CONGRESS.

IN SENATE.

Monday, Jan. 4.

Mr. Sanford presented a petition from a number of the citizens of New-York, asking protection of the United States for the Indians against injustice and oppression, and on motion, the petition was ordered to be referred to the committee on Indian affairs. But Mr. Forsyth discovering, as he thought, that the memorial impeached the character of the Southern States, he had the reference reconsidered and the memorial was ordered to lie on the table.

Tuesday, Jan. 5.

A message was received from the President submitting the claim of South Carolina, for interest on certain advances made by them in carrying on the late war, which was referred.

HOUSE OF REPRESENTATIVES.

Monday, Jan. 4.

Mr. Drayton, from the committee on military affairs, reported sundry bills, which passed their two readings.

Tuesday, Jan. 5.

Mr. Mallory, from the committee on Manufactures, to which was referred that part of the President's message, which relates to Domestic Manufactures, made the following report:

The committee believed that several important interests in whose favor it was intended to operate, have derived but little benefit. Others, both numerous and valuable, have been decidedly promoted. At the time of its passage, great fears were entertained as to the efficiency of some of its provisions. From some cause they have been realized. Whether this is owing to an original defect in the measure itself, or to an imperfect execution, the committee are now unable to decide. Until this is clearly ascertained, a revision could not be safely undertaken.

RALEIGH REGISTER.

MONDAY, JANUARY 11, 1850.

LEGISLATURE.—Agreeably to a joint Resolution of the two Houses, the Legislature adjourned *sine die*, on Friday morning last, after a protracted session of 54 days. A list of the Acts passed, will be found in the preceding page.

On the last day of the session, the following important measures were indefinitely postponed, sufficient time not being left to act on them, viz:—The bill to regulate the sale of lands and to protect from execution, a certain portion of the freehold of the citizens of North Carolina—the Resolution in relation to the opening of an Inlet from Albemarle Sound to the Ocean—the bill authorizing the issuing of \$100,000 in Treasury Notes—the Resolution to appoint an Agent to visit other States and collect information on the subject of a Penitentiary—the bill concerning the entry of land in this State—the bill to alter the mode of compensation to members of the Senate and House of Commons—the bill to establish a Medical Board—the bill to authorize the construction of a Rail Road from Fayetteville to Campbellton—the bill to increase the Revenue of the State by means of the precious Metals and all the Resolutions before the Legislature, relative to the power of Congress to execute works of Internal Improvements in the individual States.

On the same day, Mr. Gaston from the select committee appointed to take into consideration, the most effectual means of connecting the waters of Neuse River with those of Beaufort Harbor, by a Ship Canal; and to enquire into the propriety of requiring the aid of the General Government thereto, made a Report, in which the expediency and utility of said Canal is forcibly set forth, and which concludes with a Resolution instructing our Delegation in Congress to solicit aid in the completion of said enterprise. Mr. Bynum opposed the Resolution, at considerable length, on constitutional grounds. Mr. Gaston explained and supported it, be-

cause in a national point of view, it is necessary to the common defence of the country. Mr. Swain also advocated it, but its further consideration was postponed to Saturday, before which day, the session terminated. We hope the work will be undertaken by the General Government, as it is of great national importance, and independent of any other consideration, it is absolutely necessary for transporting munitions of war, in case of a hostile invasion.

Before the Legislature adjourned, Gen. Stokes presented a protest, which was signed by himself and 28 other members, against the decision of the House of Commons, on the point of order growing out of the consideration of the Bank Bill.—It will be remembered, that this Bill was sent from the Senate to the House of Commons with blanks, and was returned by the House, on the ground that a bill with blanks, is not "perfect" within the meaning of the Rules of Order. It is against this decision that the protest is directed.

Mr. Wellborn submitted a Resolution, which owing to the late period of the session when it was introduced was not acted upon, proposing to instruct our Senators in Congress and request our Representatives, to use their influence in obtaining for North-Carolina, her proportionate part of the surplus Public Funds for purposes of Internal Improvement.

Resolutions were passed in each House, approbatory of the conduct of the Speakers, both of whom returned thanks in neat and pertinent addresses.

The notes which we have taken of the Debates on several important questions during the Session, viz: on the bills for extending the charters of the present Banks for a short period; on the powers of the General Government to make Internal Improvements within the several States, on the establishment of a Bank of the State of the funds of the State, &c. shall appear hereafter in the Register.—That on the latter subject is of considerable length, and will be published also in pamphlet form. Such as wish copies of this Debate, and have not already made their desires known to us, will please to do so immediately.

Accidents.—We regret to state, that Gen. Bridger J. Montgomery, the Senator from Hertford, had his leg very badly fractured on Friday morning last, in the attempt to escape from his Gig by jumping out, the Horse having run away. The fracture has been reduced, and the General is comfortable, though it will probably be some weeks before he can stir.

A valuable negro, the property of James Dupre of this vicinity, a few days ago fell into the fire in a fit and was so shockingly burnt, that no hopes are entertained, we believe of his recovery. Indeed from the account we received, it ought not to be desired.

