

\$1.00 per garment and more than twice that sum for a union suit of underwear, can scarcely believe their eyes when they examine Hanes

Underwear for the first time.

"Hanes" is only 50c a garment or \$1.00 per Union Suit, but "Hanes" is equal in every respect to underwear that costs twice the money. Examine "Hanes" at your dealer's and you'll surely get an eye-opener on high quality and low price.

50c Garment

\$1.00 per **Union Suit**

UNDERWEAR

"Hanes" has an elastic collarette which fits the neck snugly and cannot gape or leave the neck open. The improved firmly knit cuffs on the shirt hug the wrist and cannot flare out. The shoulders are reinforced with a narrow strip of cloth running across the wale that prevents stretching or dropping down. The staunch waistband-strongly stitched and thoroughly well-finished, shows the extra fine workmanship put into all parts of the garment.

If we weren't in the heart of cotton land, bought direct from the growers and specialized on one grade of underwear, "Hanes" would surely cost you \$1.00 per garment instead of 50c. Buy two or three suits of this extraordinarily low-priced, high-quality underwear for the coming winter and save 50c on the dollar.

> If you can't find the "Hanes" dealer in your town, be sure and write us.

OUR YOUNG PEOPLE.

SOME CHRISTMAS GIFTS YOU CAN MAKE.

Articles the Girl at Home Can Prepare at Small Expense and Without Much Trouble.

might make during your spare moments in the afternoon, or during the long winter evenings when you have finished your lessons?

First, here is a ribbon case to hold the narrow ribbon you girls use in your lingerie. It requires a half-yard of ribbon five inches

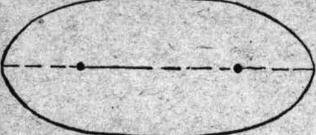

Ribbon Case.

wide, two brass rings half inch in diameter, one yard of baby ribbon, and a few needles full of crochet silk in color to match ribbon. Cover rings with silk, using needle or crochet needle. Hem or overcast ends of five-inch ribbon; gather sides and sew to rings about three-quarters of the way around, leaving space at the top of rings. Use baby ribbon for hanging up the case. Two kinds of narrow ribbon can be put in case with side of the spool case.

To Make a Spool Holder.

Cut four ellipses of thin cardboard with one diameter five inches, one two inches. Cover with any pretty

Pattern for Spool Case.

scraps of silk. Before covering, work eyelet holes in the pieces on the long diameter 11/2 inches from each end. Cover each cardboard, whipping two together, then the other two together. Punch holes in cardboard, running punch thru eyelets. Place two

Spool Case.

spools either of crochet cotton, darning cotton or spool thread on one ellipse place other ellipse over spools. Run baby ribbon down one spool, across bottom, up other spool and tie on top. Thus you have a most attractive spool holder. A needle book fastened on top between the holes aids in the usefulness of the object.

Blotters.

or printers, you can make a num- wrong sides of the mats. ber of attractive blotters. One of

DEAR Mary: Didn't I prom- board cover of the same size, tied toise to tell you this month of gether with blue or white ribbon, is some Christmas presents you decorated with two Dutch figures in outline (you can transfer outline from advertisement or postcard.) These words are printed beside the Dutch figures:

"It just beats the Dutch, how I love you so mu(t)ca!" The letters and figures are done in Chinese white paint, a half pan of which, costing ten cents, will last for a long time, and letter numberless Christmas things.

Pin Case For Travellers.

A scrap of linen 3x14 inches; or 3x18 inches with canton flannel, outing, or elderdown of the same size, makes a very nice pin case to be used in travelling. Baste the two together, tie wrong sides being

against each other. Bind one end with some pretty shade of narrow ribbon, then turn this bound end over the other three inches, bind all around the whole case with narrow ribbon, and sew some ribbon to the outside so when the case is rolled up it can be tied. Pins put in this and small articles of jewelry put in the pocket, will not be scratched.

Table Mats.

If you can get your father or brother to make you a square frame 8x8 inches, and one inch thick, with groove running around in middle of all four one inch sides, and 13 notches half inch apart on four eightends run thru rings to the out- inch sides, you can make two mats at once of No. 1 spool cotton. Twelve strands of thread are wound

in each notch around frame, filling up one notch and going to next by crossing threads. Then the other sides are wound in the same way.

When notches are filled with thread, each cross place is tied by making a knot with thread run through a hook made of whalebone, (illustration of). This bone is bent while warming it, and the end opposite the eye is

pointed by cutting with a pair of scissors. When all cross places are tied twice, scissors are run thru groove around sides, cutting mats apart on all four sides. Thus you From one ten-cent sheet of blot- have made two mats at once. The ting paper bought at any book store sides you have worked on are the

Bags and aprons are always actwo pieces of Delft blue blotting pa- ceptable at Christmas, and you can per 7x10 inches with brown card- make them of almost any material
