

POETRY.

THE VICAR OF BRAY.

Copied from the Richmond Whig, for the benefit of "T. R."

In good King Charles's golden days, When loyalty no harm meant, A zealous high church man I was, And so I got preferment: To teach my flock I never miss'd— Kings are by God appointed, And damn'd are those that do resist, Or touch the Lord's anointed. And this in law I will maintain, Until my dying day, That whatsoever king may reign, I'll be the Vicar of Bray, Sir.

When Royal James obtained the Crown, And Popery came in fashion, The penal laws I hoisted down, And read the declaration, The Church of Rome I found would fill Full well my constitution, And had become a Jesuit, But for the Revolution: And this in law, &c.

When William was our king declar'd, To ease the nation's grievance, With this new word about I steer'd, And swore to him allegiance— Old principles did revoke, Set conscience at a distance; Passive obedience was a joke, A just was non-resistance: And this in law, &c.

When Francis Ann became our queen, The church of England's glory; Another face of things was seen, And I became a Tory; Occasional conformist base, I damn'd their moderation, And thought the Church in danger was, By such prevarication: And this in law, &c.

When George in pudding time came o'er, And moderate men look'd big, sir, I turn'd a cat-in-paw once more, And so became a Whig, sir; And thus preferment I procur'd, From our new faith's defender, And almost every day abjur'd, The Pope and the Pretender: And this in law, &c.

The illustrious House of Hanover, And protestant succession; To them I do allegiance swear, While they can keep possession; For in my faith and loyalty, I never more will falter, And George my lawful king shall be, Until the times do alter: And this in law, &c.

DYSPEPSIA AND LIVER COMPLAINTS.

THE PATENT MEDICINE STOMACHIC or HEPATICA, formed by chymical analysis and synthesis of several proximate vegetable principles, are universally acknowledged to have totally eclipsed the pretensions of every other remedy and superseded the necessity of every other mode of treatment, wherever the above diseases are found to exist, as well as in enlargement of the Spleen and in Jaundice. Among the symptoms of Dyspepsia and Liver complaints, are flatulency, sourness or burning in the stomach, inclination, irritability, disagreeable taste in the mouth, great irregularity of appetite, which is sometimes voracious, and at other times greatly deficient, thirst, febrile breath, nausea, weakness of the stomach, acid eructations, palpitation, drowsiness, irregularity of the bowels, pressure on the stomach after meals, pain in the head, dizziness or vertigo, confusion of mind, attended with loss of memory, a gnawing in the stomach when empty, chilliness, affection of sight and hearing, pain and weakness in the back, languor, disturbed sleep, cold feet and hands, tremor, uneasiness in the throat, cough, pain in the side or breast, &c. These Medicines have been found so effectual in removing the Complaints for which they are recommended, that Physicians frequently have recourse to them for their patients, after having exhausted all their skill to little or no purpose.

Dr. Peters' Vegetable Anti-Bilious Pills.

Are the cheapest and most approved FAMILY MEDICINE ever offered to the Public. They are extremely mild in their operation, neither causing sickness of the stomach, nor any unpleasant sensation in the system, as is too frequently the result from medicines given to act upon the bowels. They act specifically upon the Liver, when in a torpid condition, carrying off a large quantity of bile, through the influence of the excretory function, which, if suffered to remain in the system, would produce either Jaundice, Liver Complaint, Bilious Fever, Fever and Ague, or some other grievous bodily affliction. In all cases of torpor of the bowels, they set like a charm. In recent cases of Dyspepsia, they are a certain cure. Many persons who were subject to violent attacks of sick headache, have been much benefited, and several, perfectly cured in a few weeks by their use. They are highly recommended as a preventative and cure of Bilious complaints. Persons who are subject to that distressing complaint, Sea-sickness, by taking a portion or two of them a few days previous to embarking on board the vessel, will be almost certain to escape it. Females can use them at all periods, without incurring any risk. Persons going to sea, or to a southern climate, should by all means take some of these Pills with them. Their virtues will remain unimpaired for years in any climate. No family should be without these Pills as a portion of their medicine chest, as they could be of great preventing much suffering from sickness. It is from neglect of keeping up a regular peristaltic action of the stomach and bowels, thus suffering to be absorbed and mingled with the blood, unassimilated Bile, that most diseases are produced. Dr. P. feels confident that no person who gives these Pills a fair trial, will ever feel willing to be without them. The testimony of thousands speaking in the highest terms of their efficacy, might be added, but the very high reputation Dr. P. has acquired as the inventor of the "Patent Vegetable Medicine Stomachic et Hepaticæ," for the cure of Dyspepsia and Liver complaints, is thought a sufficient guarantee to those wishing to make a trial of their virtues. They contain not a particle of Mercury, or any ingredient that does not act in harmony with health and oppose disease. Dr. P. wishes it distinctly understood, that these Pills possess beneficial qualities independent of their purgative effects; they are both tonic and deobstruent, acting upon the secretory and excretory functions; thus strengthening the patient, while they remove obstructions. Medicines which possess no other, excepting cathartic qualities, debilitate the patient, and their repeated use lays the foundation of a long catalogue of Chronic diseases. Dr. P. having been educated under the most eminent American and European Medical Professors, and practiced his profession many years in the South, where diseases of the most obstinate character prevail, considers himself well qualified to judge of the nature of diseases incident to warm climates. Prepared by JOSEPH PETERS, M. D., P. B. C. M. at his institution for the cure of obstinate Diseases, by means of vegetable remedies, No. 129 Liberty-street, New-York, inventor and sole proprietor. Each box contains forty Pills. Price 50 CENTS. These invaluable Medicines are for sale in the City of Raleigh, at the Drug and Apothecary Store of WILLIAMS, HAYWOOD & Co. and may be had in almost every town in the State. Jan. 1 1836. 1 year.

