### AMONG THE ALLIANCES.

What the Organization is Doing Throughout the Country. The Alliance is building a knitting

mill at Tallapoosa, Alabama. The Marion Free Lance says the Alliance store is in full blast in that

town. Col. L. L. Polk will attend the meeting of the Kansas State Alliance at Topeka on the 15th of October.

Michigan State Alliance was organ. ized at Lansing on the 17th of September. Bro. H. E. Cole was elected President.

Rocky Wall Alliance, Lexington county, S. C., has passed a resolution requiring its members to take and read at least one good agricultural paper.

We are sorry indeed that a man whom the people love as they do Governor Gordon, should be giving his aid to the politicians in persecuting the Alliance.—Southern Alliance Farmer.

A meeting of the Alliances of West Florida assembled at DeFuniak Springs, last Saturday for the purpose of establishing an exchange at Pensacola. It is to absorb the Escambia Exchange, and starts with a capital of \$50,000.

The Alliance has purchased machinery for a bagging factory in Americus. The Recorder says the Alliance is on a big boom in Sumter county, and in no county in Georgia is the Alliance accomplishing more good for the agricultural and other inter-

faith with the people. From every nook and corner we read of the great movement which is uniting the labor element all over the nation, and we predict that two years more will bring a revolution undreamed of at the present time. So strong has the movement become in some sections of the country that the two old parties are talking of coming together for the purpose of fighting the reform move ment. It will do no good, gentlemen. The "die is cast," and the people are going to rule this Republic in spite of partisan leaders and monopolies. Within the next four years many of the present partisan leaders will go into oblivion with their memory clothed with universal detestation by those whom they have betrayed and sold to monopoly. We have about reached the crisis; the battle between the people and the corporations is on, and will continue. It is a struggle between right and wrong, liberty and slavery,

20th, 1890.

CENTRAL OFFICE, Raleigh, N. C. Station and State Weather Service, co-operating with the United States Signal Service, show that the week ending Saturday, September 20, 1890, has been unfavorable for crops and farm work of all kinds. The first four days of the week continued to be very damp with frequent rains, and the injury done to cotton is considerable. Excessive warmth and moisin the bolls, while that which had allatter part of the week, Wednesday to Saturday, has been cooler and clear, and altogether more favorable, where it had been interrupted. In the State a light frost in low places and hail storm on the 16th injured crops to some extent.

Not ce is hereby given that the Board have ordered an entire new registration of all the voters of Wake county for 1890. J. P. H. Adams, Register Deeds, Ex-officio Clerk.

Heating Dear sir.—I believe your Microbe Killer a certain ture for rheumatism. Up to a year ago I was down a great part of my time with rheumatism. I began taking your remedy, and and after taking two gallons have never been troubled with it since a few doses it entirely disappeared. I have offered in several cases to pay for the Microbe Killer provided it failed to cure rheumatism, but have beyer had to pay as yet, as it invariably did the respectfully.

THE BATTLE IS ON. Step by step the labor movement is making headway against party rings and bossism, and we see many of the old partisan leaders relegated to the rear. An avalanche of condemnation is coming upon those who have broken and money and flesh and blood .-

## HEALTH! HEALTH!

A NEW DISCOVERY.

### Great Southern Remedy.

Having been a great sufferer, from child-hood, the result of protracted chills and indicars in the South, convenient to schools, churches, and stores, shaded, mountain views. Population in 1880, four thousand (4,000); in 1890, twelve thousand (12,000).

A million and three quarters of outside money invested in Winston-Salem in 1890. Three hundred and twenty-six thousand dollars put into factories and home buildings in 1890, to September. Three railroads building into country tributary to hood, the result of protracted chills and indigestion, terminating in diseases of Liver, Kidney and Urinary Organs, and having tried many remedies known to the profession with only temporary relief. After much experimenting, I succeeded in discovering a combination of vegetable remedies, which combination has proven a semedy for diseases of all the internal organs superior to any known in a life of suffering and practice of fifty years. As by it I have been restored from what seemed to be inevitable death to perfect hea th, without any other medicine, for those diseases over three years past. It also erabled me to travel all the winter of 1888 and 1889, in the mountains, in all kinds of weather, and eating any and everything set of weather, and eating any and ever thing set before me with impunity. It has since cured This is the best time to buy. Maps, prices and terms given on application to me of chills and prevented my taking "la grippe," and relieved those of the late epidemic who tried it. It is also proving valuable in many temale diseases.

For further particulars, apply to druggist, or Dr. Jno. F. Foard, Prop'r, Olin, N. C. P. S.—Having reduced the price from \$1 to 50 cts. a pint, it is now the cheapest remedy of the kind in America.

## AMERICAN BOOK COMPANY.

THE AMERICAN BOOK COMPANY is an incorporated stock company, whose sole and exclusive business is the manufacture of School and College Text Books, Maps and Charts. The principal places of business are in New York York, Cincipnati and Chicago,

The American Book Company takes great pleasure 'n announcing to school officers, teachers and the general public that it has taken steps toward a reduction in the cost of school books to purchasers: First-The wholesale prices formerly published by the American Book Company and its predecessors from this date will be the mailing prices of its books.

Second-The company proposes to make such discounts from its published prices as will enable dealers to sell books at these mailing prices. Third-The company will send any book on its list to any address in the United States, free of charge for postage or express, on receipt of its published price, thus placing in the hands of the con-

sumer even in the remotest and smallest village in the country, an effective safeguard against extravagant charges and profils on the part of local dealers or transportation companies. Fourth-The company will contract directly with Boards of Education in any part of the country to supply text-books for a term of years at net contract prices, and give guarantee that if at any future time the company's prices shall be reduced, a corresponding reduction shall be made in all existing con-

The American Book Company will employ its combined capital, labor and experience to sustain the high reputation of the books now on its list and to produce new ones of the highest quality at the least cost, and it will offer all its publications at the lowest price at which similar publications can be bought
