DAVID. SPEAK OUT LOUD,

Senator Stewast Writes a Letter to New York's New Senater, An Intimation That the Ex-Gevernor Has Fallen Into a Trap Set by the Gold Trust.

WASHINGTON, D. C., Jan 1. '92 Senator Stewart has addressed the following letter to Senator Hill with regard to the latter's recent speech at Elmira:

MON. DAVID B. HILL:

My Dear Sir: If you are in favor of free bimetallic coinage on the ratio now established by law why do you take pains to repudiate Nevada? Nevada is and always has been, since silver was demonetized, in favor of restoring the white metal to the place it occupied as money previous to the passage of the from that State has ever advocated, in either house of Congress any other doctrine.

In your Elmira speech you advocated free bimetallic coinage. In your Al bany speech on New Year's eve you advocated the repeal of the act of 1890. which gives the people more money. by the difference between silver certifi cates issued on the coinage of \$24,000. 600 worth of silver per annum and the amount of treasury notes issued in the purchase of 54,000,000 ounces of silver bullion each year. You also propose to deny to the farmers and planters the benefit of the enhanced price of silver, in which the value of their prod-

Your Elmira speech, stripped of the suggestion of the employment of the cuttle fish policy to deceive the people. would have met with the unbounded gratitude and admiration of the producers of wealth in the United States. I was so much impressed with your utterances in favor of free bi metallic coinage that I prepared a letter of congratulation to you, but refrained from sending it on account of the concluding portion of that speech, wherein you suggested the possibility of obtaining a partisan advantage by non action during the present session of Congress, because the President and a majority of the Senate were Republicans and might share in the popularity sure to follow in the free comage of silver. I did not at the time suppose that you were play ing a part in harmony with the gold trust and in concert with the movement inaugurated by the chamber of commerce of New York to repeal the

act of 1892. Mr. Hul, have you discovered that that act must inevitably lead to bi me tallic coinage to prevent the deprecia tion f silver? Do you know that there are nearly \$500,000,000 of silver coin in the United States, including bullion awaiting coinage, and that no means is | Highest Prices-Lowest Charges. Authorprovided by law for the redemption of the treasury notes issued under the act of 1890, except the gold and silver coin received for duties and taxes, and the silver coin produced from the bullion under that act? Has the gold trust ascertained that there is no possibility, under existing law, of accumulating sufficient gold to pay the national debt and redeem the outstanding greenbacks and legal tender treasury notes issued for the purchase of silver without a very large use of silver coin for such sent to pay their high charges. We give highest you do not understand the situation, the gold contractionists do. In order to brevent the passage of a free coinage act they propose the repeal of the law

of 1890. Ham sorry, if you are really in favor of free bi metallic coinage, as declared in your Elmira speech, that you have fallen into the trap set by the gold trust, and are now willing to aid them in their efforts to confine the real money of the world to gold alone. If the Demogracy of South and West adopt your policy and make a retrograde movement at the present session of Congress, the people will place very little confidence in promises to restore free coinage when your party shall have obtained control of every department of the government, Those who are for free bi metallic coinage on the ratio established by law, are for it now and at all times. Those who are against it advise the people that they must wait for a more favorable opportunity.

Let me assure you, my dear sir, that the restoration of silver to its place as money has been delayed for more than fifteen years by excuses, many of the Gin, and Nance power Cotton Press. which were more plausible than those L. R. WYAT you present, and that the people have

come to the conclusion that per ons who are good in making excuses are worthless advocates of free coinage.

AN APPEAL.

Mr. EDITOR:-At a regular meeting of Lone Star Alliance, No. 990, held on Saturday, the 6th day of February, 1892, a committee was appointed to draw up an appeal to raise funds to pay the loss of Bro. R. W. Fleetwood, who lost his dwelling house and cook room, by fire, on the first Monday of last month. His loss is estimated at \$300, and has received from his neighbors and brethren of this Order \$110 70 which leaves the amount we ask for \$189 30. Bro. Fleetwood is a member in good standing of this Alliance. He has a wife and three children, and his mint act of 1873. No representative loss is greatly felt by him. We hope each Secretary and President of the-e Sub Alliances will present this appeal to their Alliance, and contribute a small amount to his relief. Any amount will be thankfully received by him and this Alliance. All contributions may be sent to our Secretary, J M. Grant, Jackson P. O., Northampton county, N. C.

J. M. GRANT, J. H. WOOD. E. A. VAUGHAN, Committee.
