

**Now Selling at
FACTORY Prices**

FREIGHT PREPAID

This is a special 30-day sale of 10,000 sheets of Edwards Steel Shingles. Our direct-from-factory prices are surprisingly low. And we now pay all the freight. Here is a great bargain—an opportunity to buy the most durable, fireproof roof for much LESS than the commonplace kind.

Edwards STEEL Shingles

outwear FOUR ordinary shingle roofs, are ten times easier to put on, and yet, THEY ACTUALLY COST LESS THAN WOODEN SHINGLES. They cost LESS, mind you.

Do not judge Edwards Steel Shingles by common galvanized iron roofing—the kind that rusts. We have invented a method that absolutely prevents rust from ever getting a foothold, as 100,000 delighted owners of Edwards Roofs have found out. It's the famous Edwards Light-Weight Process applied to genuine Open Hearth Steel.

STEEL Shingles Easily Put On

You don't have to nail these steel shingles, like wood shingles, ONE AT A TIME. Put on as high as 100 sheets at once, for they come in big sheets ready to nail on sheathing or old roof. Much easier than putting on wood shingles. No extra materials to buy, no painting to do, no tools to borrow. Your hired man can do the job.

No Danger of Fire

No, Sir, you don't ever hear of any building burning up if it is roofed with Edwards STEEL Shingles. It's the man who roofs with wooden shingles or composition paper who loses by fire his house or barn.

Why risk life and valuable property when you can make your buildings practically fireproof simply by roofing with Edwards STEEL Shingles? Every Edwards roof is guaranteed against lightning by a \$10,000 bond.

WRITE! Send postal at once for our latest Roofing Book No. 274 and Special Factory Prices. Give size of roof, if you can. (84)

Each Advertiser's Reliability Guaranteed.

WE will positively make good the loss sustained by any subscriber as a result of fraudulent misrepresentations made in The Progressive Farmer on the part of any advertiser who proves to be a deliberate swindler. This does not mean that we will try to adjust trifling disputes between reliable business houses and their patrons, but in any case of actually fraudulent dealings, we will make good to the subscriber as we have just indicated. The conditions of this guarantee are, that the claim for loss shall be reported to us within one month after the advertisement appears in our paper and after the transaction complained of, that our liability shall cover only the purchase price of the article in question, nor aggregate over \$1,000 on any one advertiser, and that the subscriber must say when writing each advertiser: "I am writing you as an advertiser in The Progressive Farmer which guarantees the reliability of all advertising it carries."

**NEXT WEEK—THE TRACTOR ON THE FARM;
LONG-STAPLE COTTON; MARKETING PROBLEMS.**

**CO-OPERATE WITH YOUR LOCAL
MERCHANT.**

One of the first things to do in order to get more and better implements and machinery in the South is to start genuine co-operation with your local merchant or implement dealer. Many a merchant would like to carry a larger line of modern, up-to-date farm tools and machinery, but doesn't realize that farmers are ready for them, or else he has been too busy with other matters to inform himself about these great labor-savers, money savers, and efficiency promoters. And on the other hand, thousands of farmers have realized the need of better implements but have been content to take whatever the merchant carried in stock or else have only ordered an occasional implement for themselves from some distant manufacturer.

All this has hindered progress. This is a matter in which there should be constant and effectual co-operation between farmer and merchant. Mr. Farmer, see your merchant and talk the matter over with him. Take him this copy of The Progressive Farmer and ask him to read it. Take him the catalogs from advertisers, and ask him to handle the reliable lines The Progressive Farmer advertises. Show him Prof. Newman's article as an illustration of how better implements will help farmers, and how as a result they will have more profit-money to spend in helping him and everybody else in the community.

And then when your merchant puts in any line of improved implements or machinery, talk them up. Tell your neighbor about them and urge their value upon him. Here indeed is one of the finest fields for co-operation with your merchant. Try it.