STOP THE RUNAWAYS! REWARD from the Subscriber, living 14 miles North of Raleigh, on Friday night the 13th inst. a negro boy named ABRAHAM and his wife GRACE. The man is 27 years of age, about 6 feet high, well proportioned, with tolerably thick lips, and the woman is about 36—the former not very dark complexioned—the latter, tall, thin visaged, and quite dark. Abraham had no marks that I recollect of, save that on the day of the election he got into a fight in Raleigh; and received a severe blow over the left eye, the effects of which will probably remain some time. He is remarkable too, for a bold, impudent, swaggering air, which will attract the attention of every one. The woman has a notable letter or tumor on one of her hands, which, if examined, cannot fail to lead to her being identified. They will aim for Petersburg, I think, the boy having been for years engaged in the wagoning business to and from that place. I will give FIFTY DOLLARS reward for the apprehension of Abraham and TEN DOLLARS for his wife, if taken in the State, or double that amount, if taken out of the State. DAVID GILL. Wake Co. August 15. 59. The Star, and Petersburg Intelligencer will bill the foregoing for six weeks, and send their bills to this Office.

IT appearing to the satisfaction of the Court, that the Defendant in this case is not an inhabitant of this State—it is therefore ordered that publication be made in the Raleigh Register, for six weeks successively, notifying the said defendant that unless he do, and appear before the Justices of our Court of Pleas and Quarter Sessions to be held for the county of Franklin, at the Court-house in Lenoir, on the second Monday in September next, then and there to reply and plead to issue, judgment final will be entered against him and the land levied on be condemned and made subject to Plaintiff's recovery. Transylvania University. Medical Department.

THE LECTURES in this Institution will commence on the first Monday in November, and terminate on the first Monday of March.—The courses are on Anatomy and Surgery, by Dr. DOBBER. Institutes of Medicine, Clinical Practice, and Medical Jurisprudence, by Dr. CALDWELL. Theory and Practice of Medicine, by Doctor COOK. Obstetrics and the Diseases of Women and Children, by Dr. RICHARDSON. Materia Medica, and Medical Botany, by Dr. SHORT. Chemistry and Pharmacy, by Dr. YANDELL. During the entire term, the Professor of Anatomy and Surgery lectures nine times each week, and the other Professors daily, Sabbath excepted. The fee for the entire course, with Matriculation, and the use of an extensive Library, is \$10. The Graduation fee is \$20. It is the proper time to state, inasmuch as reports have been current, as to the high price of board in Lexington, and the difficulty of obtaining it, that many students, during the last session, found comfortable board, including lodging, fuel, lights, servants' attendance, and in some instances, washing, for \$3 00 per week; and it is confidently believed, notwithstanding the increased price of every article of living, which is felt here in common with all other parts of the country, that students will be as comfortably accommodated, and upon as reasonable terms, as at any other respectable Medical School in the Union. By order of the Faculty. C. W. SHORT, M. D. Dean. Lexington, Ky. July 10, 1836—38 pr. adv. 55

This Road is located on a high and dry ridge of country, which is considered remarkably healthy—the mildness of the climate, admitting of operations in the open air throughout the winter, makes it peculiarly desirable to those wishing winter jobs. The facility of travelling is so great now, by the Baltimore and Washington and Richmond and Fredericksburg Rail Roads that the trip from Philadelphia to Petersburg may be performed in forty hours. The trip may be performed in the same time by the Bay, on three days in the week.
