A KNIFE that is sharp today and dull tomorrow is likely to have more dull days than keen ones. The quality that goes into Keen Kutter pocket knife blades makes them hold their edges without frequent recourse to the sharpening stone. They are the kind of knives that it is a pleasure to own and use. Uniform quality, but many styles. Prices vary only according to handles and number of blades.

Makes One Man's Work Equal to Five

THE  makes your effort equal to five men with mules. With a man to help you, you'll turn the acreage that would tax a dozen men to equal—by the old fashioned methods. The  turns deep, even furrows. It prepares a rich fertile seed bed that will grow bumper crops. It does your plowing when the ground is right and finishes the job on time no matter how bad the season. When the heat is killing horses and mules the  goes steadily ahead turning its regular acreage.

Uniform Plowing Brings Big Crops

You can do all the plowing for your tenants. Make the plowing uniform depth—get all the crop profits that your land will produce. The Oil Pull will not only do better work but cheaper. With hay at prohibitive prices and kerosene at only 5 to 7 cents a gallon you can't afford to delay power plowing any longer. Just as efficient on harrowing, seeding, harvesting, hauling, road grading—on threshing and all belt work. Write for catalog today. Address
