RALEIGH REGISTER. RALEIGH, N. C.

Tuesday, October 13, 1846.

RE-DISTRICTING THE STATE. We commend to the attention of the reader, the able article in this paper, copied from the " Fayetteville Observer," on the important subject of re-disnicting the State at the next Session of the Legisla-

COMMON SCHOOLS.

In publishing to-day, the Statement from the Lityary Board, showing the amount to which each County in the State is entitled, under the Fall distribatism, for the purposes of Common Schools, we leem it not irrelevant to make a few remarks.

We believe, notwithstanding the beneficent intentions of these who passed the "School Law," as it is termed, and the fidelity with which its provisions are generally executed, that there are yet defects, which must be remedied, before all the blessings are experienced which were expected to flow from its enactment. There is a want of system and regularity in the details of the plan, which can only be remedied by the appointment of a Superintendant, whose duty it shall be to exercise a general supervision over all matters connected with the execution of our School Laws. We consider our plan of Common Schools as the great work of the age for our good old State. The system may be regarded as one of Internal Improvement, beginning at the right point, and radiating off into Roads and Canals, by which virtue is to be conducted to the heart, and intelligence to the mind. But like all other works of magnitude, there should be an efficient and responsible head. A State Agent, with proper qualifications, should be appointed, whose duty it shall be to travel over the State, visit the Counties, see, ndvise and direct the Superintendants, and School Committees in the discharge of their duties, and use his influence to awaken a lively interest in the success of Popular Education. The Father of his Country said-"There is nothing that can better deserve our patronage, than the promotion of science and literature. Knowledge is, in every country, the sureat basis of public happiness. Jerrenson said-" Make a crusade against ignorance, and establish and improve the laws for educating the common people. No other sure foundation can be devised for the preservation of freedom." The elder ADAMS said-"A Republican Government, without knowledge and virtue, is a body without a soul. The celebrated WILLIAM I ENN said-" For learning be liberal. Spare no cost, for by such parsimony, all is lost that is saved."

Of what avail are our Agricultural, Manufacturing and Mineral resources, if the hearts and intellects of the rising generation, panting for light and knowledge, and love of truth, are permitted to lie as a wilderness. If we would realize the bright anticipations of patriotism-illustrate fully the sentiment that man is capable of self government-sweep from the precincts of truth and heresy, that any class is doomed by Heaven to be "hewers of wood, and drawers of water, and to seity the atrocities of mis-govern ment," we must arm every benighted mind with that surest panoply of a Freeman, Knowledge. If we do not, the messenger of desolution, as did the angel of death aforetime in Egypt, will mark us for a fearful

NEUSE RIVER.

We see that an application will be made to the mext General Assembly of North Carolina, for a Charter for a Steamboat Navigation Company, to navigate Neuse River. The "NewBernian" enys that the enterpose is started by some public spirited citizens of Johnston County.

DEATH OF HOYT.

D. M. Horr, who was shot a few days ago at Richmond, Va., by Mr. Myers, for alleged intimacy of an improper character with his wife, died on Saturday last.

OUR PROPOSALS FOR PEACE. The official paper says that Mexico has not abso-Intely "rejected" our overture, but declines giving any answer at all until her Congress meets, which will not be until some time in December. Our Government in the mean time, intends to prosecute the war with renewed vigor upon the scaboard.

GEN. KEARNEY'S PROCLAMATION. A most extraordinary document, under this head, is going the rounds of the Newspapers, which we cannot but believe to be a heax. By it, the whole of New Mexico is declared to be annexed to the United States; and the inhabitants are not only absolved from their allegiance to Mexico, but are declared to be subject to conviction and execution as traitors, the United States.

IIT It is frequently asked to explain the difference simple rule by which every man can ascertain this for himself is, to multiply the price per quarter by 7, was down there. and divide by 12, the result will give the amount per barrel. Thus 56 shillings per quarter, multiplied by 7, and divided by 12, gives 32s. 7d. per barrel.

HUNG HIMSELF.

