire places; a two-story Store House, Warehouse, Smith Shop, a large Barn, Stables, Negro houses, and many useful Outhouses, together with a valuable Grist Mill, (new), which for materials, workmanship and performance, can bear competition with the best in the state; a Saw Mill, also new, a Miller's house, two stories with three fire places, and a very Public Ferry. This property lies on the east side of Deep River, in the counties of Chatham and Moore, on the main road from Salem to Fayetteville, and within 44 miles of the latter place. The Grist Mill is in a situation where it always has, and must continue to command, a more extensive custom than any other in this part of the State, and the annual value for many years past (exclusive of the Saw Mill and Ferry) has been from 800 to 1000. Also, about 980 acres of land within four miles of the above mentioned farm, lying principally on the north side of Deep river, Chatham county, part of what is termed the Gulf, and adjoining the lands of Mr. George Willcox. On this land, about 6 or 800 yards from the river, is a Stone Coal Mine, believed to be of the best quality and inexhaustible. Some remarks on this Mine may be seen by reference to Professor Olmstead's pamphlet on the Minerals of this State. This farm is adapted to the culture of Cotton, Corn, Wheat, &c. an excellent stand for a Store, or the transaction of any public business. Among the many advantages of this Machine over any heretofore invented is, it can be worked in a room of any common pitch. The subscriber has one in operation in a room of only eight feet from floor to floor, and which answers his most sanguine expectations. But the best evidence of its utility is the annexed certificate of gentlemen of the highest respectability. Those who may wish to avail themselves of the advantages of this Machine immediately, are at liberty to do so, upon paying the patent fee as soon as letters patent are taken out. GIDEON GLENN. Notice. Cotton, &c. Insured against the danger of Fire.

THE undersigned have a spacious Brick House on Back street, nearly fire-proof, quite convenient to the centre of business, in which they are transacting a Commission Business, as announced in a former advertisement. Owing to the late fires, and the danger at tending similar occurrences, they have, for the benefit of their friends, and all who may be pleased to entrust Produce or other Property to their charge, effected Insurance for this year to the amount of Ten Thousand Dollars, in one of the most permanent and respectable Offices in the U. States, & expect to continue it from year to year; which said Insured amount, should a loss occur, will be divided among such as may have Cotton, or any kind of goods, stored with them, in a fair ratio to the loss each person may sustain, so soon as such sum insured for shall be received by the Subscribers from the Underwriters. They make no charge whatever for the Insurance above mentioned, and hope it may be the means of keeping perfectly easy the minds of those who may have property in their hands. G. MOUR & DRINKARD. N. H. Country Merchants are respectfully informed, that Goods of every description will be received and forwarded, for the customary Storage. G. & D. Petersburg, Jan. 31. 32-3t.

Taken Up

AND committed to the Jail of Nashville, Nash county, N. C. on the 10th inst. as a runaway, a negro fellow NED, who was sold by Mr. Sherwood Evans of this county to Mr. Matthews or Mr. Meriwether of Georgia, about 8 or 9 years ago; he has been about in this and the adjoining counties ever since; and, I understand, he now belongs to Mr. Hannah of Alabama. The owner is requested to come forward, prove property, pay charges, and take him away. WILLIE G. WHITFIELD, Jailor. Nashville, N. C. Oct. 16. 1-3m.

Cotton Packing in Square Bales, at length brought into effect.

THE great anxiety that has pervaded the public mind relative to the most simple and convenient plan of packing cotton, has induced the subscriber to turn his attention to that heretofore inconvenient, but important branch of business. The result of which is, he is enabled to announce to the public a plan, in point of convenience, simplicity, and durability, not equaled by any heretofore, and he verily believes, hereafter to be invented. A minute description is not intended at this time, the subscriber intending to apply for letters patent, and exhibit at the different towns and Court Houses in the cotton part of the United States models of the Machine; which will supersede his pagedoric. Suffice it to say, the power acts beneath the bale upon chains, suspended (at each end of the box,) to the ends of a large bar of iron, passing in grooves in the centre of the uprights, or end pieces of the box, its full length upon the centre of the follower, to which it is well secured. The power being put in action upon the chains, (two of which are at each end, one for the power to act on, and the other to hold on,) the cotton is drawn down to a bale of any required size. Among the many advantages of this Machine over any heretofore invented is, it can be worked in a room of any common pitch. The subscriber has one in operation in a room of only eight feet from floor to floor, and which answers his most sanguine expectations. But the best evidence of its utility is the annexed certificate of gentlemen of the highest respectability. Those who may wish to avail themselves of the advantages of this Machine immediately, are at liberty to do so, upon paying the patent fee as soon as letters patent are taken out. GIDEON GLENN. Franklin county, N. C. 28-3t.

We the subscribers, having seen G. Glenn's newly invented cotton press, have no hesitation in pronouncing it far superior to any plan of which we have any knowledge. In fact, we believe we should hazard nothing in giving it as our opinion, that, in this Machine, cotton packing, on the most simple and convenient plan, is brought to perfection. WILLIAM A. GILL, J. PERRY, WILLIAM PERSON. BLANKS for sale at this office.

C. but now is owned by Jacob Thunderbuck of the same district. The owner is requested to come forward, prove property, pay charges & take him away. S. S. GARTHWAIT, Jailor. Oxford, Jan. 2. 23-6w.
