AMONG THE ALLIANCES.

What the Organization is Doing Throughout the Country.

at Shenandoah, Va.

Mr. Burks, the Georgia State Sec retary, continues to send out charters. The Peninsula Farmer Federalsburg, Md., is the official organ of the Mary land State Alliance.

Fifty thousand dollars has been put into a State exchange in Georgia of colored Alliance men.

The National Farmers' League has only been started six months and has a membership of 40,000 in the State of New York alone.

The Georgia County and Sub-Alliances are all standing firmly against the use of jute bagging. Cotton bagging will be one substitute.

Now that the Alliance has decided to build their oil mill and guano fac tory here, says the Jackson Herald, of Jefferson, Ga., let us have the bank in operation by the time the mill is completed.

Tne Alliance and Farmers' warehouse at Camilla, Ga, is now open for business, with H. W. Spence as manager, under the supervision of Directors J. M. Keaton, D. B. Davis, G. W. Baggs and J. M. Wilson.

that an Alliance warehouse is to be opened at Pinehurst, in Dooly county. This, we think, gives Dooly several Alliance warehouses at convenient points, says the Atlanta Journal.

The Times Journal, of Eastman, Ga., says: At a meeting of the Alliance here on Tuesday last, they decided that they would again use cotton bas ging and made arrangements to hav a large lot of it ordered at once.

C. The place contains about 800 acres, 550 acres eight years, during which I tried various patent medicines and was treated by regular physicians, even specialists, I determined to give your Microbe Ki ler a trial. After two jugs had been taken an improvement in my health became perceptible, which steadily continued. Now I am taking my seventh jug. I am so far recovered as to entertain once more a hope which I had long lost—that of a complete and a radical cure.

HEALTH! HEALTH!

A NEW DISCOVERY.

Having been a great sufferer, from childhood, the result of protracted chills and indigestion, terminating in diseases of Liver, KIDNEY and URINARY ORGANS, and having tried many remedies known to the profession with only temporary relief. After much experimenting, I succeeded in discovering a combination of vegetable remedies, which combination has proven a enroly for diseases of all the internal organs superior to any known in a life of suffering and practice of fifty years. As by it I have been restored from what seemed to be increasible death to perfect heath, without any other medicine, for those diseases over three years part. It also erabled me to travel all the winter of 1888 and 1889, in the mountains, nu all kinds of weather, and eating any and ever thing set before me with impunity. It has a nee cured me of chills and prevented me taking "la grippe," and relieved those the late epi demic who tried it. It is also preving valua-

ble in many female diseases.