Capt. Aaron Willard, of Charlestown, Mass., committed suicide at his residence in that town week before last. He returned home from Boston as a delegate to the Democratic State Convention, took his breakfast the next morning as usual, and then went out to his barn and hung himself.

VERY GOOD.

Question.- Is Mr. Polk, as Mr. Ritchie says, the Great father of the red man?" Answer .- He aint the father of nothing else.

MAKE WAY FOR MARYLAND! SHE IS COMING WITH A PERFECT RUSH!

THE BALL OF 1840, AGAIN PUT IN MOTION !!! The returns from Maryland are, indeed, most gratifying. The Whige have swept the State fore and aft, leaving sourcely a grease-spot to show where Loco Focoism was. The Legislature is largely Whig in both branches. Even Baltimore has virtually surrendered to the Whigs. After a desperately hardfought battle, the While Senator the first one ever chosen in the City) was elected by one vote-thus securing a Senator, good and true for six years. Let this be remembered hereafter, and cited to illustrate the value of one vote. The Whigs also dected two Delegates, one of them John P. Kennerty formerly in Congress, and a gentleman of brilliant talents .-

The Baltimore papers attribute this victory, mainly, to Mr. Pone's tampering with the Tariff. Perhaps, Loco Focoism, after being soundly drubbed, sides of the question!" One would suppose, will admit that Ex-Senator Haywoop "knew a

The majority in each branch will be ample for all

GEORGIA ELECTION.

We have but few returns from the Election in this State, but they are very cheering, indeed." Messrs Tombs, King and Sterness are re-elected to Congress, in their Districts.

GREENSRORO' N. C.

We have received from a friend at Greensboro', Pamplet entitled "Greensborough, its Population, Schools, Health, &c." This thriving Town " beautifully situated in a high healthy country, surrounded by no streams of importance, eighty miles west of Raleigh, and is the largest and most thriving town in the State west of that Cuy.

"Its population at the last Census was about eightteen hundred; and now it is supposed to be near two thousand. It is a place remarkable for the energy, industry and morality of its inhabitants; and for the success of its mercantile, mechanical and other industrial pursuits.

But to its excellent Schools, is it mainly indebted for that enviable distinction it now enjoys; besides its ree Schools," and Subbath Schools, and several other elementary Schools, there are three institutions of learning intended by their founders to be of a high order; and the friends of each desire no other patronage, than that to which ment and success may

"The "Greensborough High School," a Male Institution which succeeded to the Caldwell Institute. "The " Edgeworth School," a Female Seminary of established reputation.

"The Greenshorough Tomale College," an Institution which has just gone into operation under very favorable auspices.

We learn also, from this Pamphlet, that the number of deaths in Greensboro', for the last 16 months, from all causes, and of all colours, was only 16-be-

ing an average of only one death a month. SOMETHING "RICH AND RARE."

The New Orleans Delta publishes the following correspondence, as an illustration of the philosophy of letter-writing. Mr. McCalla, it will be seen, (says from \$2.50 to \$4.00 a barrel--all attributable to that paper,) is positive, pointed, and sententious .- the election of James K. Polk, excl., ned his par-Captain Tobin is candid, discursive, and didactic --The whole, if not trenching on the sublime, belongs at least to the beautiful:

TREASURY DEPARTMENT, SECOND AUDITOR'S OFFICE, JULY 31 1846. Six: You are charged on the books of this office with \$1,525, the value of the clothing and blankets urnished for the use of your company, and for which you will be held accountable. In order to relieve yourself from this accountability, you will enter on your first muster-roll all articles of clothing and blankets issued to the men under your command, and request the paymaster to deduct the several amounts from

their first payment.
You are also held responsible for the camp and garrison equipage received for your company until turned over to a United States Quartermaster.

I am, sir, your obedient servant, JNO. M. McCALLA, Second Auditor. Capt. G. H. Tonin, Washington Regiment Louisiana Volunteers.

TREASURY DEFARTMENT, SECOND AUDITOR'S OFFICE, AUGUST, S, 1846.