Supreme Court.—The Legislature having adjourned, this body has proceeded to business. On Friday, Thomas S. Hoskins of Edenton, was admitted to County Court practice.

The Tariff.—We are glad to find, from an interesting Report from the Committee on Manufactures, which appears under our Congressional head, that Congress and the Nation are not likely to be again agitated with the discussion of this vexed subject at the present session—the Committee we think wisely, having strongly recommended that it be suffered to rest, for the present, until time and experience shall have more fully tested the expediency or inexpediency of the measure.

The following CARD from the Secretary of War, appeared in the last *National Intelligencer*:

A CARD.

The production of some letter-writer from Washington is going the rounds of the opposition presses, implicating the undersigned in regard to a supposed defalcation of Purser Timberlake, deceased. A liberal public cannot expect that the anonymous imputations of the retailers of ribaldry and scandal, in the shape of letters from Washington, should receive a more particular notice from those who are intended to be affected by them, than is done in the present instance; which is to say, that whenever a responsible name is vouches in support of the charges referred to, measures will be forthwith taken to unveil the conspiracies by which they have been produced and to prove that the author is a base calumniator.

J. H. EATON.

Norfolk, Jan. 2.

Arrival of the Delaware.—The U. S. ship Delaware of 74 guns, (late of the Mediterranean Squadron,) Col. Wm. M. Crane, anchored in Hampton Roads yesterday, after 47 days passage from Port Mahon; and, we have the pleasure to state her officers and crew all in good health.—Left U. S. ship Lexington, Capt. Hunter, from Smyrna, (the only U. S. vessel there) all well.

The Delaware passed Gibraltar without touching there.

The Delaware passed the Ontario sloop of war Capt. Stephens, about 70 miles S. W. of Port Mahon, standing for that port, presumed from Gibraltar.

The U. S. ship, Fairfield, Capt. Parker, relieved the Lexington, at Smyrna, and was left there on the 21st of October all well.

We learn from an officer of the Lexington, who arrived in the Delaware, that the Russian squadron, under the command of Admiral Count Heyden, consisting of 4 line of battle ships, 1 frigate, and two sloops of war, (one of which was captured from the Turks) of the English squadron, 4 line of battle ships, 2 frigates, and 2 brigs, were at Vourna, in the Gulf of Smyrna, when the Lexington sailed from that port.

The British frigate Blonde was at Constantinople 16th Oct. with all her armament on board, a courtesy not heretofore accorded to any armed ship.

The following officers came passengers in the Delaware: Capt. John Downes, late of the U. S. frigate Java; Richard McCull, Esq. U. S. Navy Agent at Gibraltar. Purser N. H. Perry, late of the sloop of war Fairfield; Sailing Master Frederick W. Mooers, and Midshipman Benjamin S. Slye.

POSTSCRIPT.

Washington, January 8.

Henry Baldwin, of Pennsylvania has been appointed to supply the vacancy on the Bench of the Supreme Court.

Thomas King Carroll is elected Governor of Maryland.

An important bill is reported in the House of Representatives of Congress for constructing a Road from Buffalo, in the State of New-York, passing by Washington City to New-Orleans, which, it is believed, will pass into a law.

137 shares of U. S. State Bank Stock was sold publicly in Baltimore, a few days ago, at from \$117-50 to 118-25.—So much for the President's denunciation of that Institution.

We are just informed that a friend of ours who left Raleigh on Friday morning last, in the Stage for Fayetteville, had the misfortune to lose his money, to the amount of between \$200 and \$300, consisting of Treasury notes \$1 Newbern bills, \$5 State and S. C. Bills, \$10 State and S. C. Bills and several \$10 U. S. Bank Bills. The money was folded in a white paper and snugly tied, the size of the Bills. His loss was not discovered until his arrival at Fayetteville. Whoever will return the money to us, shall receive a liberal reward.

MARRIED.

Valuable Low Ground Plantation FOR SALE.

ACCORDING to directions contained in the will of the late *Reuben Sanders*, the Subscribers will on the 24th day of February next, being the Wednesday of the February Term of Johnston County Court, expose at Public Sale, that Valuable Tract of Land, situated in Johnston County, on the south side of Neuse River, about three miles below Smithfield, and adjoining the lands of William Boylan and Adin Powell, Esquires. The above described land contains about 1200 acres, most prime River Low Grounds and not subject to inundation. A further description is not here given, as it is presumed that no person would make an investment of the value of the land now offered for sale, without a personal inspection of the premises.

Either of the subscribers living above Smithfield, in Johnston, or Mr. Charles Stevens residing near the land, will show its lines and localities.

The terms of sale, which are accommodating, will be made known at the sale.

Also, at the same time, SIXTY NEGROES

Will be sold for Cash or accommodation Notes at the election of the purchaser. The above Slaves are very valuable, being mostly raised in the family of the late *Reuben Sanders*, and are of good character.

From the value of the property now offered, and from the number of Slaves, it is confidently expected that purchasers will be suited in their views.

The sale is without reserve and will certainly take place.
