

Up-to-Date Farm Machinery.

Save Hours and Dollars Feeding Smalley-Cut Silage

"POWERFUL SMALLEY" Ensilage Cutters are coming oash for 8-10 of the ensilage cutter owners in America. For 8 out of 10 cutters at work on the Nation's farms are "POWERFUL SMALLEYS." Many of these are the old-fashioned slat-apron type of cutter, manufactured by us for 53 years. These are all giving excellent service for this type of machine.

But the Slat-Apron Cutter Had to Go!

The last two years, since we discarded the old-fashioned slat-apron type of cutter for the new labor-saving invention which has proven such a boon to our farmer friends, our business has practically doubled. This proves the new invention's popularity. No other cutter has the force-feed chain grip-hooks.

"POWERFUL SMALLEY" Force-Feed Ensilage Cutter—"Enormous Appetite"

Gigantic Saving to Silo Owners

This force-feed machine, because it does faster work and cuts the silage so perfectly, saves its owners piles of good, hard dollars. The silo is now filled in almost half the time taken by the slower, slat-apron machine.

Special Chain-Drive, Low-Speed Blower shoots silage to the top of highest silo. Spacious 10-inch blower pipe.

Perfect Cutting Arrangement of Knives produces silage that is eaten to the last scrap. No waste.

25% heavier and stronger. Specially strengthened where most needed. 10% steel in all parts. Lifetime of service.

Hard-Oil Cups give perfect and automatic lubrication where most needed. This prolongs life of machine.

Free Book on Silage

and catalog combined. Tells amazing story of silage profits. Tells valuable secrets—all about the great time and labor saving "POWERFUL SMALLEY." One book free to one address. Write today to be sure you get one of these valuable books.

THE PROGRESSIVE FARMER

Offices: Birmingham, Ala., Raleigh, N. C., and Memphis, Tenn.

COMMUNICATIONS REGARDING ADVERTISING OR SUBSCRIPTIONS MAY BE ADDRESSED TO EITHER OFFICE. ENTERED AS SECOND-CLASS MATTER AT THE POSTOFFICE AT BIRMINGHAM, ALA., UNDER THE ACT OF CONGRESS OF MARCH, 3, 1879.

Each Advertiser's Reliability Guaranteed.

WE will positively make good the loss sustained by any subscriber as a result of fraudulent misrepresentations made in The Progressive Farmer on the part of any advertiser who proves to be a deliberate swindler. This does not mean that we will try to adjust trifling disputes between reliable business houses and their patrons, but in any case of actually fraudulent dealings, we will make good to the subscriber as we have just indicated. The conditions of this guarantee are, that the claim for loss shall be reported to us within one month after the advertisement appears in our paper and after the transaction complained of, that our liability shall not exceed \$1,000 on any one advertiser, and that the subscriber must say when writing each advertiser: "I am writing you as an advertiser in The Progressive Farmer which guarantees the reliability of all advertising it carries."

Average Weekly Circulation 154,192 Combined Editions

SUBSCRIPTION RATES:

One year, \$1.00; six months, 55 cents; three months, 30 cents. To induce new subscribers, one new subscriber and one old subscriber may both get the paper for one year for \$1.50.

10 Weeks Trial, 10 cents.

To new subscribers only. The Progressive Farmer will be sent ten weeks on trial for ten cents. Sample copy free. Tell your friends who need it but do not read it.

Next Week "Taking Care of Little Children," the Great New Work Now Being Done in England; "Clarendon Davis and His Work," a Little Journey to the Home of a Successful Farmer; "The Race Problem at Home and Abroad," by Booker T. Washington; "Tenants and Landlords," a Symposium; Planning the Grounds of a New Home, the second of Mr. Niven's Articles; "Practical Information About Oats," the First of Four Articles by Dr. Butler; "You Can Go to College," a Talk to Boys.

OUR NEXT SPECIAL.

Our next Special, September 21, will, like this one, be a little out of the usual order. It will be a "Neighborhood Betterment Special" and for it we want letters of actual experience telling what country folks have done, working together, to make their home communities better places in which to live. We do not care what line of work was done or attempted, if it was a neighborhood effort and had for its object the improvement of the neighborhood, we wish to hear about it. But please don't send us essays or sermons. We can write all that sort of stuff we need. Letters should be in our hands by September 10 at the latest. Five dollars for the best one, \$2.50 for the second, regular space rates for all others used. Make them short and pointed and send them early.

THOMAS Phosphate The Genuine Key-Tree Brand

AS A SOURCE OF PHOSPHORIC ACID

UNDER WHEAT

INSURES AN EARLY, EVEN AND SPLENDIDLY VIGOROUS CROP OF WAVING GRAIN.

Why?

Because Key-Tree Thomas Phosphate contains 17 to 19 per cent highly available Phosphoric Acid. Because its Phosphoric Acid is in the alkaline or soil-sweetening state. Because it cannot be washed away by winter rains. Because it does not revert to insoluble forms.

The Magnesia and large percentage of Lime in Thomas Phosphate renovate the soil—unlocking imprisoned plant-food elements. Its Iron produces a vigorous, healthy growth. Thomas Phosphate is a crop producer PLUS a soil builder up. In buying Thomas Phosphate, insist on the genuine—the Key-Tree Brand. And buy enough for the succeeding crop of clover. It insures a good catch and luxuriant stand.