Sin: By a decision of the honorable the Secretary of War each soldier under your command is entitled to six months' clothing, to the amount of \$21; all over that they are to be charged with There will be other charges, of which you will be aformed by this office. You will please consider this letter your guide, in addition to the one you received from me of the 31st ultimo. Very respectfully,
JNO. M. McCALLA, Second Auditor.

Capt. G. H. Tonin, Louisiana Volunteers.

NEW ORLEANS, SEPT. 17, 1846. Sin: I have the honor to acknowledge the receipt of two favors from you, one dated 31st July, the other 8th of August. I can only answer by a yarn.

A countryman of mine was once indulging in the very intellectual occupation of sucking fresh eggs raw and reading a newspaper. By some mischance he contrived to bolt a live chicken. The poor bird should they be found in arms against the forces of chirruped as it went down his throat, and he very politely observed, " Be the powers, my friend, you spoke too late!"

I can only say, sir, that your favors have reached between the price of Wheat per quarter, and per barrel, in sterling money. A Canada paper says the more clearly, when I received them, they (the letters) were down in Mexico and I was up here; and when I did'nt receive them, they were up here and I

The fact is that most of my men have been paid off and are scattered to the four quarters of the globe.
They were mostly sailors, as I was myself. From them (if there be charges) nothing can be expected. The camp and garrison equipage has been turned over to the proper officers, with the exception of sun dry axes smashed and placed hors du combat in chopping down those amiable chaparrals on the banks of the Rio Grande. I except, also, the camp leattles and pans, many of which were used up in roasting, boiling, stewing, and frying our pork and beaus, ba-con, and fresh beef, not to speak of the slow venison, which some were ill-natured enough to call Mexi-

For my own responsibility in the matier, I regret, more on Uncle Sam's account than my own, that am not worth a continents. I have been no Californ takes small, every body in South Carolina oul; paid, but I believe everpaic by about \$ 40. My paymesters but they assured me that they made a the sick and unpaid soldiers.

refer to my epistle as an answer.

If you have any further communications for me, please direct to the care of Maj Gen. John L. Lewis, New Orleans. I seldom go to the post office, because I have no body to correspond, with, and yet I am not the man who never had father nor mother, but was " won in a raffle.

Very respectfully. G. H. TOBIN, Captain Company D. Washington Regiment Louisiana Volunteers. Joux M. McCalla, Second Auditor.

P. S. I don't know whether to sign myself captain, x-captain, or late captain. I mas a captain.

THE STANDARD'S CONSISTENCY.

The Standard complains of the editor of the Register for not publishing the opinions of the Halifax Republican, the Charlotte Journal, the Wilmington Chronicle, and the Rutherford Republican on the subject of Re-Districting the State, and asks with mock carnestness. " why That best tells the character of the fight. does the editor refuse to let his readers see both from the Standard's article, that those Why prints were strongly opposed to the measure, and had offered very cogent reasons why k should not be adopted; when the fact is, that they have done no such thing, but merely expressed some rey, with torce of about 6000 men, and after redoubt as to its expediency. As two sides to the connodering the city at about 1500 or 1600 values doubt as to its expediency. As two sides to the question have not yet been made out, how can the Register, or any other Whig editor, be censured for not giving "both sales" of the question ! But how farceial is it for the Standard to rebuke other prints for not giving "both sides of a question!" When did the Standard ever indulge its readers with a luxury of that kind !-The editor could not even find it in his heart to give place to the letter of Mr. Leake, one of the Democratic candidates for Governor last spring, because it gave "two sides" to the matter be-

tween him and Mr. Shepard. But the Whigs have no desire to suppress arguments on either side; whatever is done in the premises, will be done after due deliberation and a full hearing of all parties concerned. They have no fear of the "chasm of disorganization" which the fancy of the Standard has opened; for they will take good care that they do not tumble into it. They have more cause to fear the shackles which the Democratic Legislature of 1812 imposed upon them, by which the voice of some 8000 freemen was suppressed. They do not consider the law of 1812 to be irrepealable, like the laws of the Medes and Persians, and they think they have worn the shackles long enough. Hillsbord' Recorder.

