## THE PROGRESSIVE FARMER : COTOBER 1, 1895.

## STATE ALLIANCE BUSINESS AGENCY.

Concucted by T. Ivey, S. B. A.

has advanced slightly from last week's price, standard granulated being 41c. now, new York basis Freight to points in North Carolina about 30c per 100 lbs Sold in 100 lb bags or barrels at same price. It ships very nicely in bags, being double sacked. A white cotton sack is used first to hold the sugar, then a strong tow sack is used

ly, including nails, clevises, tobacco flues, pitch forks, shovels, bolts, farm bells, fencing wire and other articles.

Shipping fruits, vegetables and pro dute to Northern markets does not ap pear to suit the brethren, if we are to judge from the amount of their patron-Tney have scarcely shipped age. enough to get our plan fully understood by our agents and the transporting companies. In a few instances, at first, there was some delay, but not more than we expected. Some grap s. ten packages, lay in the express office at Pittsburg 48 hours before being delivered, and a small lot, three barrels, of Irish potatoes shipped to New York,

sold by railroad. These are the only miscarriages or delays of which the Agency is aware. So few are the shipments now that transporting companies are likely to overlook directions for delivering, and rather than have a few injured or dissatisfied brethren, we conclude it is better to discontinue the plan altogether. Accordingly, we have withdrawn from our list all market re ports except Raleigh, which we quote

will have our persanal attention, but you know R sleigh is a small place and its market can easily be glutted.