THE RISE IN THE PRICE OF GRAIN. Locoroco Logic.

Among the blessed fruits of the "Experimental" Tar:ff, Locofoco papers enumerate the recent advance in the price of grain, although that Tarill does not go into effect until the first of December! A similar advance took place a year ago, which the same papers then attributed to the election of Mr. Polk to the Presidency, al-Turpentine, early in this year, suddenly went up tisans here. But both grain and turpentine as sustenly went down again, even below the former prices, and then we heard a shing about Mr. Polk .- North State Whig.

Fayetteville, October 6.

THE RAIL ROAD CONVENTION .- We have pleasure in stating, that assurances have already been received, from North and South, which justify the hope, that the Rail Road Convention to be held here on the 4th of next month, will be very numerously and respectably attended.

The Committee have issued the following no-

IT A Convention will be held in Favetteville on the 4th day of November 1246, to take into consideration the importance of completing the connecting ank in the Metropolitan line of Rail Road between Ra' wh, N. C. and Camden, S. C. The citizens of the counties who feel an interest in this work are requested to hold meetings and send Delegates, and all who are friendly to the scheme are invited to visit Fayetteville on that oc-

By order of the Executive Committee. ARCHI'D McLEAN, Sec y. Fayetteville, Oct. 6, 1846.

THE MARRIAGE QUESTION -At the recent session of the Presbytery of Fayetteville, at Tirzah Church, in this county, the long pending ase of the Rev. Mr. McQueen, who was suspended in 1841 from the functions of the Ministry and from the Communion of the Presbyterian Church, for marrying the sister of his deceased wife, again came up, and by a majority of four votes the Rev. Gentleman was restored to his former position in the Church. A Protest and Complaint, however, were entered by a portion of the mmority, under which the case was carried up to the Synod of North Carolina, at its session at Greensborough last week.

Fayetteelle Observer.

WILLIAM AND MARY COLLEGE. We understand that, at the late meeting of the visitors of this venerable and excellent institution for the purpose of filling the vacancy occasioned by the sudden death of President Dew, ROBERT SAUNDERS, Esq, the present able Professor of Mathematics in that institution, was elected President pro tem. This appointment will no doubt be acceptable to all the friends of the College. and to none more so than those students who have had the pleasure of being pupils of Professor Saunders .- Petersburg Intelligener.

The pieces of Braggis its deep melody.

CAPITULATION OF MONTEREY, AFTER THREE DAY'S FIGHTING!

The Steamship, James L. Div. Capt. Wood, arrived from Brazos Santiago about 10 o'clock this murning. By her we have received the glorious news that MONTEREY HAS CARTTULATED. AFTER TRULE DAYS OF DESCERATE ID-BUTING.

We cannot delay the press to attempt to write out a narration of the battles. The following memoranda" are from the pen of an officer who

Gen. Worth, who led the attack upon the city on the west side, has immortalized houself. The fighting cas desperate on our side, the Mexicans out numbering us by two to one, and being protected by strong entreuchments.

Almost all our different accounts set down our oss at 500 or over, of whom 300 were killed .-Picayune, Oct. 4.

Massy Memoranda of the operations of the American Army before Monterey Mexico, from the 19th

to the 24th September. On the 19 h Gen. Taylor arrived from Montefrom the Cathedral fort, during which he was fired upon from its batteries, his force was encamped at the Walnut Springs, 3 miles short of the city. This was the nearest position at which the army could obtain a supply of water, and be beyond the reach of the enemies bat rics -The remainder of the 19th was occupied by the engineers in making recontinusances of the cay, batterns and commanding heights. On the 20th Gen. Worth was ordered with his division to move by a circuitous route to the right, to gain the Samila road Leyond the west of the and to some the heights above the Bishop's Palace, which vital point the energy appear to have strangery neglected. Circumstances caused his halt on the night of the 20th, short of the intended position. On the morning of the 21st he continued his route, and after an encounter with a large body of the enemy's cavalry and infantry, supported by articlery from the heights, he repulsed them with loss, and finally encamped. wering the passage of the Salado road. It was e discovered, that besides the fort at the Bishis Palace and the occupation of the heights ave it, two firts on commanding emmences, the opposite side of the San Juan, had been fortified and occupied. These two latter heights were then stormed and carried-the guns of the last fort carried being immediately turned with a plunging fire upon the Bishop's Palace. On this same morning [the 21st] the first division of regular troops, under Gen. Twiggs, and the Volanteer Division under Gen. Butler, were ordered under arms to make a diversion to the left of the town, in favor of the important operations of Gen. Worth. The 10 inch mortar and two 21 pounder howitzers, had been pull in battery the night of the 20th, in a ravine 1400 yards distant from the Cathedral fort or Citadel, and were supported by the 4th Regiment of Infantry. At A. M. on the 21st the order was given for this battery to open upon the cuaded and town, and immediately after the first Division, with the 3d though the administration had then done nothing, and 4th Infantry in advance, under Col. Garland. to effect the business of the country in any way! were ordered to recommotre and skirmish with the enemy on the extreme left of the city, and rais and by motives of good policy and consider: mostadvanced battery. This attack was directed can Army. by Maj. Mansfield, Engineer, Capt. Williams, M. to the Texas Division. A heavy fire from the | Local Terrett, 1st Infantry : Capt. L. N. Morres, 3 first terry was immediately opened upon the advance, but the troops soon turned it, entering and engaging with the enemy in the streets of and engaging with the enemy in the streets of doubled Watson, Baltimore Battalon, Capt Battlen the city, having passed through an incessant 1st Teanessee Regiment; Lout Putnam, 1st do do cross fire from the Citadel and the first and se-

et al batteries, and from the Infantry who lined the parapets, streets and house tops of the City. The rear of the 1st battery was soon turned, and the reverse fire of the troops through the gorge of the works, killed at dislodged the artificrists and infantry from it, and the building occupied by infantry immediately in its rear. The first Division was followed and supported by the Mississippi and Tennessee and 1st Ohio Regiments, the two former regiments being the first to scale and occupy the fort. The success of the day here stopped. The Mississippi, Tennessee and Ohio Regiments, though warmly engaged in the streets of the city for some time after the capture of the first battery and its adjoining defences, were mable, from exhaustion and the loss that they had suffered, to gain any more advantage. A heavy shower of rain also came up to cause a suspension of hostilities before the close of the The 3d, 4th and 1st Infantry and the Bultimore Battalion, remained as the garrison of the captured position, under Col. Garband, againsted by Capt. Ridgely's battery. Two 12 pounders, one 4 pounder, and I however, were captured in this fort, three officers and some 20 or 30 men taken prisoners. One of the 12 pounders was served against the 2d fort and defences, with captured amunition, during the remainder of the day, by Capt. Rulgely. The storming parties of Gen. Capt. Rulgely. The storming parties of Gen. Worth's Division also captured two nine pounders.

which were also immediately turned against their former owners. On the morning of the 22d Gen. Worth continued his operations, and postume of his division stormed and carried successively the heights above the Bishop's Palace. Both were carried by a command under Capt. Vinton, 3d Artillery. In these operations the company of Lamssana froops under Capt. Blanchard performed efficient and gallant service as part of Capt, Vinton's command. Four pieces of artillery, with a good supply of ammunition, were captured in the Bishop's Palace this day, some of which were immediately turned upon the enemy's defences in the city. On the evening of the 22d, Col Garland and has command were relieved as the garrison of the captured forts by Gen. Quitman with the Mississippi and Tennesse Regiments, and five compames of the Kentucky Regiment.

Early on the morning of the 23d, Gen. Quit-man, from his position, discovered that the second and third forts and defences east of the city had been entirely abandoned by the enemy, who, apr prehending another assault on the night of the 22d, had retired from all his defences to the main
